HEAR Report from Superintendent
- Wished everyone a Happy New Year and welcomed everyone to our second semester. Yesterday students returned to campuses and many administrators were out across campuses to support and welcome students. Even though the district had many staff members out ill, the district teams were prepared, and all classrooms were covered. I want to share my gratitude to all teachers, administrators, classified staff, and substitute – the entire Fresno Unified Family for making yesterday a great return from winter break.
HEAR Report from Superintendent - continued

- Recognized January as National Mentoring Month. Every January, the Mentoring Office in the Fresno Unified Department of Prevention and Intervention joins with others across the nation in celebration of National Mentoring Month. The goal is to amplify, promote, and raise awareness about the power of relationships through mentoring. This month, the Mentoring Office will be sharing positive videos and stories, highlighting our innovative programs, recruiting mentors, and providing resources and mentor engagement strategies.

- Thanked our Board of Education for considering the adoption of the recommended Inclusion Resolution (item A-3). This resolution is a bold statement that this Board of Education and I value to prioritize inclusive practices. It shows that we are committed to seeing students with education services as first and foremost, general education students. I recognize how impactful language is and Person First Language is a part of this resolution, ensuring that our district will identify people without stating a category as though it is their identity. This resolution sets in stone one of the district’s top priorities, ensuring that all students with specialized services have substantive daily interaction with their fellow students of all abilities.

- Congratulated Trustee Valerie Davis on her upcoming recognition through the Fresno MLK Jr. Unity Committee. Trustee Davis will be awarded the MLK Education Award by the committee this Friday, January 14 at City Hall.

- Congratulated Sequoia Middle School for being named a California School to Watch. Sequoia was recognized in part for improving academic outcomes, its performing arts program, an award winning CTE technology pathway, a Junior Doctors Academy, a strong campus climate and culture, and a rich co-curricular program.

- Shared this week starts our LCAP engagement process with regional in-person and virtual town halls. This week roundtables begin with Bullard High School tomorrow, January 13 at 5:30 p.m. in the cafeteria. All students, staff, parents, and community members are invited to the Community Roundtable Explorations to help our district improve education. Dinner, childcare, and translation will be provided, and all participants will receive free Fresno Chafee Zoo tickets for an adult, a child, and a giraffe feeding. To find more information on the in-person and virtual town halls head to our website at www.fresnounified.org.

- Shared a final reminder that The Fresno Compact is accepting nominations for business-education partnerships through Friday, January 14, 2022. Districts are invited to nominate business partners who have played a significant role in educational activities and program. The online application is now available.

- Shared a great video created by Fresno Unified GSA students focused on safe spaces and top ways our staff can be strong allies for our LGBTQ+ students. BOARD/SUPERINTENDENT COMMUNICATION

Member Major Slatic: Requested clarity and a board communication regarding weekly COVID testing at school sites. Requested the Board to consider campus safety and at next board meeting, with a roll call vote, agenized re-funding of School Neighborhood Resource Officers on middle school campuses.

Board Clerk Islas: Requested to have information provided in the board script outlining the process of Unscheduled Oral Communications. Requested a board communication be provided regarding the Fresno High School Aquatics program issue. Agreed with Trustee Major Static’s earlier comment, no one can learn in an antagonistic environment. Expressed the need to create an opportunity to have uncomfortable conversations to dismantle racism, oppression, and things that continue to subjugate people in classes within our community. The cultural proficiency trainings could have been handled better. Yet, to reject having cultural proficiency conversations is not beneficial. Cautioned Major Static to be more sensitive about how he addresses individuals. Referring to people’s melanin can be a sensitive topic and is not a way to refer to individuals. Stated individuals should be honored for their culture and ethnicity. Mentioned the district is not mandating vaccines but giving the community an option; parents have full consent. Shared a few COVID statistics. Commented everyone should have a choice. Clarified for the record, the district is not mandating or demanding COVID vaccinations. It is erroneous to say the district is forcing anyone.

