**BEFORE THE BOARD OF EDUCATION OF
FRESNO UNIFIED SCHOOL DISTRICT OF
FRESNO COUNTY, CALIFORNIA**

**In the Matter of Endorsing Inclusive Education)
Practices for Every Student in)
Fresno Unified School District)**

Resolution 21-15

WHEREAS, it is a primary goal of the Fresno Unified School District (FUSD) to create schools with a core ideal of inclusion for all students and their diversity of needs existing in our region, On this date, we endeavor to focus on inclusion of students with disabilities, as students with disabilities also demonstrate diversities in ethnicity, language, nationality, religion, race, socioeconomic status, parental status, or immigration status, gender, and gender expression.

WHEREAS, our school district believes celebrating the diversity of our community makes everyone better, each infant, child and young adult in our school communities has gifts, talents, strengths, and capacities that are waiting to be uncovered for their future and the future of the larger community in our valley.

THEREFORE, BE IT RESOLVED that the FUSD Board of Education hereby endorses the following inclusive school hallmark practices for every student:

- Students are, first and foremost, general education students, welcomed in their neighborhood school to the greatest extent possible.
- Families and students will be embraced as part of the Individualized Education Program Team in the decision of the appropriate placement for the education of the student.
- All students will have the opportunity to participate with same-age typical peers with the support available for expected success to the greatest extent possible.
- Students receiving services will have the opportunity to attend classes that reflect their strengths and interests. Accommodations and support are provided as stated in their Individualized Educational Plan and will be directed by the Individualized Education Program Team.
- School programs, including extracurricular activities and interventions, shall include all students with appropriate accommodations and supports in place to the greatest extent possible.

- We will hold high expectations with challenging objectives for growth and development for each student in all areas including academic, behavior, physical, health, hearing/vision, adaptive, communication, social, technology, and career development.
- Students will receive scaffolded instruction within a Multi-Tiered System of Support in general education with a framework of Universal Design for Learning, project based learning, and other related services as determined by the Individual Education Program Team.
- We will provide opportunity to have access to maximal time in a general education setting, not limited to lunch and recess, but rather meaningful educational and social experiences.
- We honor the requirement that students shall be served in the least restrictive environment, acknowledging each student as an individual with specific needs for the optimal learning opportunity.
- Students will be supported by staff that exhibit a growth mindset that presumes ability for each student while offering a positive and inclusive climate and culture.
- School staff will make every effort to use language that describes the person first, without reference to a disability (“people first language”), when referring to students, families, and programs for individuals who have special needs. Students will not be identified as Special Education students, but rather as students receiving support services from Special Education.
- We hold high expectations for all staff, and we are committed to providing the support needed to assist all staff in upholding these high expectations from professional development, coaching, co-teaching, family training, and additional training opportunities for students under various programs.
- Families are recognized as a valuable member of the team and are the primary voice for students, until students can self-advocate, with a circle of support identified by the student. Communication, education, and collaboration with families is a hallmark for student success.

HEAR Report from Superintendent

- Thanked the Board of Trustees for another positive evaluation this year. It is not an easy time to be a leader, as they know themselves, but it continues to be the greatest honor of my career to serve our Fresno Unified Family. To lead effectively, we must simultaneously keep an eye on the bigger vision AND be able to pivot and respond to the urgent needs of our district daily. I'm proud that in the last 3 years the SBAC was administered prior to the pandemic, Fresno Unified increased the percentage of students Meeting/Exceeding Standards in Literacy by about 7% and by almost 8% in Mathematics. Respectively, this accounts for progress which was 3.5 times greater and 2.7 times greater than the State of California's change over the same period. I'm also simultaneously aware of and addressing the urgent need of the pandemic's effects on our student's achievement and progress, as well as the impacts on our staff and teachers. Our work is incredibly important and impactful, and I'm grateful to continue to have the opportunity to serve moving forward.

- Shared, we continue to drive toward solutions to protect teacher prep time while not reducing instructional minutes for students, disrupting schedules for families, or shifting additional burdens to site leaders or classified staff. In doing so, we are continuing to increase our substitute pool and their activity. Just yesterday, in collaboration with our labor partners at Fresno Area Substitute Teachers Associations (FASTA), we agreed to provide an additional \$200 stipend for substitute teachers when they work 20 full, consecutive school days as assigned by the district. That is an opportunity for our substitutes to make an additional \$1,260 dollars this school year. We also agreed to offer an additional \$100 shortage stipend for all substitutes who take a full-day, district assignment on Friday, November 12, 2021. With Friday falling after the Veteran’s Day holiday on Thursday, we are anticipating a large number of vacancies and want to be as prepared as possible to support our schools. Thank you to our Human Resources team and our partners at FASTA for making this happen.
- Shared, next week, the week of November 8 - 12, is National School Psychology Week. As a district we’ve consistently increased our social emotional supports year after year, and we couldn’t do without our School Psychologists! So, I’d like to publicly celebrate, recognize, and honor our Fresno Unified school psychologists and their contribution to students and to our entire Fresno Unified family!
- Shared, Fresno Unified is also proud to celebrate November as National Native American Heritage Month. Our curriculum and instruction team always spend time creating potential lessons and celebrations for teachers to utilize in their classrooms this month and I encourage all of us to take some time to celebrate the accomplishments and contributions of our Native American community as the first inhabitants of this land.
- Announced to parents and students – next week is our Virtual Choose Your Future week! This week includes our School Choice Expo, CTE Ticket to the Future, and Student Showcase – all virtually! We will offer five days of virtual exploration from November 8 - 12 to help students of all ages and their families learn about our district’s magnet and specialized programs. This is an important time for students and families as they prepare for the December 1 deadline for school transfer applications. Our eighth graders will spend time with their teachers virtually exploring the options available to them as they prepare to move on to high school. Students will learn about specialty high schools and career technical education pathways, and explore campus culture, activities and sports options with students from their regional high school. Choose your Future Week also includes the virtual version of the district’s annual School Choice Expo. Using the online format, the district will host nightly live presentations, and families can visit virtual exhibitor booths any time during the week from among nearly 30 magnet and specialized schools. Head to www.fresnounified.org/schoolchoice2021 to register and make sure you get your transfer applications in by December 1, 2021!
- Shared, highlight of Yosemite Middle School’s Dual Immersion Program! This is one of the many choices available to students and families as you determine what opportunities are best suited for your individual child.
- Congratulated the whole Yosemite Team and all of our staff who make our School Choice options so expansive and accessible for our students and families.

b. The Contractor shall pay and satisfy any judgment, award or decree that may be rendered against any of the Indemnitees, in any such suit, action or other legal proceeding. The Contractor shall reimburse Indemnitees, and each of them, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided.

Self-insured retentions must be declared to and approved by District. The District may require "Contractor" to provide proof of ability to pay losses and related investigations, claims administration and defense expenses within the retention. The policy shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District.

The District shall be named as an additional insured on the policies by separate endorsement. A Certificate of Insurance and endorsements shall be attached to the Agreement as proof of insurance. The "Contractor" policy shall provide that it is primary such that insurance maintained by the District, if any, shall be excess and not co-primary. "Contractor" shall produce the policy for District, upon request.

Master Services Agreement

THIS MASTER SERVICES AGREEMENT ("Agreement"), effective as of January 12, 2022 ("Effective Date"), is between **Fresno Unified School District**, with offices at 2309 Tulare Street, Fresno, California 93721 ("Client"), and **Crowe LLP**, an Indiana limited liability partnership with offices at One Mid America Plaza, Suite 700, Oakbrook Terrace, Illinois 60181 ("Crowe").

WHEREAS, Client desires to retain Crowe to provide certain Services, as will be further delineated in the Statements of Work ("SOWs") attached to this Agreement in accordance with the terms and conditions of this Agreement; and

WHEREAS, Crowe desires to perform such Services in accordance with the terms and conditions of this Agreement;

THEREFORE, in consideration of the foregoing premises and the mutual promises and agreements set forth herein, and other good and valuable consideration, the receipt and sufficiency of which the parties acknowledge, the parties to this Agreement mutually agree as set forth below.

- 1. Applicability of Terms.** These terms apply to all services described in the Agreement as well as all other services provided to Client (collectively, the "Services"), unless and until a separate written agreement is executed by the parties for separate services. Any advice provided by Crowe is not intended to be, and is not, investment advice. Services means various the professional services identified in any SOW to be performed by Crowe as set out in any Statement of Work. "Deliverables" means any work product to be delivered by Crowe to Client, including without limitation any reports. Each SOW will be a part of and is incorporated in this Agreement once executed by each party. Each SOW will identify a senior representative of Client's management responsible for determining the scope of the Services and will be responsible for reviewing, supervising, and approving Crowe's performance of Services ("Client Representative"); specific Services to be performed by Crowe; a schedule for completion of the Services; the fees and expenses to be paid by Client (e.g., hourly rate or fixed fee); and a list of the Deliverables, if any. Either party may elect not to accept an SOW. Any process for testing or acceptance of Deliverables will be set forth in the applicable SOW. Client hereby engages Crowe as an independent contractor to provide Services on a project-by-project basis to be set forth in executed Statements of Work. Only SOWs executed by the parties will be effective, and each SOW is a separate engagement. The parties agree that no third-party or organization is intended to rely on any Services rendered or Deliverables provided under this Agreement. Crowe will supply Client with the Services as described in an SOW. If there is any inconsistency between a term in an SOW and this Agreement, the term in the SOW will control, except that the terms and provisions of the Sections titled Disclaimer of Warranties, Liability, and Third-Party Indemnification will control over any inconsistent terms in an SOW and nothing in an SOW will be deemed to change or supersede the terms and provisions these Sections. Further, nothing in any SOW will be construed as modifying the responsibilities set forth in the Sections titled Crowe's Responsibilities or Client's Responsibilities unless such Section is specifically identified in the SOW. Any changes that affect the Services set forth in an SOW will be documented and agreed upon in writing by the parties. Because a change could affect the cost, schedule or other terms of an SOW, the parties must approve each change in writing before implementing the change. While a change is being reviewed and until the parties approve the change in writing, the parties will continue to proceed in accordance with the SOW then in effect. If Client requests that Crowe re-examine work previously performed, such re-examination will be Services separate from the previous SOW and will be performed under a separate SOW.
- 2. Client's Assistance.** For Crowe to provide Services effectively and efficiently, Client agrees to timely provide Crowe information requested and to make available to Crowe any personnel, systems, premises, records, or other information as reasonably requested to perform the Services. Access to personnel and information are key elements for Crowe's successful completion of Services and setting of fees. If for any reason this does not occur, a revised fee to reflect additional time or resources required by Crowe will be mutually agreed. Client agrees Crowe will have no responsibility for any delays related to a delay in providing such information to Crowe. Such information will be accurate and complete, and Client will inform Crowe of all significant tax, accounting and financial reporting matters of which Client is aware.

3. **Professional Standards.** As a regulated professional services firm, Crowe must follow professional standards when applicable, including the Code of Professional Conduct of the American Institute of Certified Public Accountants ("AICPA"). Thus, if circumstances arise that, in Crowe's professional judgment, prevent it from completing the engagement, Crowe retains the right to take any course of action permitted by professional standards, including declining to express an opinion or issue other work product or terminating the engagement.
4. **Reports.** Any information, advice, recommendations or other content of any memoranda, reports, presentations, or other communications Crowe provides under this Agreement ("Reports"), other than Client's original information, are for Client's internal use only, consistent with the purpose of the Services. Client will not rely on any draft Report. Unless required by an audit or other attestation professional standard, Crowe will not be required to update any final Report for circumstances of which we become aware or events occurring after delivery.
5. **Confidentiality.** Except as otherwise permitted by this Agreement or as agreed in writing, neither Crowe nor Client may disclose to third parties the contents of this Agreement or any information provided by or on behalf of the other that ought reasonably to be treated as confidential and/or proprietary. Client use of any Crowe work product will be limited to its stated purpose and to Client business use only. However, Client and Crowe each agree that either party may disclose such information to the extent that it: (i) is or becomes public other than through a breach of this Agreement, (ii) is subsequently received by the recipient from a third party who, to the recipient's knowledge, owes no obligation of confidentiality to the disclosing party with respect to that information, (iii) was known to the recipient at the time of disclosure or is thereafter created independently, (iv) is disclosed as necessary to enforce the recipient's rights under this Agreement, or (v) must be disclosed under applicable law, regulations, legal process or professional standards.
6. **Third Party Provider.** Crowe may use a third-party provider in providing Services to Client, which may require Crowe to share Client confidential information with the provider. If Crowe uses a third-party provider, Crowe will enter into a confidentiality agreement with the provider to require the provider to protect the confidentiality of Client's confidential information, and Crowe will be responsible to Client for maintaining its confidentiality.
7. **Client-Required Cloud Usage.** If Client requests that Crowe access files, documents or other information in a cloud-based or web-accessed hosting service or other third-party system accessed via the internet, including, without limitation iCloud, Dropbox, Google Docs, Google Drive, a data room hosted by a third-party, or a similar service or website (collectively, "Cloud Storage"), Client will confirm with any third-parties assisting with or hosting the Cloud Storage that either such third-party or Client (and not Crowe) is responsible for complying with all applicable laws relating to the Cloud Storage and any information contained in the Cloud Storage, providing Crowe access to the information in the Cloud Storage, and protecting the information in the Cloud Storage from any unauthorized access, including without limitation unauthorized access to the information when in transit to or from the Cloud Storage. Client represents that it has authority to provide Crowe access to information in the Cloud Storage and that providing Crowe with such access complies with all applicable laws, regulations, and duties owed to third-parties.
8. **Data Protection.** If Crowe holds or uses Client information that can be linked to specific individuals who are Client's customers ("Personal Data"), Crowe will treat it as confidential as described above and comply with applicable US state and federal law and professional regulations in disclosing or using such information to carry out the Services. Crowe has implemented and will maintain physical, electronic and procedural safeguards reasonably designed to (i) protect the security, confidentiality and integrity of the Personal Data, (ii) prevent unauthorized access to or use of the Personal Data, and (iii) provide proper disposal of the Personal Data (collectively, the "Safeguards"). Client warrants that it has the authority to provide the Personal Data to Crowe in connection with the Services and that Client has processed the Personal Data provided to Crowe in accordance with applicable law. To provide the Services, Client may also need to provide Crowe with access to Personal Data consisting of protected health information, financial account numbers, Social Security or other government-issued identification numbers, or other data that, if disclosed without authorization, would trigger notification requirements under applicable law ("Restricted Personal Data"). In the event Client provides Crowe access to Restricted Personal Data, Client will consult with Crowe on appropriate measures (consistent with

professional standards applicable to Crowe) to protect the Restricted Personal Data, such as: deleting or masking unnecessary information before making it available to Crowe, encrypting it when transferring it to Crowe, or providing it to Crowe only during on-site review on Client's site. Client will provide Crowe with Restricted Personal Data only in accordance with mutually agreed protective measures. Otherwise, Client and Crowe agree each may use unencrypted electronic media to correspond or transmit information and such use will not in itself constitute a breach of this Agreement.

9. **Consumer Privacy.** In order to provide the Services in a particular SOW, Client may be disclosing to Crowe certain nonpublic personal information regarding its accounts, customers, and consumers. To the extent permitted by applicable law, Crowe will not disclose any such nonpublic personal information, except to Client and Crowe's employees and agents. However, in circumstances that fall under an exception in the regulations "Privacy of Consumer Financial Information" implementing the Gramm-Leach-Bliley Act, or other exceptions permitted by applicable law, Crowe may disclose or use such nonpublic personal information in the ordinary course of business to carry out the Services. Crowe has implemented and will maintain physical, electronic and procedural safeguards ("Safeguards") reasonably designed to protect the security, confidentiality and integrity of, to prevent unauthorized access to or use of, and to provide for the proper disposal of nonpublic personal information regarding Client's customers or consumers.
10. **General Data Protection Regulation Compliance.** If and to the extent that Client provides personal data to Crowe subject to the European Union General Data Protection Regulation ("GDPR"), then in addition to the requirements of the above Data Protection section, this section will apply to such personal data ("EU Personal Data"). The parties agree that for purposes of processing the EU Personal Data, (a) Client will be the "Data Controller" as defined by the GDPR, meaning the organization that determines the purposes and means of processing the EU Personal Data; (b) Crowe will be the "Data Processor" as defined by GDPR, meaning the organization that processes the EU Personal Data on behalf of and under the instructions of the Data Controller; or (c) the parties will be classified as otherwise designated by a supervisory authority with jurisdiction. Client and Crowe each agree to comply with the GDPR requirements applicable to its respective role. Crowe has implemented and will maintain technical and organizational security safeguards reasonably designed to protect the security, confidentiality and integrity of the EU Personal Data. Client represents it has secured all required rights and authority, including consents and notices, to provide such EU Personal Data to Crowe, including without limitation authority to transfer such EU Personal Data to the U.S. or other applicable Country or otherwise make the EU Personal Data available to Crowe, for the duration of and purpose of Crowe providing the Services. The types of EU Personal Data to be processed include name, contact information, title, and other EU Personal Data that is transferred to Crowe in connection with the Services. The EU Personal Data relates to the data subject categories of individuals connected to Client, Client customers, Client vendors, and Client affiliates or subsidiaries ("Data Subjects"). Crowe will process the EU Personal Data for the following purpose: (x) to provide the Services in accordance with this Agreement, (y) to comply with other documented reasonable instructions provided by Client, and (z) to comply with applicable law. In the event of a Crowe breach incident in connection with EU Personal Data in the custody or control of Crowe, Crowe will promptly notify Client upon knowledge that a breach incident has occurred. Client has instructed Crowe not to contact any Data Subjects directly, unless required by applicable law. In the event that a supervisory authority with jurisdiction makes the determination that Crowe is a data controller, Client will reasonably cooperate with Crowe to enable Crowe to comply with its obligations under GDPR. Crowe will reasonably cooperate with Client in responding to or addressing any request from a data subject, a supervisory authority with jurisdiction, or the Client, to the extent necessary to enable Client to comply with its obligations under GDPR as the Data Controller. Client will promptly reimburse Crowe for any out-of-pocket expenses and professional time at Crowe's then-current hourly rates. Client will provide prompt written notice to Crowe (with sufficient detailed instructions) of any data subject request or other act that is required to be performed by Crowe as the Data Processor on behalf of Client as the Data Controller. Crowe shall promptly delete or procure the deletion of any EU Personal Data after the cessation of any Services involving the processing of Client's EU Personal Data. Notwithstanding the forgoing, Crowe may retain a copy of the EU Personal Data as permitted by applicable law or professional standards, provided that such EU Personal Data remain subject to the terms of this Agreement.
11. **Intellectual Property Ownership.** Crowe may use ideas, concepts, methodologies, data, software, designs, utilities, tools, models, techniques, data, systems, Reports, or other know-how that it develops,

owns or licenses ("Materials") in performing the Services. Crowe retains all intellectual property rights in the Materials (including any improvements or knowledge developed while performing the Services), and in any working papers compiled in providing the Services, but not in the Client information reflected in them. Upon payment for Services and subject to the other terms of this Agreement, Client may use Reports, as well as any Materials therein, only to the extent necessary and permitted under this Agreement. Nothing in this Agreement will be construed as an implied license to any intellectual property rights of one party to the other party, all such licenses, permission or uses will be expressly set forth in the Agreement or any applicable SOW. The foregoing ownership will be without any duty of accounting of one party to the other. Crowe will also retain ownership of all materials owned by Crowe prior to entering into this Agreement or developed by Crowe independently of this Agreement.

12. **Legal and Regulatory Change.** Crowe may periodically communicate to Client changes in laws, rules or regulations. However, Client has not engaged Crowe, and Crowe does not undertake an obligation, to advise Client of changes in (a) laws, rules, regulations, industry or market conditions, or (b) Client's own business practices or other circumstances (except to the extent required by professional standards). The scope of Services and the fees for Services are based on current laws and regulations. If changes in laws or regulations change Client's requirements or the scope of the Services, Crowe's fees will be modified to a mutually agreed amount to reflect the changed level of Crowe's effort.
13. **Publication.** Client agrees to obtain Crowe's specific permission before using any Report or Crowe work product or Crowe's firm's name in a published document, and Client agrees to submit to Crowe copies of such documents to obtain Crowe's permission before they are filed or published.
14. **Client Reference.** From time to time Crowe is requested by prospective clients to provide references for Crowe service offerings. Client agrees that Crowe may use Client's name and generally describe the nature of Crowe's engagement(s) with Client in marketing to prospects, and Crowe may also provide prospects with contact information for Client personnel familiar with Crowe's Services.
15. **No Punitive or Consequential Damages.** Any liability of Crowe will not include any consequential, special, incidental, indirect, punitive, or exemplary damages or loss nor any lost profits, goodwill, savings, or business opportunity, even if Crowe had reason to know of the possibility of such damages.
16. **Limit of Liability.** Except where it is judicially determined that Crowe performed its Services with recklessness or willful misconduct, Crowe's liability will not exceed two-times fees paid by Client to Crowe for the portion of the work giving risk to liability. A claim for a return of fees paid is the exclusive remedy for any damages. This limit of liability will apply to the full extent allowed by law, regardless of the grounds or nature of any claim asserted, including, without limitation, to claims based on principles of contract, negligence or other tort, fiduciary duty, warranty, indemnity, statute or common law. This limit of liability will also apply after this Agreement.
17. **Indemnification for Third-Party Claims.** In the event of a legal proceeding or other claim brought against Crowe by a third party, except where it is judicially determined that Crowe performed Services with recklessness, gross negligence or willful misconduct, Client agrees to indemnify and hold harmless Crowe and its personnel against all costs, fees, expenses, damages and liabilities, including attorney fees and any other fees or defense costs, associated with such third-party claim, relating to or arising from any Services performed or work product provided by Crowe that Client uses or discloses to others or this engagement generally. This indemnification is intended to apply to the full extent allowed by law, regardless of the grounds or nature of any claim, liability, or damages asserted, including, without limitation, to claims, liability or damages based on principles of contract, negligence or other tort, fiduciary duty, warranty, indemnity, statute or common law. This indemnification will also apply after termination of this Agreement.
18. **No Transfer or Assignment of Claims.** No claim against Crowe, or any recovery from or against Crowe, may be sold, assigned or otherwise transferred, in whole or in part.
19. **Term and Termination.**
 - a. This Agreement will be effective on the Effective Date, and will remain in effect until and unless terminated as set forth herein. This Agreement may be renewed for additional one-year terms by agreement of the parties.

- b. Either party may terminate this Agreement and discontinue Services at any time (including prior to completion of an SOW) for any reason, including convenience, upon ninety (90) days written notice to the other party. Further, the parties may mutually agree to terminate an SOW or this Agreement at any time for any reason. The termination of an SOW by either party without termination of the entire Agreement will not affect the other terms of this Agreement. Crowe may terminate this Agreement at any time for any reason consistent with applicable professional standards as determined by Crowe.
 - c. At Client's request and to the extent consistent with applicable professional standards, Crowe will assist Client, on a time and materials basis, in winding up any Services and/or in transitioning any Services to a new provider. Crowe will invoice Client for such amounts on a weekly basis, and Client will pay all such amounts upon receipt of Crowe's invoice.
 - d. Either party may terminate this Agreement immediately without notice if the other files for bankruptcy protection or has an involuntary petition for bankruptcy filed against it, becomes unable to pay its bills, sells or transfers property to creditors, is forced into receivership, has a liquidator or receiver appointed by the court, or is a part of any other similar legal proceeding, provided that termination is permitted by law.
 - e. Termination of the entire Agreement will terminate all SOWs unless the parties agree in writing. Paragraphs 3-5, 9, 11-16, 18, 20-24, 26 and 28-34 will survive termination of this Agreement for any reason.
20. **Time Limit on Claims.** In no event will any action against Crowe, arising from or relating to this engagement letter or the Services provided by Crowe relating to this engagement, be brought after the earlier of 1) two (2) years after the date on which occurred the act or omission alleged to have been the cause of the injury alleged; or 2) the expiration of the applicable statute of limitations or repose.
21. **Response to Legal Process.** If Crowe is requested by subpoena, request for information, or through some other legal process to produce documents or testimony pertaining to Client or Crowe's Services, and Crowe is not named as a party in the applicable proceeding, then Client will reimburse Crowe for its professional time, plus out-of-pocket expenses, as well as reasonable attorney fees, Crowe incurs in responding to such request.
22. **Mediation.** If a dispute arises, in whole or in part, out of or related to this engagement, or after the date of this agreement, between Client or any of Client's affiliates or principals and Crowe, and if the dispute cannot be settled through negotiation, Client and Crowe agree first to try, in good faith, to settle the dispute by mediation administered by the American Arbitration Association, under its mediation rules for professional accounting and related services disputes, before resorting to litigation or any other dispute-resolution procedure. The results of mediation will be binding only upon agreement of each party to be bound. Costs of any mediation will be shared equally by both parties. Any mediation will be held in Sacramento, California.
23. **Arbitration.** Any dispute between the parties relating to or arising from this Agreement or the parties' relationship generally will be settled by binding arbitration in Fresno, California (or a location agreed in writing by the parties). Any issues concerning the extent to which any dispute is subject to arbitration, or concerning the applicability, interpretation, or enforceability of any of this Section, will be governed by the Federal Arbitration Act and resolved by the arbitrator(s). The arbitration will be governed by the Federal Arbitration Act and resolved by the arbitrator(s). The parties will use the International Institute for Conflict Prevention & Resolution (the "CPR Institute") Global Rules for Accelerated Commercial Arbitration (the "Accelerated Rules") then in effect, or such other rules or procedures as the parties may agree in writing. In the event of a conflict between those rules and this Agreement, this Agreement will control. If a party has a basis for injunctive relief, this paragraph will not preclude a party seeking and obtaining injunctive relief in a court of proper jurisdiction. The parties will agree within a reasonable period of time after notice is made of initiating the arbitration process whether to use one or three arbitrators, and if the parties cannot agree within fifteen (15) business days, the parties will use a single arbitrator. In any event the arbitrator(s) must be retired federal judges or attorneys with at least 15 years commercial law experience and no arbitrator may be appointed unless he or she has agreed to these procedures. If the parties cannot agree upon arbitrator(s) within an additional fifteen (15) business days, the arbitrator(s) will be selected by the CPR Institute. As a rule, the arbitrator(s) will not permit discovery, but the arbitrator(s) may authorize only limited discovery upon a showing of substantial need by a party. In no event will the arbitrator(s) permit a party to take more than six depositions, and no depositions