Member Davis: Requested staff to connect with the Chief of Police regarding Student Neighborhood Resource Officers. Agreed with Clerk Islas’ request pertaining to Unscheduled Oral Communications. Shared information regarding the first LCAP meeting at Bullard High School and expressed appreciation for the district’s partnership with the Fresno Chafee Zoo. Requested clarity as to meeting format.
BOARD/SUPERINTENDENT COMMUNICATION - continued

Member Cazares: Explained personnel issues are not open for public discussion by the Board and shared the Fresno High School aquatics concern is a personnel issue. Assured the community the Board is looking into the concern. Commented the Board will continue to follow up with Superintendent Dr. Nelson to ensure students know they are being heard. Commented on negative feedback she received when the district ran out of COVID tests. Stated the COVID tests were meant for students, not parents, teachers, or staff. Stated it would behoove the district to explain why tests were provided as they were. Requested Superintendent Dr. Nelson to follow up with staff in addressing these issues. Commented she has received concerns from staff regarding the lack of availability of personal protection equipment (PPE). Ensured staff and the community the district has an adequate amount of PPE. Shared information on how to request PPE and mentioned the district ordered KN95 masks and how to have them delivered to the school site. Shared information regarding an opportunity for students to become pilots. Commented on the opportunity of SNRO’s returning to campuses, and agreed it is a worthwhile discussion. Commented if it should be a conversation to hold at a board workshop. Commented on feedback received when meeting with staff, administration, and counselors at Hoover on how to combine department resources to utilize now to address issues of violence.

Board President Jonasson Rosas: Concurred with colleagues regarding PPE, COVID tests, and the Fresno High aquatics situation. Requested staff to make it abundantly clear the Board is not ignoring the community. Thanked staff for the January 07, 2022 Board Communication, T1-Eliminating Paper Processes; requested the Board be provided information on more ways to go digital. For the record, the Board received zero requests to address the Board on Agenda Item B-16.

For the record, Board members have comments/questions pertaining to Agenda Item B-16. A summary is as follows: Requested clarity as to how the number trends presented on Slide No. 7 will be impacted if a recession occurs in 2024/25. Requested clarity as to what percentage rates these numbers will acquire after 2024/25. Requested clarity as to receiving one-time resources that could be aimed at talent development programs at high schools and middle schools without pathway programs; this would help ensure availability of those types of classes so students would not have to leave neighborhood schools to participate in pathway programs. Requested clarity on educator workforce, one-time resources, specifically in the area of teacher development; could resources be used to develop a teacher pathway program in middle and high school which would help the district develop their own workforce to fill vacancies. Requested clarity as to if the $1.3 billion one-time resources to support new construction and modernization projects is tied to CTE buildings. Provided follow up comment to information presented on Slide No. 8 regarding School Services advocating and providing new information on negotiations for funding based on average daily enrollment and attendance; shared Board Members can help by following up with Legislative Leaders and Assembly Members. Requested clarity as to what the staffing ratio will look like with a recession and declining enrollment. Requested clarity as to how much could the district absorb through attrition. Requested to have attrition information added to subsequent Board Communications or presentations. Recommended for the budget presentation cycle that departments with the least probability of change go later in the presentation cycle since the budget numbers are subject to change; this will help to avoid reviewing presentation too early and changes being made after the budget is adopted. Chief Financial Officer Santino Danisi and Superintendent Dr. Nelson were available to provide clarity.

C. RECEIVE INFORMATION & REPORTS

There were no items received for this section of the agenda.