may exceed five hours. The arbitrator(s) will have no power to make an award inconsistent with this Agreement. The arbitrator(s) may rule on a summary basis, including without limitation on a motion to dismiss basis or on a summary judgment basis. The arbitrator(s) may enter such prehearing orders as may be appropriate to ensure a fair hearing. The hearing will be held within one year of the demand or less and must be concluded within ten (10) business days absent written agreement by the parties to the contrary, but these time limits are not jurisdictional. The arbitrator(s) will apply substantive law and may award injunctive relief or any other remedy available from a judge. The arbitrator(s) may award attorney fees and costs to the prevailing party, and in the event of a split or partial award, the arbitrator(s) may award costs or attorney fees in an equitable manner. Any award by the arbitrator(s) will be accompanied by a reasoned opinion describing the basis of the award. The arbitration will be governed by the Federal Arbitration Act, 9 U.S.C. §§ 1 et seq., and judgment upon the award rendered by the arbitrator(s) may be entered by any court having jurisdiction thereof. All aspects of the arbitration will be treated by the parties and the arbitrator(s) as confidential.

24. **Choice of Law.** This Agreement, including any dispute arising out of or related to this Agreement, will be governed and construed in accordance with the laws of the State of California applicable to agreements made and wholly performed in that state, without giving effect to its conflicts of laws rules to the extent those rules would require applying another jurisdiction's laws. The provisions of the United Nations Convention on the International Sale of Goods and the Uniform Computer Information Transactions Act, however designated, are excluded and will not apply to this Agreement or any Services hereunder.

25. **Consent to Jurisdiction and Forum Selection.** Subject to the section on Arbitration, all court actions or proceedings arising from or relating to this Agreement will be tried and litigated exclusively in the state and federal courts located in Fresno County, California (or a location agreed in writing by the parties), and each party hereby consents to personal jurisdiction in such courts. This choice of venue is intended to be mandatory and is not permissive in nature. Each party waives any right it may have to assert the doctrine of forum non conveniens or similar argument, and each party waives any objection to venue. Each party stipulates that the state and federal courts in Fresno County, California, will have personal jurisdiction and venue over each of them for the purpose of litigating any dispute, controversy, or proceeding arising out of or related to this Agreement.

26. **Software Usage.** If in connection with the Services described in this Agreement, Crowe needs to use software that requires separate licensing, separate software licensing and maintenance and support agreements will be provided and must be executed before Crowe begins work. As applicable, Crowe may use vulnerability scanning software to perform electronic scans of Client networks and/or "firewalls." If applicable, these scans will be made at Client's explicit request.

27. **Notices.** Any notice or demand required or permitted to be given under this Agreement will be in writing and will be deemed effective immediately upon the receipt thereof, as evidenced by a written record of delivery from (a) a nationally recognized overnight courier for the next business day delivery, (b) certified or registered mail or (c) a signed delivery receipt in the case of delivery by hand. 28. **Force Majeure.** Except for payment obligations, neither party will be liable under this Agreement for any failure of or delay in performance of its obligations hereunder, if performance is delayed or prevented by acts of God, fire, explosion, war, terrorism, earthquakes, riots, governmental laws or regulations, or other similar causes beyond such party's control (each, a "Force Majeure Event"), but only to the extent of and during continuance of such event and only provided such party gives the other party prompt notice of such Force Majeure Event. During the pendency of any Force Majeure Event, the party affected will work diligently to cure the Force Majeure Event to the extent commercially reasonable. However, if the Force Majeure Event continues for thirty (30) consecutive days, the party not directly affected by it may terminate this Agreement immediately without penalty.
29. **No Construction Against Drafter.** The parties acknowledge that each has participated, and each has been represented by counsel, in preparation and execution of this Agreement, and for purposes of the rule of contract interpretation that construes a document against its drafter, neither Client nor Crowe nor their respective counsel will be considered the drafter of this Agreement or any SOW. Each party represents to the other that it has carefully read this Agreement, will carefully read each SOW, understands the Agreement's binding effect, and that it is voluntarily entering into this Agreement and each SOW.
30. **Severability.** The provisions of this Agreement will be severable and, if any provision of this Agreement is held or declared to be illegal, invalid, or unenforceable, such illegality, invalidity, or unenforceability will not affect any other provision hereof, and the remainder of this Agreement, disregarding such invalid portion, will continue in full force and effect as though such void provision had not been contained in it if the rights and obligations of the parties contained herein are not materially prejudiced and the intentions of the parties continue to be effective.

This letter confirms the arrangements for Crowe LLP ("Crowe" or "us" or "we" or "our") to provide the professional services discussed in this letter to Fresno Unified School District ("you", "your" or "Client"). The attached Master Services Agreement is an integral part of this letter, and the terms of the Master Services Agreement are incorporated herein.

AUDIT SERVICES

Our Responsibilities

We will audit and report on the financial statements of the Client for the year ending June 30, 2022.

We will audit and report on the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, which collectively comprise the basic financial statements of the Client for the period(s) indicated.

In addition to our report on the financial statements, we plan to evaluate the presentation of the following supplementary information in relation to the financial statements as a whole, and to report on whether this supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

- Schedule of Expenditures of Federal Awards
- District Organization
- Schedule of Average Daily Attendance
- Schedule of Instructional Time
- Reconciliation of Unaudited Actual Financial Report with Audited Financial Statements
- Schedule of Financial Trends and Analysis
- Schedule of Charter Schools

In addition to our report on the financial statements, we also plan to perform specified procedures in order to describe in our report whether the following required supplementary information is presented in accordance with applicable guidelines. However, we will not express an opinion or provide any assurance on this information due to our limited procedures.

- Management's Discussion and Analysis
- Budgetary Comparison Schedules
- Schedule of Changes in the Client's Net Other Postemployment Benefits (OPEB) Liability
- Schedule of the Client's Proportionate Share of the Net Pension Liability
- Schedule of the Client's Contributions

The objective of the audit is the expression of an opinion on the financial statements. We will plan and perform the audit in accordance with auditing standards generally accepted in the United States of America, the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards require that we obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement whether caused by error or fraud, and that we report on the Schedule of Expenditures of Federal Awards (as noted above), and on your compliance with laws and regulations and on its internal controls as required for a Single Audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Because of inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with applicable standards. An audit is not designed to detect error or fraud that is immaterial to the financial statements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks that the financial statements could be misstated by an amount that we believe would influence the judgment made by a reasonable user of these financial statements. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

In making our risk assessments, we obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Client's internal control. However, we will communicate in writing to those charged with governance and management concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit. We will communicate to management other deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in our professional judgment, are of sufficient importance to merit management's attention. We will also communicate certain matters related to the conduct of the audit to those charged with governance, including (1) fraud involving senior management, and fraud (whether caused by senior management or other employees) that causes a material misstatement of the financial statements, (2) illegal acts that come to our attention (unless they are clearly inconsequential) (3) disagreements with management and other significant difficulties encountered in performing the audit and (4) various matters related to the Client's accounting policies and financial statements. Our engagement is not designed to address legal or regulatory matters, which matters should be discussed by you with your legal counsel.

As part of our audit, we will conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Client's ability to continue as a going concern for a reasonable period of time.

We expect to issue a written report upon completion of our audit of the Client's financial statements. Our report will be addressed to the Board of Education of the Client. Circumstances may arise in which it is necessary for us to modify our opinion, add an emphasis of matter or other matter paragraph or a separate section in the auditor's report, or withdraw from the engagement.

In addition to our report on the financial statements and supplemental information, we plan to issue the following reports:

- Independent Auditor's Report on Compliance with State Laws and Regulations – The purpose of this report on compliance is solely to describe the scope of our testing of compliance with State Laws and Regulations, and the results of that testing, based on the requirements of the State of California's Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Accordingly, this report is not suitable for any other purpose.
- Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* — The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Client's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
- Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance -- The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

We will also perform tests of controls including testing underlying transactions, as required by the Uniform Guidance, to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each of your major federal awards programs. We will determine major programs in accordance with the Uniform Guidance. Our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed. We will inform you of any non-reportable conditions or other matters involving internal control, if any, as required by the Uniform Guidance.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will also perform tests of your compliance with applicable laws, regulations, contracts and grants. However, because of the concept of reasonable assurance and because we will not perform a detailed examination of all transactions, there is a risk that material errors, irregularities, or illegal acts, including fraud or defalcations, may exist and not be detected by us. However, the objective of our audit of compliance relative to the financial statements will not be to provide an opinion on overall compliance with such provisions, and we will not express such an opinion. We will advise you, however, of any matters of that nature that come to our attention, unless they are clearly inconsequential.

The Uniform Guidance requires that we plan and perform the audit to obtain reasonable assurance about whether you have complied with certain provisions of laws, regulations, contracts and grants. Our procedures will consist of the applicable procedures described in the United States Office of Management and Budget (OMB) Compliance Supplement for the types of compliance requirements that could have a direct and material effect on each of your major programs. The purpose of our audit will be to express an opinion on your compliance with requirements applicable to major Federal award programs. Because an audit is designed to provide reasonable assurance, but not absolute assurance, the audit is not designed to detect immaterial violations or instances of noncompliance.

Our audit and work product are intended for the benefit and use of the Client only. The audit will not be planned or conducted in contemplation of reliance by any other party or with respect to any specific transaction and is not intended to benefit or influence any other party. Therefore, items of possible interest to a third party may not be specifically addressed or matters may exist that could be assessed differently by a third party.

The working papers for this engagement are the property of Crowe and constitute confidential information.

However, we may be requested to make certain working papers available to your oversight agency or grantors pursuant to authority given to them by law, regulation, or contract. If requested, access to such working papers will be provided under the supervision of our personnel. Furthermore, upon request, we may provide photocopies of selected working papers to your oversight agency or grantors. The working papers for this engagement will be retained for a minimum of three years after the date our report is issued or for any additional period requested by the oversight agency or pass-through entity. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party contesting the audit finding for guidance prior to destroying the working papers.

Government Auditing Standards require that we provide you with a copy of our most recent peer review report, which accompanies this letter.

The Client's Responsibilities

The Client's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

The Client's management is also responsible for complying with applicable laws, regulations, contracts and grants and such responsibility extends to identifying the requirements and designing internal control policies and procedures to provide reasonable assurance that compliance is achieved. Additionally, as required by the Uniform Guidance, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings, which should be available for our review, and a corrective action plan.

Additionally, as required by the Uniform Guidance, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings, which should be available for our review, and a corrective action plan.

Management has the responsibility to adopt sound accounting policies, maintain an adequate and efficient accounting system, to safeguard assets, and to design and implement programs and controls to prevent and detect fraud. Management's judgments are typically based on its knowledge and experience about past and current events and its expected courses of action. Management's responsibility for financial reporting includes establishing a process to prepare the accounting estimates included in the financial statements and to devise policies to ensure that the Client complies with applicable laws and regulations.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Client's ability to continue as a going concern for one year from the date the Financial Statements are available to be issued.

Management is responsible for providing to us, on a timely basis, all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters. Management is also responsible for providing such other additional information we may request for the purpose of the audit, and unrestricted access to persons within the Client from whom we determine it necessary to obtain audit evidence. Additionally, those charged with governance are responsible for informing us of their views about the risks of fraud within the Client, and their knowledge of any fraud or suspected fraud affecting the Client.

Management is responsible for adjusting the financial statements to correct material misstatements related to accounts or disclosures. As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit, including that the effects of any uncorrected misstatements aggregated by us during the audit are immaterial, both individually and in the aggregate, to the financial statements, and to the Client's compliance with the requirements of its

Federal programs. Management acknowledges the importance of management's representations and responses to our inquiries, and that they will be utilized as part of the evidential matter we will rely on in forming our opinion. Because of the importance of such information to our engagement, you agree to waive any claim against Crowe and its personnel for any liability and costs relating to or arising from any inaccuracy or incompleteness of information provided to us for purposes of this engagement.

Management is responsible for the preparation of the supplementary information identified above in accordance with the applicable criteria. As part of our audit process, we will request from management certain written representations regarding management's responsibilities in relation to the supplementary information presented, including but not limited to its fair presentation in accordance with the applicable criteria, the method of measurement and presentation and any significant assumptions or interpretations underlying the supplementary information. In addition, it is management's responsibility to include the auditor's report on supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information. It is also management's responsibility to present the supplementary information with the audited financial statements or, if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by Client of the supplementary information and the auditor's report thereon.

Management is responsible for the preparation of the required supplementary information identified above in accordance with the applicable guidelines. We will request from management certain written representations regarding management's responsibilities in relation to the required supplementary information presented, including but not limited to whether it has been measured and presented in accordance with prescribed guidelines, the method of measurement and presentation and any significant assumptions or interpretations underlying the supplementary information.

At the conclusion of the engagement, it is management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditor's reports, and corrective action plan) along with the Data Collection Form to the designated federal clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of thirty days after receipt of the auditor's reports or nine months after the end of the audit period.

To the Partners of Crowe LLP
and the National Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Crowe LLP (the firm) applicable to engagements not subject to PCAOB permanent inspection in effect for the year ended March 31, 2019. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including compliance audits under the Single Audit Act; audits of employee benefit plans; audits performed under FDICIA; audits of broker-dealers; and examinations of service organizations [SOC 2 engagements].

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Crowe LLP applicable to engagements not subject to PCAOB permanent inspection in effect for the year ended March 31, 2019, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. This letter confirms the arrangements for Crowe LLP ("Crowe" or "us" or "we" or "our") to provide the professional services discussed in this letter to Fresno Unified School District ("you", "your" or "Client"). The attached Master Services Agreement is an integral part of this letter, and the terms of the Master Services Agreement are incorporated herein.

Crowe will apply agreed upon procedures on Measure X Bond expenditures for each of the quarters ended September 30, 2021 and 2022, December 31, 2021 and 2022, and March 31, 2022 and 2023 for Client from information you provide. The intended purpose of the engagement is to assist the Independent Citizens' Bond Oversight Committee for Measure X (the "Committee") in evaluating District management's assertions concerning disbursements of bond funds related to the expenditures from Measure X proceeds, and the report is intended to be used by Client and the Independent Citizens' Oversight Committee for Measure X. Client is responsible for Measure X Bond expenditures for each of the quarters ended September 30, 2021 and 2022, December 31, 2021 and 2022, and March 31, 2022 and 2023.

PROFESSIONAL SERVICES

Our Responsibilities

The agreed-upon procedures will be performed in accordance with attestation standards established by the American Institute of Certified Public Accountants.

We have no obligation to perform any procedures beyond those agreed to by you and the Independent Citizens' Bond Oversight Committee for Measure X and have been acknowledged to be appropriate for your purposes. If we were to perform additional procedures, other matters might come to our attention that would be reported to you. It is understood that we will prepare a report reflecting our findings of the procedures for use by you and the Independent Citizens' Bond Oversight Committee for Measure X. We make no representations as to the adequacy of these procedures for your or the Independent Citizens' Bond Oversight Committee for Measure X's purposes.

If you decide that additional procedures are needed, we will discuss those with you. It is customary for us to document such revisions by an addendum to this letter. If you wish to add specified users of the report, we will require that you provide, at the conclusion of the engagement, written representation that you have obtained the specified users' agreement to the procedures and acknowledgement that the procedures performed are appropriate for their purposes.

The agreed-upon procedures do not contemplate obtaining the understanding of internal control or assessing control risk, tests of accounting records and responses to inquiries by obtaining corroborating evidential matter, and certain other procedures ordinarily performed during an examination. Thus, this engagement does not provide assurance that we will become aware of significant matters that would be

disclosed in an examination. Client agrees not to rely on our engagement to disclose errors, fraud or illegal acts that may exist. However, we will inform you of any significant errors that may come to our attention. Our engagement will not enable us to address legal or regulatory matters or abuses of management discretion, which matters should be discussed by you with your legal counsel. You are also responsible for the accuracy and completeness of the information provided to Crowe for purposes of this engagement and for timely updating such information. Because of the importance of such information to our engagement, you agree to waive any claim against Crowe and its personnel for any liability and costs relating to or arising from any inaccuracy or incompleteness of information provided to us for purposes of this engagement.

Our procedures and work product are intended for the benefit and use of you and the Independent Citizens' Bond Oversight Committee for Measure X. This engagement will not be planned or conducted in contemplation of reliance by any other party or with respect to any specific transaction and is not intended to benefit or influence any other party. Therefore, items of possible interest to a third party may not be specifically addressed or matters may exist that could be assessed differently by a third party. The working papers for this engagement are the property of Crowe and constitute confidential information.

If, for any reason, we are unable to complete the agreed-upon procedures, we will not issue a report as a result of this engagement.

Client's Responsibilities

The agreed upon procedures are listed in Attachment A. You agree to the procedures included in Attachment A and acknowledge that the procedures are appropriate for the intended purpose of the engagement.

In addition to your use, other specified parties including the Independent Citizens' Bond Oversight Committee for Measure X, will be requested by you to agree to the procedures and acknowledge that the procedures performed are appropriate for their purposes.

You agree to provide a written representation letter at the conclusion of the engagement. Because of the importance of the written representations to this engagement, you agree to release Crowe and its personnel from any liability and costs relating to our services under this letter attributable to any misrepresentations by you, the engaging party.

The Client is responsible for providing to us, on a timely basis, all information of which you are aware that is relevant to this agreed-upon procedures engagement. The Client is also responsible for providing such other additional information we may request for the purpose of this engagement, and unrestricted access to persons within the Client from whom we determine it necessary to perform the agreed-upon procedures.

Other Matters

Our report is expected to be restricted to your use and the use of the Independent Citizens' Bond Oversight Committee for Measure X.

Although the actual language of our report may change as a result of our procedures, we presently expect our independent accountant's report on the agreed-upon procedures to read as follows:

We have performed the procedures enumerated in Attachment II on Measure X bond funds expended for the quarter ended September 30, 2021, December 31, 2021, March 31, 2022, September 30, 2022, December 31, 2022, or March 31, 2023. Client is responsible for Measure X bond funds expended for the quarter ended September 30, 2021, December 31, 2021, March 31, 2022, September 30, 2022, December 31, 2022, or March 31, 2023.

Fresno Unified School District (the "District") has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting the Independent Citizens' Bond Oversight Committee for Measure X (the "Committee") in evaluating District management's assertions concerning disbursements of bond funds for the quarter ended September 30, 2021, December 31, 2021, March 31, 2022, September 30, 2022, December 31, 2022, or March 31, 2023. Additionally, the Committee for Measure X has agreed to and acknowledged that the procedures are appropriate to meet their purposes. We make no representation regarding the appropriateness of the procedures either for the purpose for which this report has been requested or for any other purpose. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. An agreed-upon procedures engagement involves performing specific procedures and reporting on findings based on the procedures performed.

The procedures performed and conclusions reached as a result of these procedures are identified in Attachment II. Attachment I contains background information about the Measure X Bonds.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on Measure X bond funds expended for the quarter ended September 30, 2021, December 31, 2021, March 31, 2022, September 30, 2022, December 31, 2022, or March 31, 2023. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of Fresno Unified School District and the Independent Citizens' Bond Oversight Committee for Measure X and is not intended to be, and should not be, used by anyone other than these specified parties.

FEES

Our fees, inclusive of out-of-pocket expenses, will not exceed the following amounts per each quarter:

Quarter ending September 30, 2021, December 31, 2021, March 31, 2022	\$ 5,000
Quarter ending September 30, 2022, December 31, 2022, March 31, 2023	\$ 5,000

Our invoices are due and payable upon receipt. Invoices that are not paid within 30 days of receipt are subject to a monthly interest charge of one percent per month or the highest interest rate allowed by law, whichever is less, which we may elect to waive at our sole discretion, plus costs of collection including reasonable attorneys' fees. If any amounts invoiced remain unpaid 30 days after the invoice date, you agree that Crowe may, in its sole discretion, cease work until all such amounts are paid or terminate this engagement.

The fees outlined above are based on certain assumptions. Those assumptions may be incorrect due to incomplete or inaccurate information provided, or circumstances may arise under which we must perform additional work, which in either case will require additional billings for our services. Examples of such circumstances include, but are not limited to:

- Changing service requirements

- New professional standards or regulatory requirements
- New financial statement disclosures
- Work caused due to the identification of, and management's correction of, inappropriate application of accounting pronouncements
- Erroneous or incomplete accounting records
- Evidence of material weakness or significant deficiencies in internal controls
- Substantial increases in the number of significant deficiencies in internal controls
- Regulatory examination matters
- Change in your organizational structure or size due to merger and acquisition activity or other events
- Change in your controls
- New or unusual transactions
- Agreed-upon level of preparation and assistance from your personnel not provided
- Numerous revisions to your information
- Lack of availability of appropriate Client personnel during fieldwork
- Additional audit procedures relating to the impact of COVID-19 on Client or additional regulatory requirements relating thereto.

Additionally, to accommodate requests to reschedule fieldwork without reasonable notice, additional billings for our services could be required, and our assigned staffing and ability to meet agreed upon deadlines could be impacted.

Due to such potential changes in circumstance, we reserve the right to revise our fees. However, if such a change in circumstances arises or if some other significant change occurs that causes our fees to exceed our estimate, we will advise management.

Our fees are exclusive of taxes or similar charges, as well as customs, duties or tariffs, imposed in respect of the Services, any work product or any license, all of which Client agrees to pay if applicable or if they become applicable (other than taxes imposed on Crowe's income generally), without deduction from any fees or expenses invoiced to Client by Crowe.

The Client and Crowe agree that the Client may periodically request Crowe to provide additional services for accounting and reporting advice regarding completed transactions and potential or proposed transactions. The fees for such additional services will be based on Crowe's hourly billing rates plus expenses or as mutually agreed upon between the Client and Crowe.

To facilitate Crowe's presence at Client's premises, Client will provide Crowe with internet access while on Client's premises. Crowe will access the internet using a secure virtual private network. Crowe will be responsible for all internet activity performed by its personnel while on Client's premises. In the event Client does not provide Crowe with internet access while on Client's premises, Client will reimburse Crowe for the cost of internet access through other means while on Client's site.

MISCELLANEOUS

Crowe will provide the services to Client under this Agreement as an independent contractor and not as Client's partner, agent, employee, or joint venturer under this Agreement. Neither Crowe nor Client will have any right, power or authority to bind the other party.

This engagement letter agreement (the "Agreement") reflects the entire agreement between the parties relating to the services (or any reports, deliverables or other work product) covered by this Agreement. The engagement letter and any attachments (including without limitation the attached Master Services Agreement) are to be construed as a single document, with the provisions of each section applicable throughout. This Agreement may not be amended or varied except by a written document signed by each party. It replaces and supersedes any other proposals, correspondence, agreements and understandings, whether written or oral, relating to the services covered by this letter, and each party agrees that in entering this Agreement, it has not relied on any oral or written representations, statements or other

information not contained in or incorporated into this Agreement. Any non-disclosure or other confidentiality agreement is replaced and superseded by this Agreement. Each party shall remain obligated to the other party under all provisions of this Agreement that expressly or by their nature extend beyond and survive the expiration or termination of this Agreement. If any provision (in whole or in part) of this Agreement is found unenforceable or invalid, this will not affect the remainder of the provision or any other provisions in this Agreement, all of which will continue in effect as if the stricken portion had not been included. This Agreement may be executed in two or more actual, scanned, emailed, or electronically copied counterparts, each and all of which together are one and the same instrument. Accurate transmitted copies (transmitted copies are reproduced documents that are sent via mail, delivery, scanning, email, photocopy, facsimile or other process) of the executed Agreement or signature pages only (whether handwritten or electronic signature), will be considered and accepted by each party as documents equivalent to original documents and will be deemed valid, binding and enforceable by and against all parties. This Agreement must be construed, governed, and interpreted under the laws of the State of Illinois, without regard for choice of law principles.

The agreed-upon procedures will be performed in accordance with attestation standards established by the American Institute of Certified Public Accountants.