BOARD/SUPERINTENDENT COMMUNICATION

Board Clerk Islas Recognized Ewing teachers for using their break time to paint the school restrooms with affirming and positive messages in both the English and Spanish language. Recognized that students in the McLane High School Dual
Immersion Program received a collective 3.18 GPA; many of these students are taking AP courses in Spanish. Shared McLane is the only high school offering a Chicano Studies class in Spanish. Kudos to McLane as they are making an extra effort this year to ensure all dual immersion students are UC eligible. Commented as a person working in public health during the day it is hard to hear misinformation being communicated in a public format. Responded to the question about why the district continues to offer vaccinations. Shared that Fresno County in the past week has grown from approximately 125 cases per 100,000 population to 175 cases per 100,000 population, Fresno County has reached 2,426 deaths, an unvaccinated person is eight times more likely to be hospitalized and twenty-one times more likely to die of the virus. Explained this is part of the reason why we need to continue to offer vaccinations. Mentioned, in California 6.8 million lab confirmed COVID cases have been documented, 750,000 of those in the past week. 77,306 deaths of fellow Californians have occurred as a result to COVID. Commented on the importance of vaccinations, testing, and prevention. Commented the district is not mandating vaccinations but offering them to the community. Stated she believes in science and not anti-vaxxers.

**Member Davis:** Recognized the Student Advisory Board at Hoover High School, for leading a great zoom meeting. Commended the students who helped with the MLK Day of Service. Invited Superintendent Dr. Nelson and district staff to the Diversity Rally and Dance at Sunnyside High School, mentioned diversity is a strength in the Sunnyside region, the students and community are proud of where they come from. It is a wonderful experience, and all are encouraged to attend.

**Member Major Slatic:** Commented on parent concerns he has received regarding their children being vaccine shamed by fellow students and teachers. Commented parents asked him to speak to their children because they knew of his background in laboratory medicine and biotechnology Requested the Superintendent to provide a Board Communication on what the district has in a file as the scientific definition for the following: randomized, double blinded, and controlled studies on COVID related illness which are peer reviewed and published. Commented on an incident which occurred at Bullard High School on December 15 and 16, in which an adult posed as a student and trespassed on to the campus and into a P.E. class wherein the adult assaulted and battered a student. Commented the constituents in his community are asking if this resulted in a citation/arrest. Requested the Superintendent to place on a February board agenda an item addressing the fencing at Bullard High School. Requested a board communication be provided which addresses the possible increase to the daily rate for substitutes with math and science credentials. Referenced a Board Communication dated January 14, 2022, which stated between August 02 and December 17, 2021 only 10 substitute teachers with a math or science credential were available to cover for 367 math and science teachers who were absent, this is .279 of a percent. Commented it is a matter of doing something so substitutes with appropriate credentials are in our classrooms if a teacher is absent.
**Member Cazares** Thanked students for the wonderful job they did conducting the Hoover High School Student Advisory Board meeting. Thanked students for their leadership on and off campus and always graciously welcoming the Trustees. Thanked Trustee Davis and Thomas for attending virtually. Mentioned student advisory board members would love to see district leaders at their meetings to hear from them directly. Hopeful to get back soon to in-person meetings. Agreed on the need for properly credentialed math and science substitutes. Requested clarity as to how the district will support student athletes and athletic directors with the cancellation of the Central Section Championships for Boys Basketball sponsored by the County Office of the Superintendent of Schools; requested the district to message in a timely manner if something else will be put in its place.

**D. ADJOURNMENT**

Board President Jonasson Rosas ADJOURNED the meeting at 6:25 p.m.

b. Contractor hereby agrees that it shall not disclose Confidential Information, and any materials, discussions, or other communications concerning Confidential Information to any person or entity, except to its own employees, contractor personnel, and to its attorneys, accountants, consultants and other professional advisors having a “need to know,” and who are themselves bound by similar nondisclosure restrictions (collectively, “Representatives”). If Contractor becomes aware of any disclosure or use not in compliance with this Agreement, Contractor shall notify the District in writing within three (3) business days. Contractor shall use at least the same degree of care in safeguarding Confidential Information as it uses in safeguarding its own confidential information. Representatives shall be bound to comply with all terms of this Paragraph

13B. Upon the request of the District, Contractor shall provide a written acknowledgment from each of its Representatives that said Representative is bound by the terms of this Paragraph 13B.

14. Injunctive Relief. Each Party acknowledges that a breach or threatened breach of this Agreement may cause immediate and irreparable harm to the District and that, to protect against such harm, the District may seek from a court of competent jurisdiction the issuance of a restraining order or injunction to prohibit any threatened disclosure.
or misuse of the District’s Confidential Information. Such an action for a restraining order or injunction is in addition to and does not limit all other remedies provided by law or in equity or by agreement between the Parties.

15. **Indemnification and Hold Harmless.** To the fullest extent allowed by law, the Contractor shall defend, indemnify and hold District, its agents, employees, Board of Trustees, members of the Board of Trustees, officials, officers, volunteers, and representatives (“Indemnities”) free and harmless from any and all claims, demands, negligence (including the active or passive negligence of Indemnities, regardless of whether sole or otherwise, as allowed by law), causes of action, costs, expenses, liabilities, losses, damages or injuries, fines, penalties in law or equity, regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively “Loss”) to the extent arising out of or incident to: 1) the performance or breach of any of the terms and conditions of the contract (including but not limited to) the Contractor’s use of the site; or 2) any acts, omissions, negligence, in connection with the performance of Services or otherwise arising from this Contract (“Indemnification”); or 3) the willful misconduct of the Contractor or their respective agents, subcontractors, employees, material or equipment suppliers, invitees, or licensees. The Contractor’s Indemnification includes, but is not limited to, the payment of all damages and attorney’s fees, fines, penalties and other related costs and expenses.

   a. The Contractor’s defense obligations (with counsel approved by District), shall arise immediately upon tender of any of the Indemnities, and the defense shall be paid at Contractor’s own cost, expense and risk, for any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against any of the Indemnities, notwithstanding whether liability is, can be or has yet been established.

   b. The Contractor shall pay and satisfy any judgment, award or decree that may be rendered against any of the Indemnities, in any such suit, action or other legal proceeding. The Contractor shall reimburse Indemnities, and each of them, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided.

   c. Acceptance of insurance certificates and endorsements required under the contract does not relieve the Contractor from liability under this indemnification and hold harmless clause. The requirements of this Section (Indemnification and Hold Harmless) shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

16. **Insurance.** Without limiting “Contractor” indemnification, it is agreed that “Contractor” shall secure and maintain in force during the term of this Agreement a Commercial General Liability policy (Contractual liability included) utilizing an occurrence policy form, with limits of not less than two million ($2,000,000) dollars per occurrence, four million ($4,000,000) annual aggregate limit. Business automobile Liability Insurance shall be maintained for owned, scheduled, non-owned or hired automobiles with a combined single limit not less than two million ($2,000,000) dollars per occurrence. In the event “Contractor” is working with students individually or providing professional services to students, “Contractor” shall maintain a policy providing coverage for sexual molestation and/or abuse claims. In the event that “Contractor’s” Commercial General liability policy excludes coverage for sexual molestation and/or abuse claims shall be required to procure a separate or supplemental policy providing such coverage. The limits of coverage for the abuse and molestation policy shall be not less than $2,000,000 per claim and $4,000,000 aggregate. If any of the required policies provide coverage on a claims-made basis then the following shall apply; 1) The retroactive date must be shown, and must be before the date of the contract or the beginning of contract work; 2) insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract work; (3) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Contractor must purchase “extended reporting” coverage for a minimum of five (5) years after completion of work. Self-insured retentions must be declared to and approved by District. The District may require “Contractor” to provide proof of ability to pay losses and related investigations, claims administration and defense expenses within the retention. The policy shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District.

The District shall be named as an additional insured on the policies by separate endorsement. A Certificate of Insurance and endorsements shall be attached to the Agreement as proof of insurance. The “Contractor” policy shall provide that it is primary such that insurance maintained by the District, if any, shall be excess and not co-primary. “Contractor” shall produce the policy for District, upon request.
17. **Independent Contractor Status.** While engaged in carrying out the terms and conditions of the contract, the Contractor is an independent contractor, and not an officer, employee, agent, partner, or joint venture of the District.

18. **Workers’ Compensation Insurance.** Contractor agrees to provide all necessary workers’ compensation insurance for Contractor’s employees, if any, at Contractor’s own cost and expense.