We have no obligation to perform any procedures beyond those agreed to by you and the Independent Citizens' Bond Oversight Committee for Measure M and have been acknowledged to be appropriate for your purposes. If we were to perform additional procedures, other matters might come to our attention that would be reported to you. It is understood that we will prepare a report reflecting our findings of the procedures for use by you and the Independent Citizens' Bond Oversight Committee for Measure M. We make no representations as to the adequacy of these procedures for your or the Independent Citizens' Bond Oversight Committee for Measure M's purposes.

If you decide that additional procedures are needed, we will discuss those with you. It is customary for us to document such revisions by an addendum to this letter. If you wish to add specified users of the report, we will require that you provide, at the conclusion of the engagement, written representation that you have obtained the specified users' agreement to the procedures and acknowledgement that the procedures performed are appropriate for their purposes.

The agreed-upon procedures do not contemplate obtaining the understanding of internal control or assessing control risk, tests of accounting records and responses to inquiries by obtaining corroborating evidential matter, and certain other procedures ordinarily performed during an examination. Thus, this

engagement does not provide assurance that we will become aware of significant matters that would be disclosed in an examination. Client agrees not to rely on our engagement to disclose errors, fraud or illegal acts that may exist. However, we will inform you of any significant errors that may come to our attention. Our engagement will not enable us to address legal or regulatory matters or abuses of management discretion, which matters should be discussed by you with your legal counsel. Because of the importance of such information to our engagement, you agree to waive any claim against Crowe and its personnel for any liability and costs relating to or arising from any inaccuracy or incompleteness of information provided to us for purposes of this engagement.

Our procedures and work product are intended for the benefit and use of you and the Independent Citizens' Bond Oversight Committee for Measure M. This engagement will not be planned or conducted in contemplation of reliance by any other party or with respect to any specific transaction and is not intended to benefit or influence any other party. If, for any reason, we are unable to complete the agreed-upon procedures, we will not issue a report as a result of this engagement.

Client's Responsibilities

The agreed upon procedures are listed in Attachment A. You agree to the procedures included in Attachment A and acknowledge that the procedures are appropriate for the intended purpose of the engagement.

In addition to your use, other specified parties including the Independent Citizens' Bond Oversight Committee for Measure M, will be requested by you to agree to the procedures and acknowledge that the procedures performed are appropriate for their purposes.

You agree to provide a written representation letter at the conclusion of the engagement. Because of the importance of the written representations to this engagement, you agree to release Crowe and its personnel from any liability and costs relating to our services under this letter attributable to any misrepresentations by you, the engaging party.

The Client is responsible for providing to us, on a timely basis, all information of which you are aware that is relevant to this agreed-upon procedures engagement. The Client is also responsible for providing such other additional information we may request for the purpose of this engagement, and unrestricted access to persons within the Client from whom we determine it necessary to perform the agreed-upon procedures.

Other Matters

Our report is expected to be restricted to your use and the use of the Independent Citizens' Bond Oversight Committee for Measure M.

Although the actual language of our report may change as a result of our procedures, we presently expect our independent accountant's report on the agreed-upon procedures to read as follows:

We have performed the procedures enumerated in Attachment II on Measure M bond funds expended for the quarter ended September 30, 2021, December 31, 2021, March 31, 2022, September 30, 2022, December 31, 2022, or March 31, 2023, September 30, 2022, December 31, 2023, March 31, 2024, September 30, 2024, December 31, 2024, March 31, 2025, September 30, 2025, December 31, 2025, or March 31, 2026. Client is responsible for Measure M bond funds expended for the quarter ended September 30, 2021, December 31, 2021, March

31, 2022, September 30, 2022, December 31, 2022, or March 31, 2023, September 30, 2022, December 31, 2023, March 31, 2024, September 30, 2024, December 31, 2024, March 31, 2025, September 30, 2025, December 31, 2025, or March 31, 2026.

Fresno Unified School District (the "District") has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting the Independent Citizens' Bond Oversight Committee for Measure M (the "Committee") in evaluating District management's assertions concerning disbursements of bond funds for the quarter ended September 30, 2021, December 31, 2021, March 31, 2022, September 30, 2022, December 31, 2022, or March 31, 2023, September 30, 2022, December 31, 2023, March 31, 2024, September 30, 2024, December 31, 2024, March 31, 2025, September 30, 2025, December 31, 2025, or March 31, 2026. Additionally, the Committee for Measure M has agreed to and acknowledged that the procedures are appropriate to meet their purposes. We make no representation regarding the appropriateness of the procedures either for the purpose for which this report has been requested or for any other purpose. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. An agreed-upon procedures engagement involves performing specific procedures and reporting on findings based on the procedures performed.

The procedures performed and conclusions reached as a result of these procedures are identified in Attachment II. Attachment I contains background information about the Measure M Bonds.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on Measure M bond funds expended for the quarter ended September 30, 2021, December 31, 2021, March 31, 2022, September 30, 2022, December 31, 2022, or March 31, 2023, September 30, 2022, December 31, 2023, March 31, 2024, September 30, 2024, December 31, 2024, March 31, 2025, September 30, 2025, December 31, 2025, or March 31, 2026. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of Fresno Unified School District and the Independent Citizens' Bond Oversight Committee for Measure M and is not intended to be, and should not be, used by anyone other than these specified parties.

Our fees, inclusive of out-of-pocket expenses, will not exceed the following amounts per each quarter:

Quarter ending September 30, 2021, December 31, 2021, March 31, 2022	\$ 4,000
Quarter ending September 30, 2022, December 31, 2022, March 31, 2023	\$ 4,000

If any amounts invoiced remain unpaid 30 days after the invoice date, you agree that Crowe may, in its sole discretion, cease work until all such amounts are paid or terminate this engagement.

The fees outlined above are based on certain assumptions. Examples of such circumstances include, but are not limited to:

- Changing service requirements
- New professional standards or regulatory requirements
- New financial statement disclosures
- Work caused due to the identification of, and management's correction of, inappropriate application of accounting pronouncements

- Lack of availability of appropriate Client personnel during fieldwork
- Additional audit procedures relating to the impact of COVID-19 on Client or additional regulatory requirements relating thereto.

Additionally, to accommodate requests to reschedule fieldwork without reasonable notice, additional billings for our services could be required, and our assigned staffing and ability to meet agreed upon deadlines could be impacted.

Due to such potential changes in circumstance, we reserve the right to revise our fees. However, if such a change in circumstances arises or if some other significant change occurs that causes our fees to exceed our estimate, we will advise management.

Our fees are exclusive of taxes or similar charges, as well as customs, duties or tariffs, imposed in respect of the Services, any work product or any license, all of which Client agrees to pay if applicable or if they become applicable (other than taxes imposed on Crowe's income generally), without deduction from any fees or expenses invoiced to Client by Crowe.

The Client and Crowe agree that the Client may periodically request Crowe to provide additional services for accounting and reporting advice regarding completed transactions and potential or proposed transactions. The fees for such additional services will be based on Crowe's hourly billing rates plus expenses or as mutually agreed upon between the Client and Crowe.

Crowe will be responsible for all internet activity performed by its personnel while on Client's premises. In the event Client does not provide Crowe with internet access while on Client's premises, Client will reimburse Crowe for the cost of internet access through other means while on Client's site.

MISCELLANEOUS

Accurate transmitted copies (transmitted copies are reproduced documents that are sent via mail, delivery, scanning, email, photocopy, facsimile or other process) of the executed Agreement or signature pages only (whether handwritten or electronic signature), will be considered and accepted by each party as documents equivalent to original documents and will be deemed valid, binding and enforceable by and against all parties. - Verified the mathematical accuracy of the List of Measure M bond expenditures.
- Select a sample of 25 expenditures identified by the Client as Bond expenditures at September 30, 2021 and 2022, December 31, 2021 and 2022, and March 31, 2022 and 2023. Verify that the expenditures represent valid expenditures, are properly charged to the location indicated, are properly coded as to the nature of the expenditure (account classification), and represent school improvements, not Client salaries or administration.
- Agree selected expenditures to vendor invoices and cancelled warrants noting the date and amount of the expenditure, and that the funds were expended for the construction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities and that funds were not spent for Client administrative or instructional salaries or other administrative expenses.

This letter confirms the arrangements for Crowe LLP ("Crowe" or "us" or "we" or "our") to provide the professional services discussed in this letter to Fresno Unified School District ("you", "your" or "Client"). The attached Master Services Agreement is an integral part of this letter, and the terms of the Master Services Agreement are incorporated herein.

PERFORMANCE AUDIT SERVICES

Our Responsibilities

We will conduct a performance audit on the Client's Measure X and Measure M General Obligation Bonds Activity for the year ending June 30, 2022. The objective of our Performance Audit will be to determine if the bond funds have been expended only on the specific projects listed in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

The objective of a performance audit is to provide assurance or conclusions based on an evaluation of sufficient, appropriate evidence against stated criteria, such as specific requirements, measures, or defined business practices. Performance audits provide objective analysis so that management and those charged with governance and oversight can use the information to improve program performance and operations, reduce costs, facilitate decision making by parties with responsibility to oversee or initiate corrective action, and contribute to public accountability. We will plan and perform the performance audit in accordance with performance audit standards contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. Because of inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or material non-compliance may not be detected exists, even though the audit is properly planned and performed in accordance with applicable standards. An audit is not designed to detect error or fraud that is immaterial to the performance audit objectives.

In making our risk assessments, we consider internal control that is significant within the context of the audit objectives in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Client's internal control. However, we will communicate in writing to those charged with governance and management concerning any significant deficiencies or material weaknesses in internal control significant within the context of the audit objectives that we have identified during the audit. Our engagement is not designed to address legal or regulatory matters, which matters should be discussed by you with your legal counsel.

We will also obtain an understanding of internal control that is significant within the context of the audit objectives. For internal control that is significant within the context of the audit objectives, we will assess whether internal control has been properly designed and implemented. For those internal controls that are deemed significant within the context of the audit objectives, we will perform tests of controls including testing underlying transactions, as required by GAS standards, to evaluate the effectiveness of the design and operation of controls. Information systems controls are often an integral part of an entity's internal control. Thus, when obtaining an understanding of internal control significant to the audit objectives, we will also determine whether it is necessary to evaluate information systems controls. Our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed. We will inform you of any deficiencies or other matters involving internal control, if any, as required by GAS standards.

Our audit and work product are intended for the benefit and use of the Client only. The audit will not be planned or conducted in contemplation of reliance by any other party or with respect to any specific transaction and is not intended to benefit or influence any other party. Therefore, items of possible interest to a third party may not be specifically addressed or matters may exist that could be assessed differently by a third party.

The working papers for this engagement are the property of Crowe and constitute confidential information.

However, we may be requested to make certain working papers available to your oversight agency or grantors pursuant to authority given to them by law, regulation, or contract. If requested, access to such working papers will be provided under the supervision of our personnel. Furthermore, upon request, we may provide photocopies of selected working papers to your oversight agency or grantors. The working papers for this engagement will be retained for a minimum of three years after the date our report is issued or for any additional period requested by the oversight agency or pass-through entity. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party contesting the audit finding for guidance prior to destroying the working papers.

Government Auditing Standards require that we provide you with a copy of our most recent peer review report, which accompanies this letter.

The Client's Responsibilities

The Client's management is responsible for the preparation and fair presentation of the internal control relevant to the expenditure of Measure X and Measure M General Obligation Bonds in accordance with the requirements of Proposition 39.

The Client's management is also responsible for complying with applicable laws, regulations, contracts and grants and such responsibility extends to identifying the requirements and designing internal control policies and procedures to provide reasonable assurance that compliance is achieved.

Management has the responsibility to adopt sound accounting policies, maintain an adequate and efficient accounting system, to safeguard assets, and to design and implement programs and controls to prevent and detect fraud. Management's judgments are typically based on its knowledge and experience about past and current events and its expected courses of action.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Client's ability to continue as a going concern for one year from the date the Financial Statements are available to be issued.

Management is responsible for providing to us, on a timely basis, all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters. Management is also responsible for providing such other additional information we may request for the purpose of the audit, and unrestricted access to persons

within the Client from whom we determine it necessary to obtain audit evidence. Additionally, those charged with governance are responsible for informing us of their views about the risks of fraud within the Client, and their knowledge of any fraud or suspected fraud affecting the Client.

As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the performance audit. Because of the importance of management's representations to an effective audit, you agree to release Crowe and its personnel from any liability and costs relating to our services under this letter attributable to any misrepresentations by management.

FEES

Our fees, inclusive of out-of-pocket expenses, will not exceed the fees outlined below. Our invoices are due and payable upon receipt. Invoices that are not paid within 30 days of receipt are subject to a monthly interest charge of one percent per month or the highest interest rate allowed by law, whichever is less, which we may elect to waive at our sole discretion, plus costs of collection including reasonable attorneys' fees. If any amounts invoiced remain unpaid 30 days after the invoice date, you agree that Crowe may, in its sole discretion, cease work until all such amounts are paid or terminate this engagement.