19. **Fingerprinting Requirements.** Contractor hereby acknowledges that, if applicable, it is required to comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Contractor shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. If required by Education Code Section 45125.1, the Contractor and its consultants, prior to any of the Contractor’s employees, or those of any other consultants, coming into contact with the District's pupils submit through the DISTRICT fingerprints to the Department of Justice (DOJ) for the monitoring and supervision of employee(s) and/or affiliated constituents. Contractor will not begin work on the Project site until obtaining a DOJ cleared status through the DISTRICT. Contractor further acknowledges that other fingerprinting requirements may apply, as set forth in Education Code Section 45125 et seq., and will comply with any such requirements, including having Consultant certifies Consultants certify that none of these employees and/or affiliated constituent(s) will have been convicted of a felony as defined in Education Code section 45122.1. “Fingerprinting Requirements,” is expressly understood and agreed to by the parties hereto:

13. Confidential Information

a. For the purposes of this Agreement "Confidential Information" includes any written or oral information or data, disclosed by either Party to the other, which may include, without limitation, information relating to technical, financial, personnel, personal employee information, the network, corporate, administration, design, benefits, or contractual affairs of either Party or a third party that has been identified as confidential or that by the nature of the circumstances surrounding disclosure ought reasonably to be treated as confidential.

b. Contractor hereby agrees that it shall not disclose Confidential Information, and any materials, discussions, or other communications concerning Confidential Information to any person or entity, except to its own employees, contractor personnel, and to its attorneys, accountants, consultants, and other professional advisors having a "need to know," and who are themselves bound by similar nondisclosure restrictions (collectively, "Representatives"). If Contractor becomes aware of any disclosure or use not in compliance with this Agreement, Contractor shall notify the District in writing within three (3) business days. Contractor shall use at least the same degree of care in safeguarding Confidential Information as it uses in safeguarding its own confidential information. Representatives shall be bound to comply with all terms of this Paragraph

13B. Upon the request of the District, Contractor shall provide a written acknowledgment from each of its Representatives that said Representative is bound by the terms of this Paragraph 13B.

c. Contractor’s obligation under this Agreement to not disclose Confidential Information shall not apply to information that: (a) becomes generally available to the public other than as a result of unauthorized disclosure by Contractor or a third party; (b) is independently developed by Contractor without the aid, application or use of Confidential Information; or (c) was received by Contractor on a non-confidential basis prior to receipt from the District or from a third-party lawfully possessing and lawfully entitled to disclose such information.

d. Disclosure of Confidential Information shall not be precluded if such disclosure is: (a) required pursuant to a valid court order; or (b) in the opinion of legal counsel for Contractor, is otherwise required by law, provided that in either circumstance:

i. Contractor shall furnish the District with a copy of the demand, summons, subpoena or other legal process to compel such disclosure;

ii. Contractor shall give the District reasonable prior notice of its intention to disclose Confidential Information in order to allow the District an opportunity to seek appropriate protection; and

iii. Contractor shall take all reasonable steps including, without limitation, the pursuit of a protective order, to restrict the disclosure of Confidential Information to the greatest extent possible.

c. All Confidential Information provided by the District to Contractor is and shall forever remain the sole and exclusive property of the District. By granting access to Confidential Information, the District does not grant any express or implied right to Contractor to use, publish or disclose any Confidential Information. After its review of the Confidential Information Contractor will return to the District all Confidential Information disclosed to it (including copies or summaries of Confidential Information), or with the District’s permission destroy the Confidential Information and certify in writing that it has been destroyed.

14. Injunctive Relief. Each Party acknowledges that a breach or threatened breach of this Agreement may cause immediate and irreparable harm to the District and that, to protect against such harm, the District may seek from a court of competent jurisdiction the issuance of a restraining order or injunction to prohibit any threatened disclosure.
or misuse of the District's Confidential Information. Such an action for a restraining order or injunction is in addition to and does not limit all other remedies provided by law or in equity or by agreement between the Parties.

15. Indemnification and Hold Harmless. To the fullest extent allowed by law, the Contractor shall defend, indemnify and hold District, its agents, employees, Board of Trustees, members of the