Performance Audit of Measure X General Obligation Bonds for the years ending:

June 30, 2022	\$ 5,000
June 30, 2023	\$ 5,000

Performance Audit of Measure M General Obligation Bonds for the years ending:

June 30, 2022	\$ 4,000
June 30, 2023	\$ 4,000
June 30, 2024	\$ 5,000
June 30, 2025	\$ 5,250
June 30, 2026	\$ 5,250

We will invoice you as our services are rendered.

The fees outlined above are based on certain assumptions. Those assumptions may be incorrect due to incomplete or inaccurate information provided, or circumstances may arise under which we must perform additional work, which in either case will require additional billings for our services. Examples of such circumstances include, but are not limited to:

- New professional standards or regulatory requirements
- Work caused due to the identification of, and management's correction of, inappropriate application of accounting pronouncements
- Erroneous or incomplete accounting records
- Failure of your staff to prepare information in a timely manner
- Numerous revisions to your information
- Lack of availability of appropriate Client personnel during fieldwork.

Additionally, to accommodate requests to reschedule fieldwork without reasonable notice, additional billings for our services could be required, and our assigned staffing and ability to meet agreed upon deadlines could be impacted.

Our fee does not include implementation of any other future performance auditing pronouncements and/or government requirements that may change, thus, the scope or amount of auditing necessary to complete our engagements may increase beyond what is currently anticipated. Should such events occur, we would present you with our estimate of any possible increase prior to beginning our audit for

the given year. An equitable adjustment in the proposed fee will be negotiated if the cost of time required for performance of the audit service is increased or decreased pursuant to a change in scope of the audit requested by the District or required by State or Federal regulations.

MISCELLANEOUS

Crowe will provide the services to Client under this Agreement as an independent contractor and not as Client's partner, agent, employee, or joint venturer under this Agreement. Neither Crowe nor Client will have any right, power or authority to bind the other party.

This engagement letter agreement (the "Agreement") reflects the entire agreement between the parties relating to the services (or any reports, deliverables or other work product) covered by this Agreement. The engagement letter and any attachments (including without limitation the attached Master Services Agreement) are to be construed as a single document, with the provisions of each section applicable throughout. This Agreement may not be amended or varied except by a written document signed by each party. It replaces and supersedes any other proposals, correspondence, agreements and understandings, whether written or oral, relating to the services covered by this letter, and each party agrees that in entering this Agreement, it has not relied on any oral or written representations, statements or other information not contained in or incorporated into this Agreement. Any non-disclosure or other confidentiality agreement is replaced and superseded by this Agreement. Each party shall remain obligated to the other party under all provisions of this Agreement that expressly or by their nature extend beyond and survive the expiration or termination of this Agreement. If any provision (in whole or in part) of this Agreement is found unenforceable or invalid, this will not affect the remainder of the provision or any other provisions in this Agreement, all of which will continue in effect as if the stricken portion had not been included. This Agreement may be executed in two or more actual, scanned, emailed, or electronically copied counterparts, each and all of which together are one and the same instrument. Accurate transmitted copies (transmitted copies are reproduced documents that are sent via mail, delivery, scanning, email, photocopy, facsimile or other process) of the executed Agreement or signature pages only (whether handwritten or electronic signature), will be considered and accepted by each party as documents equivalent to original documents and will be deemed valid, binding and enforceable by and against all parties. This Agreement must be construed, governed, and interpreted under the laws of the State of California, without regard for choice of law principles.

Report on the Firm's System of Quality Control

December 5, 2019

To the Partners of Crowe LLP
and the National Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Crowe LLP (the firm) applicable to engagements not subject to PCAOB permanent inspection in effect for the year ended March 31, 2019. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including compliance audits under the Single Audit Act; audits of employee benefit plans; audits performed under FDICIA; audits of broker-dealers; and examinations of service organizations [SOC 2 engagements].

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Crowe LLP applicable to engagements not subject to PCAOB permanent inspection in effect for the year ended March 31, 2019, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Crowe LLP has received a peer review rating of *pass*.

Joint Health Management Board
c/o Fresno Unified School District
2309 Tulare Street
Fresno, California 93721

This letter confirms the arrangements for Crowe LLP ("Crowe" or "us" or "we" or "our") to provide the professional services discussed in this letter to Fresno Health Management School District ("you", "your" or "Client") with respect to Joint Health Management Board ("JHMB"). The attached Master Services Agreement is an integral part of this letter, and the terms of the Master Services Agreement are incorporated herein.

AUDIT SERVICES

Our Responsibilities

We will audit and report on the financial statements of the Joint Health Management Board for the year ending June 30, 2022.

The objective of the audit is the expression of an opinion on the financial statements. We will plan and perform the audit in accordance with auditing standards generally accepted in the United States of America, and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement whether caused by error or fraud. Because of inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with applicable standards. An audit is not designed to detect error or fraud that is immaterial to the financial statements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks that the financial statements could be misstated by an amount that we believe would influence the judgment made by a reasonable user of these financial statements. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

In making our risk assessments, we obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Client's and JHMB's internal control. However, we will communicate in writing to those charged with governance and management concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit. We will communicate to management other deficiencies in internal control identified during the audit that have not been communicated to management by other

parties and that, in our professional judgment, are of sufficient importance to merit management's attention. We will also communicate certain matters related to the conduct of the audit to those charged with governance, including (1) fraud involving senior management, and fraud (whether caused by senior management or other employees) that causes a material misstatement of the financial statements, (2) illegal acts that come to our attention (unless they are clearly inconsequential) (3) disagreements with management and other significant difficulties encountered in performing the audit and (4) various matters related to the Client's and JHMB's accounting policies and financial statements. Our engagement is not designed to address legal or regulatory matters, which matters should be discussed by you with your legal counsel.

As part of our audit, we will conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Client's ability to continue as a going concern for a reasonable period of time.

We expect to issue a written report upon completion of our audit of the Client's financial statements. Our report will be addressed to the Board of Directors of JHMB. Circumstances may arise in which it is necessary for us to modify our opinion, add an emphasis of matter or other matter paragraph or a separate section in the auditor's report, or withdraw from the engagement.

In addition to our report on the financial statements and supplemental information, we plan to issue the following reports:

- Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* — The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the JHMB's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will also perform tests of your compliance with applicable laws, regulations, contracts and grants. However, because of the concept of reasonable assurance and because we will not perform a detailed examination of all transactions, there is a risk that material errors, irregularities, or illegal acts, including fraud or defalcations, may exist and not be detected by us. However, the objective of our audit of compliance relative to the financial statements will not be to provide an opinion on overall compliance with such provisions, and we will not express such an opinion. We will advise you, however, of any matters of that nature that come to our attention, unless they are clearly inconsequential.

Our audit and work product are intended for the benefit and use of the Client and JHMB only. The audit will not be planned or conducted in contemplation of reliance by any other party or with respect to any specific transaction and is not intended to benefit or influence any other party. Therefore, items of possible interest to a third party may not be specifically addressed or matters may exist that could be assessed differently by a third party.

The working papers for this engagement are the property of Crowe and constitute confidential information.

However, we may be requested to make certain working papers available to your oversight agency or grantors pursuant to authority given to them by law, regulation, or contract. If requested, access to such working papers will be provided under the supervision of our personnel. Furthermore, upon request, we may provide photocopies of selected working papers to your oversight agency or grantors. The working papers for this engagement will be retained for a minimum of three years after the date our report is issued or for any additional period requested by the oversight agency or pass-through entity. If we are

aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party contesting the audit finding for guidance prior to destroying the working papers.

Government Auditing Standards require that we provide you with a copy of our most recent peer review report, which accompanies this letter.

The Client and JHMB's Responsibilities

The Client and JHMB's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

The Client and JHMB's management is also responsible for complying with applicable laws, regulations, contracts and grants and such responsibility extends to identifying the requirements and designing internal control policies and procedures to provide reasonable assurance that compliance is achieved.

Management has the responsibility to adopt sound accounting policies, maintain an adequate and efficient accounting system, to safeguard assets, and to design and implement programs and controls to prevent and detect fraud. Management's judgments are typically based on its knowledge and experience about past and current events and its expected courses of action. Management's responsibility for financial reporting includes establishing a process to prepare the accounting estimates included in the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Client's ability to continue as a going concern for one year from the date the Financial Statements are available to be issued.

Management is responsible for providing to us, on a timely basis, all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters. Management is also responsible for providing such other additional information we may request for the purpose of the audit, and unrestricted access to persons within the Client and JHMB from whom we determine it necessary to obtain audit evidence. Additionally, those charged with governance are responsible for informing us of their views about the risks of fraud within the Client and JHMB, and their knowledge of any fraud or suspected fraud affecting the Client and JHMB.

Management is responsible for adjusting the financial statements to correct material misstatements related to accounts or disclosures. As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit, including that the effects of any uncorrected misstatements aggregated by us during the audit are immaterial, both individually and in the aggregate, to the financial statements, and to compliance with the requirements of its Federal programs. Management acknowledges the importance of management's representations and responses to our inquiries, and that they will be utilized as part of the evidential matter we will rely on in forming our opinion. Because of the importance of such information to our engagement, you agree to waive any claim against Crowe and its personnel for any liability and costs relating to or arising from any inaccuracy or incompleteness of information provided to us for purposes of this engagement.

OTHER SERVICES

Financial Statement Preparation

The Client and JHMB will provide us with the necessary information to assist in the preparation of the draft financial statements including the notes thereto. We are relying on the Client and JHMB to provide us with the detailed trial balance, note disclosure information and any other relevant report information in

a timely fashion and ensure the data is complete and accurate. Management is solely responsible for the presentation of the financial statements.

Recordkeeping Assistance

The Client and JHMB will provide us with the necessary information to assist you in your recordkeeping. We will propose year end adjusting entries to management for your review and approval, including cash to accrual conversion entries. We are relying on the Client and JHMB to provide us with the necessary information in a timely fashion and ensure the data is complete and accurate.

With respect to the above other services, we will perform the services in accordance with applicable professional standards. We, in our sole professional judgment, reserve the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities. In connection with performing the above other services, you agree to: assume all management responsibilities including making all management decisions; oversee the service by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, and/or experience; evaluate the adequacy and results of the services performed; and accept responsibility for the results of the services.

FEES

Our fees, inclusive of out-of-pocket expenses, are outlined below. Our invoices are due and payable upon receipt. Invoices that are not paid within 30 days of receipt are subject to a monthly interest charge of one percent per month or the highest interest rate allowed by law, whichever is less, which we may elect to waive at our sole discretion, plus costs of collection including reasonable attorneys' fees. If any amounts invoiced remain unpaid 30 days after the invoice date, you agree that Crowe may, in its sole discretion, cease work until all such amounts are paid or terminate this engagement.

Audit of the Joint Health Management Board's financial statements for the years ending:

June 30, 2022	\$	25,000
June 30, 2023	\$	25,000
June 30, 2024	\$	26,000
June 30, 2025	\$	26,000
June 30, 2026	\$	26,500

The fees outlined above are based on certain assumptions. Those assumptions may be incorrect due to incomplete or inaccurate information provided, or circumstances may arise under which we must perform additional work, which in either case will require additional billings for our services. Examples of such circumstances include, but are not limited to:

- Changing service requirements
- New professional standards or regulatory requirements
- New financial statement disclosures
- Work caused due to the identification of, and management's correction of, inappropriate application of accounting pronouncements
- Erroneous or incomplete accounting records
- Evidence of material weakness or significant deficiencies in internal controls
- Substantial increases in the number of significant deficiencies in internal controls
- Regulatory examination matters
- Change in your organizational structure or size due to merger and acquisition activity or other events
- Change in your controls
- New or unusual transactions
- Agreed-upon level of preparation and assistance from your personnel not provided

- Numerous revisions to your information
- Lack of availability of appropriate JHMB personnel during fieldwork
- Additional audit procedures relating to the impact of COVID-19 on Client or additional regulatory requirements relating thereto.

Additionally, to accommodate requests to reschedule fieldwork without reasonable notice, additional billings for our services could be required, and our assigned staffing and ability to meet agreed upon deadlines could be impacted.

Due to such potential changes in circumstance, we reserve the right to revise our fees. However, if such a change in circumstances arises or if some other significant change occurs that causes our fees to exceed our estimate, we will advise management.

Our fees are exclusive of taxes or similar charges, as well as customs, duties or tariffs, imposed in respect of the Services, any work product or any license, all of which Client agrees to pay if applicable or if they become applicable (other than taxes imposed on Crowe's income generally), without deduction from any fees or expenses invoiced to Client by Crowe.

The Client and Crowe agree that the Client may periodically request Crowe to provide additional services for accounting and reporting advice regarding completed transactions and potential or proposed transactions. The fees for such additional services will be based on Crowe's hourly billing rates plus expenses or as mutually agreed upon between the Client and Crowe.

To facilitate Crowe's presence at Client's premises, Client will provide Crowe with internet access while on Client's premises. Crowe will access the internet using a secure virtual private network. Crowe will be responsible for all internet activity performed by its personnel while on Client's premises. In the event Client does not provide Crowe with internet access while on Client's premises, Client will reimburse Crowe for the cost of internet access through other means while on Client's site.

MISCELLANEOUS

Crowe will provide the services to Client under this Agreement as an independent contractor and not as Client's partner, agent, employee, or joint venturer under this Agreement. Neither Crowe nor Client will have any right, power or authority to bind the other party.

This engagement letter agreement (the "Agreement") reflects the entire agreement between the parties relating to the services (or any reports, deliverables or other work product) covered by this Agreement. Any non-disclosure or other confidentiality agreement is replaced and superseded by this Agreement. Each party shall remain obligated to the other party under all provisions of this Agreement that expressly or by their nature extend beyond and survive the expiration or termination of this Agreement. A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including compliance audits under the Single Audit Act; audits of employee benefit plans; audits performed under FDICIA; audits of broker-dealers; and examinations of service organizations [SOC 2 engagements].

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

or misuse of the District's Confidential Information. Such an action for a restraining order or injunction is in addition to and does not limit all other remedies provided by law or in equity or by agreement between the Parties.

15. Indemnification and Hold Harmless. To the fullest extent allowed by law, the Contractor shall defend, indemnify and hold District, its agents, employees, Board of Trustees, members of the Board of Trustees, officials, officers, volunteers, and representatives ("Indemnitees") free and harmless from any and all claims, demands, negligence (including the active or passive negligence of Indemnitees, regardless of whether sole or otherwise, as allowed by law), causes of action, costs, expenses, liabilities, losses, damages or injuries, fines, penalties in law or equity, regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively "Loss") to the extent arising out of or incident to: 1) the performance or breach of any of the terms and conditions of the contract (including but not limited to) the Contractor's use of the site; or 2) any acts, omissions, negligence, in connection with the performance of Services or otherwise arising from this Contract ("Indemnification"); or 3) the willful misconduct of the Contractor or their respective agents, subcontractors, employees, material or equipment suppliers, invitees, or licensees. a. The Contractor's defense obligations (with counsel approved by District), shall arise immediately upon tender of any of the Indemnitees, and the defense shall be paid at Contractor's own cost, expense and risk, for any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against any of the Indemnitees, notwithstanding whether liability is, can be or has yet been established.

b. The Contractor shall pay and satisfy any judgment, award or decree that may be rendered against any of the Indemnitees, in any such suit, action or other legal proceeding. The Contractor shall reimburse Indemnitees, and each of them, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided.

c. Acceptance of insurance certificates and endorsements required under the contract does not relieve the Contractor from liability under this indemnification and hold harmless clause. The requirements of this Section (Indemnification and Hold Harmless) shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

16. Insurance. Without limiting "Contractor" indemnification, it is agreed that "Contractor" shall secure and maintain in force during the term of this Agreement a Commercial General Liability policy (Contractual liability included) utilizing an occurrence policy form, with limits of not less than one million (\$1,000,000) dollars per occurrence, two million (\$2,000,000) annual aggregate limit. Business automobile Liability Insurance shall be maintained for owned, scheduled, non-owned or hired automobiles with a combined single limit not less than one million (\$1,000,000) dollars per occurrence. In the event that "Contractor's" Commercial General liability policy excludes coverage for sexual molestation and/or abuse claims shall be required to procure a separate or supplemental policy providing such coverage. The limits of coverage for the abuse and molestation policy shall be not less than \$1,000,000 per claim and \$3,000,000 aggregate. If any of the required policies provide coverage on a claims-made basis then the following shall apply; 1) The retroactive date must be shown, and must be before the date of the contract or the beginning of contract work; 2) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract work; (3) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work. Self-insured retentions must be declared to and approved by District. The District may require "Contractor" to provide proof of ability to pay losses and related investigations, claims administration and defense expenses within the retention. The policy shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District.

The District shall be named as an additional insured on the policies by separate endorsement. A Certificate of Insurance and endorsements shall be attached to the Agreement as proof of insurance. The "Contractor" policy shall provide that it is primary such that insurance maintained by the District, if any, shall be excess and not co-primary. "Contractor" shall produce the policy for District, upon request.

17. Independent Contractor Status. While engaged in carrying out the terms and conditions of the contract, the Contractor is an independent contractor, and not an officer, employee, agent, partner, or joint venture of the District.
18. Workers' Compensation Insurance. Contractor agrees to provide all necessary workers' compensation insurance for Contractor's employees, if any, at Contractor's own cost and expense.
19. Fingerprinting Requirements. Contractor hereby acknowledges that, if applicable, it is required to comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Contractor shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. If required by Education Code Section 45125.1, the Contractor and its consultants, prior to any of the Contractor's employees, or those of any other consultants, coming into contact with the District's pupils submit through the DISTRICT fingerprints to the Department of Justice (DOJ) for the monitoring and supervision of employee(s) and/or affiliated constituents. Contractor will not begin work on the Project site until obtaining a DOJ cleared status through the DISTRICT. Contractor further acknowledges that other fingerprinting requirements may apply, as set forth in Education Code Section 45125 et seq., and will comply with any such requirements, including having Consultant certify that none of these employees and/or affiliated constituent(s) will have been convicted of a felony as defined in Education Code section 45122.1. or misuse of the District's Confidential Information. Such an action for a restraining order or injunction is in addition to and does not limit all other remedies provided by law or in equity or by agreement between the Parties.

15. Indemnification and Hold Harmless. To the fullest extent allowed by law, the Contractor shall defend, indemnify and hold District, its agents, employees, Board of Trustees, members of the Board of Trustees, officials, officers, volunteers, and representatives ("Indemnities") free and harmless from any and all claims, demands, negligence (including the active or passive negligence of Indemnities, regardless of whether sole or otherwise, as allowed by law), causes of action, costs, expenses, liabilities, losses, damages or injuries, fines, penalties in law or equity, regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively "Loss") to the extent arising out of or incident to: 1) the performance or breach of any of the terms and conditions of the contract (including but not limited to) the Contractor's use of the site; or 2) any acts, omissions, negligence, in connection with the performance of Services or otherwise arising from this Contract ("Indemnification"); or 3) the willful misconduct of the Contractor or their respective agents, subcontractors, employees, material or equipment suppliers, invitees, or licensees. a. The Contractor's defense obligations (with counsel approved by District), shall arise immediately upon tender of any of the Indemnities, and the defense shall be paid at Contractor's own cost, expense and risk, for any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against any of the Indemnities, notwithstanding whether liability is, can be or has yet been established.

b. The Contractor shall pay and satisfy any judgment, award or decree that may be rendered against any of the Indemnities, in any such suit, action or other legal proceeding. The Contractor shall reimburse Indemnities, and each of them, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided.

c. Acceptance of insurance certificates and endorsements required under the contract does not relieve the Contractor from liability under this indemnification and hold harmless clause. The requirements of this Section (Indemnification and Hold Harmless) shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

16. Insurance. The limits of coverage for the abuse and molestation policy shall be not less than \$2,000,000 per claim and \$4,000,000 aggregate. If any of the required policies provide coverage on a claims-made basis then the following shall apply; 1) The retroactive date must be shown, and must be before the date of the contract or the beginning of contract work; 2) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract work; (3) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work. Self-insured retentions must be declared to and approved by District. The District may require "Contractor" to provide proof of ability to pay losses and related investigations, claims administration and defense expenses within the retention. The policy shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District.

The District shall be named as an additional insured on the policies by separate endorsement. A Certificate of Insurance and endorsements shall be attached to the Agreement as proof of insurance. The "Contractor" policy shall provide that it is primary such that insurance maintained by the District, if any, shall be excess and not co-primary. "Contractor" shall produce the policy for District, upon request.

17. Independent Contractor Status. While engaged in carrying out the terms and conditions of the contract, the Contractor is an independent contractor, and not an officer, employee, agent, partner, or joint venture of the District.

Each item in a change order is the result of one of the following: district request; unknown, unforeseen, or hidden condition; designer error/omission; or regulatory requirement. Change order costs are tracked by item and responsibility identified. Change orders can also include credits to the district. A Project Financial Summary is attached to each change order in the backup material.

**BEFORE THE GOVERNING BOARD OF THE
FRESNO UNIFIED SCHOOL DISTRICT
OF FRESNO COUNTY, CALIFORNIA**

A Resolution by the Governing Board of the Fresno Unified School District (“Board”) to Re-align the Boundaries of Areas from Which Members of the Board Will Be Elected

RESOLUTION NO. 21-16

A Resolution by the Governing Board of the Fresno Unified School District (“Board”) to Re-align the Boundaries of Areas from Which Members of the Board Will Be Elected.

RECITALS

1. The Fresno Unified School District (“District”) currently elects each member of its governing board “by-trustee area”, *i.e.*, “by the registered voters of the that particular area” in which the candidate resides (Educ. Code. § 5030(b)); and
2. California Education Code § 5019.5 requires each school district using trustee area elections to readjust those trustee boundaries in the year following the release of a new Census, to ensure compliance with constitutional equal population requirements; and
3. The Census Bureau released the 2020 Census redistricting data on August 12, 2021; and
4. The California Statewide Database at UC Berkeley released an “adjusted” version of the Census redistricting data, as required by Elections Code § 21003 and Government Code § 8253(b), on September 21, 2021, with a corrected version of those adjusted data released on September 27, 2021; and
5. Those corrected, adjusted Census data have been “validated” by the Demographic Research Unit of the Department of Finance as provided by Education Code § 5019.5; and
6. The District retained an experienced demographic consulting firm, National Demographics Corporation (“NDC”), and experienced legal counsel, to advise it on the process of readjusting its trustee area boundaries; and
7. On September 15, 2021, the Board and the public received a presentation from the District’s legal counsel regarding the procedures and legal and

policy criteria governing redistricting and a preliminary assessment of the demographics of the current trustee areas using the then-available unadjusted Census data; and

8. On October 27, 2021, the Board and public received an additional presentation from the District's legal counsel and from NDC regarding legal and policy criteria and regarding the current demographics of the District's existing trustee areas under the 2020 census, reflecting the data as adjusted by the Statewide Database; and

9. Those final data show that the "total deviation" of the populations of the current trustee areas is 10.77%, slightly exceeding the 10% maximum that the United States Supreme Court has identified as permissible to comply with constitutional equal population requirements, necessitating adjustments to equalize the areas' boundaries; and

10. Following the presentations on October 27, the Board received comment from the public regarding appropriate revisions to the trustee area boundaries and provided instructions to the District's demographic consultants and legal counsel regarding the preparation of mapping options for consideration by the Board at subsequent meetings; and

11. On December 8, 2021, the District's legal counsel presented three draft maps—NDC 101, NDC 102, and NDC 103—prepared by the District's demographic consultants in accordance with the following criteria:

- The boundaries of the trustee areas shall be realigned so that the trustee areas are equal in population as defined by law.
- The boundaries of the trustee areas shall not be gerrymandered in violation of the principles established by the United States Supreme Court in *Shaw v. Reno*, 509 U.S. 630 (1993), and its progeny.
- The boundaries of the trustee areas shall be realigned so that the trustee areas do not result in a denial or abridgement of the right of any citizen to vote on account of race or color as provided in Section 2 of the federal Voting Rights Act.
- The boundaries of the trustee areas shall observe communities of interest, developed primarily around the District's high school attendance areas as reflected in the Master Facility Plan, but also including the current trustee areas, rural or urban populations, municipalities, social interests, agricultural, industrial or service industry interests, and the like, insofar as practicable.
- The boundaries of the trustee areas shall be compact, insofar as practicable.

- The boundaries of the trustee areas shall be created to contain cohesive, contiguous territory, insofar as practicable.
- The boundaries of the trustee areas may observe topography and geography, such as the existence of mountains, flat land, forest lands, man-made geographical features such as highways and canals, etc. as natural divisions between districts, insofar as practicable.
- Unless otherwise required by law, the trustee areas shall be created using whole census blocks.
- The boundaries of the trustee areas may avoid the “pairing” of incumbents in the same trustee area, insofar as this does not conflict with the constitution and laws of the State of California and the United States.

12. Following counsel’s presentation of the draft maps on December 8, 2021, the Board held a duly-noticed public hearing to seek public comment with respect to those three plans; and

13. As part of its redistricting process, the Board approved several methods of enabling the public to submit proposed maps for the Board’s consideration, including paper mapping kits with population figures and two online mapping programs—Maptitude Online Redistricting and Dave’s Redistricting App (“DRA”—all of which could be accessed on the District’s redistricting website, <https://board.fresnounified.org/redistricting/>; and

14. Two public maps were submitted using DRA on December 3, 2021, after the deadline for consideration at the December 8 meeting—one designated as the “Malakai FUSD 2021 Redistricting Map” (hereafter “Malakai”) and the other designated as the “Angeles de la Vivienda FUSD 2021 Redistricting Map” (hereafter “ADV”); and

15. On December 23, 2021, a sixth map was submitted to the District for the Board’s consideration using Dave’s Redistricting App—a map identified as the “Una Nueva California Fresno Unified School District Map” (hereafter “UNC”); and

16. At the regular Board meeting on January 12, 2022, the District’s demographic consultants and legal counsel presented the newly-submitted Malakai, ADV, and UNC maps to the Board, along with further review of NDC 101, NDC 102 and NDC 103; and

17. Following the presentation on January 12, the Board held a second duly-noticed public hearing to receive additional input from the public; and

18. The Board has considered all public comments on the plans; and

19. The populations in the proposed trustee areas of all six draft trustee area plans are substantially equal, in compliance with legal requirements; and

20. Section 2 of the Voting Rights Act, 52 U.S.C. § 10301, prohibits the use of any voting qualification, or prerequisite to voting, or standard, practice, or procedure in a manner which results in a denial or abridgement of the right of any citizen of the United States to vote on account of race or color, and all six draft trustee area plans comply with Section 2 of the Voting Rights Act; and

21. The plans are generally drawn to reflect, primarily, the District's high school attendance areas, but also the cores of the existing trustee areas to the extent possible, while still complying with equal population requirements and federal and state law; and

22. The plans are drawn to be compact and to contain cohesive, contiguous territory to the extent possible; and

23. Five of the six plans—all except the Malakai plan—avoid the “pairing” of incumbent trustees; and

24. The Board prefers the trustee area boundaries in proposed Plan _____, incorporated herein.

NOW, THEREFORE, BE IT RESOLVED as follows:

A. That the above recitals are true and correct.

B. That the Board hereby adopts a revision to its current trustee area boundaries and adopts Plan _____, attached hereto as Exhibit “A” and incorporated herein by this reference, for use at the District's November 2022 election and subsequent elections until a further re-alignment is required pursuant to Education Code § 5019.5, following the release of the 2030 Census.

C. That the Superintendent and/or his designee take all actions necessary to notify the Fresno County Elections Department of the Board's determination forthwith and provide whatever assistance may be required by the Elections Department to complete the process.

D. That because the new redistricting plan may contain technical anomalies caused by errors in the 2020 Census line files that do not substantively affect the populations in the trustee areas, the district boundaries, or the intent of this resolution, which anomalies are not revealed until implementation begins, the Superintendent and/or his designee is authorized to make technical emendations to the new redistricting plan that do not substantively affect the populations in the trustee areas, the trustee area boundaries, or the intent of this resolution, and shall advise the Board of any such emendations that are found to be required in plan implementation by the Fresno County Department of Elections.

E. That the Superintendent and/or his designee shall consult with legal counsel to resolve any legal issues necessary to give effect to this Resolution.

THE FOREGOING RESOLUTION was adopted upon motion by Trustee _____, seconded by Trustee _____, at a noticed meeting held on January 12, 2022, by the following vote:

2020/21 BOND ANNUAL REPORT

This annual report, for the period July 1, 2020 through June 30, 2021, is presented on behalf of the Fresno Unified Citizens' Bond Oversight Committee in accordance with the Committee's Bylaws.

Bond Measure M

Measure M, approved by 60% of the voters in March 2020, authorizes the issuance of \$325 million in general obligation bonds to support projects that:

- increase safety/security
- attract/retain teachers
- improve career education, technology, science classrooms
- remove lead/asbestos
- upgrade heating/air conditioning
- renovate, repair, construct, acquire, equip facilities

The initial issuance of Measure M bonds, \$80 million, was completed in June 2021. The district has been successful in leveraging funding from the State Facility Program for career technical education (CTE) projects using Measure M as the required match. To date, the district has received \$3 million in State grant funds for CTE facilities at Duncan High School and an additional \$9.3 million has been approved but not yet received, for CTE facilities at Edison and Sunnyside High Schools. There is an additional \$9.8 million in potential State funding for other Measure M projects. District projects continue to be designed and bid to meet State Facility Program requirements, to remain eligible for future funding opportunities.

Bond Measure X

Measure X, approved by 67% of the voters in November 2016, authorizes the issuance of \$225 million in general obligation bonds to attract/retain quality teachers and repair/upgrade schools by:

- improving classrooms, career-technical facilities, science labs, technology
- repairing deteriorating restrooms, plumbing, air conditioning, wiring

- removing asbestos/lead hazards
- upgrading security cameras, lighting, fencing, fire safety
- repairing, building, acquiring facilities/equipment
- securing State funds

All Measure X bonding authority has been utilized, in issuances listed below:

- Series A, May 2018, \$60 million
- Series B, August 2019, \$75 million
- Series C, September 2020, \$45 million
- Series D, June 2021, \$45 million

To date, \$5.1 million in State funding has been received for Measure X projects, \$1.9 million has been approved but not yet funded, and \$800,000 has been applied for but not yet approved. There is an additional \$15 million in potential State funding for other Measure X projects in construction and recently completed.

Bond Measure Q

Measure Q, approved by 76% of the voters in November 2010, authorized the issuance of \$280 million in general obligation bonds. All Measure Q bonds have been issued and the proceeds expended. Measure Q projects leveraged close to \$85 million in State and Federal funding.

Tax Rate Impact

Measures Q and X were structured to maintain the tax rate at the time of \$188.86 per \$100,000 of assessed valuation. The tax rate remained stable for eleven consecutive years through 2019/20, before increasing \$25 per \$100,000 of assessed valuation to support Measure M bonds debt service.

State Proposition 39

The district's bond measures are Proposition 39 bonds. State Proposition 39, which was approved by the voters in November 2000, amended Article XIII A, Section 1(b)(3) of the California Constitution to decrease the requirement for passage of local school facilities bonds from two-thirds (66.7%) voter approval to 55%. In conjunction with dropping the approval threshold, Proposition 39 requires that:

- Bond funds must be used only for constructing, rehabilitating, and equipping school facilities, or acquiring/leasing property for school facilities.
- The school projects to be funded with bond funds must be included on the ballot.
- The district must conduct annual, independent performance and financial audits to ensure bond funds have been expended only on eligible school facilities projects.

Citizens' Bond Oversight Committee

The Citizens' Bond Oversight Committee (CBOC) complies with State legislation implementing Proposition 39 that requires school district governing boards to appoint an oversight committee to inform the public concerning the expenditure of bond funds. Per its Bylaws, the CBOC's duties are to

review the quarterly bond expenditure reports produced by the district and present an annual report to the public indicating the district's compliance with the Constitution of the State of California. To perform the duty of reporting on Constitutional compliance, the CBOC receives and reviews the required annual, independent performance and financial audits.

CBOC members, with the exception of the Chair, are appointed by the Board of Education. The Chair is appointed by the Superintendent. Each Board Member has two appointments. Committee members are required to live within Fresno Unified boundaries; be at least 18 years old; and not be a vendor, contractor, consultant, employee or official of the district. CBOC members during all or a portion of 2020/21 were: Brian Andritch, Venancio Gaona, Inez Hill, Cal Johnson, Clint Horwitz, Michael Kelly, Arthur Koster, Michael Lopez, Jose Mejia, Timothy Mudge, Jim Nau, Bruce O'Neal, Dominic Papagni, and Barbara Steck (Chair). The CBOC is staffed by the district's Chief Operating Officer.

The CBOC's quarterly meetings are publicly noticed and held at the Brawley Service Center. Meeting agendas include project updates, review of bond expenditure reports that detail every bond dollar spent by school and project, an audit report presented by the district's independent accountant, other related bond/project topics, and an opportunity for public comment. Meeting materials are provided in advance and available on the district's website. In 2020/21: the August 20, 2020 CBOC meeting was cancelled due to pandemic restrictions; the November 19, 2020, February 18, 2021, and May 20, 2021 meetings were conducted virtually.

Annual and Quarterly Audits of Bond Projects and Bond Expenditures

The CBOC receives and reviews three types of audit reports, as described below.

Required Annual Independent Performance Audit

The district's independent auditor, Crowe Horwath, conducts annual performance audits for Measure Q and Measure X in accordance with government auditing standards. The 2020/21 Measure X General Obligation Bonds Performance Audit and 2020/21 Measure M General Obligation Bonds Performance Audit were reviewed by the CBOC on November 18, 2021. They state the following:

The results of our tests indicated that, in all significant respects, Fresno Unified School District expended Measure X General Obligation Bond funds for the period July 1, 2020 to June 30, 2021 only for the specific projects developed by the District's Board of Education and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

The results of our tests indicated that, in all significant respects, Fresno Unified School District expended Measure M General Obligation Bond funds for the period July 1, 2020 to June 30, 2021 only for the specific projects developed by the District's Board of Education and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

Required Annual Independent Financial Statements Audit

The district's independent auditor, Crowe Horwath, conducts annual audits of the district's financial statements for Measure X and Measure M. District management is responsible for the preparation and fair presentation of the financial statements in accordance with generally accepted accounting standards; the auditor's responsibility is to express an opinion on the financial statements based on the audit. The 2020/21 Measure X General Obligation Bonds Financial Statements Audit and 2020/21 Measure M General Obligation Bonds Financial Statements Audit were reviewed by the CBOC on November 18, 2021. They state the following:

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fresno Unified School District Measure X General Obligation Bonds activity as of June 30, 2021, and the changes in financial position thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fresno Unified School District Measure M General Obligation Bonds activity as of June 30, 2021, and the changes in financial position thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Elective Quarterly Reports on Applying Agreed-Upon Procedures

In addition to the required annual performance and financial audits, the district also engages Crowe Horwath to conduct Quarterly Reports on Applying Agreed-Upon Procedures for bond funds for the periods July 1-September 30, October 1-December 31, and January 1-March 31 each year. These quarterly reports, which exceed the State Constitutional requirement, are reviewed by the CBOC and represent the district's commitment to transparency and accountability. The quarterly audit procedures involve selecting a sample of 25 expenditures across all projects, vendors and expenditure amounts, and evaluating the expenditures against purchase orders and invoices. All 2020/21 Quarterly Reports on Applying Agreed-Upon Procedures for Measure X and Measure M included the following statements by the independent accountant:

The list was mathematically accurate.

Each of the 25 expenditures tested represented valid Bond expenditures, were properly charged to the location indicated, were properly coded as to the nature of the expenditure and were determined to represent acquisition and construction of school facilities, including the furnishing and equipping of school facilities, and were not spent for administrative salaries.

In 2020/21, and for at least the eleven years prior, there were no findings in any bond audit reports.

2020/21 SCHOOL FACILITY FEE PUBLIC INFORMATION REPORT

This report provides information required by Government Code Sections 66001 and 66006 regarding fees collected by school districts for school facilities as a condition of development approved in accordance with Government Code Section 53090.

Summary of the School Facility Fee Program

In accordance with Education Code 17620 and Government Code Section 65995, school districts are authorized to levy fees on new residential and commercial/industrial construction for the purpose of providing school facilities necessitated by the new development. These fees are commonly referred to as “school fees” or “developer fees.” The fee revenue cannot be used for regular maintenance or routine repair of school buildings.

Government Code Section 65995 provides for adjustment of the fees every two years, based upon the change in the Class B construction cost index as determined by the State Allocation Board. The current rates, approved by the Board of Education on June 17, 2020, and effective August 17, 2020, for a two-year period are below:

- \$4.08 per square foot for residential construction
- \$0.66 per square foot for commercial/industrial construction

Purpose of the School Facility Fee, and Nexus Between Fees and Purpose

Fresno Unified utilizes school facility fee revenue to support construction and reconstruction projects, including providing student housing through relocatable classrooms, and to pay administrative, legal, and planning costs. The district is responsible to show the nexus between development within the district and the need to collect school fees to mitigate the impact of the development. New residential and commercial/industrial development generates additional students requiring additional school facilities. Specifically, the square footage of the new developments has a direct relationship to the number of students generated and therefore to the facilities that must be added to accommodate the students.

As reported in the Development Fee Justification Study dated May 2020 and provided to the Board of Education, the district’s current enrollment exceeds the capacity of existing school facilities. The Study indicates that over the next five years, new residential and commercial/industrial development will generate over 520 students for whom additional facilities must be provided.

**FRESNO UNIFIED SCHOOL DISTRICT
BOARD OF EDUCATION**

The cost to provide these additional facilities exceeds the amount of the fees, which are collected on the construction that generates the students. Thus, there is a direct relationship between the school facility fee and the purpose of levying the fee.
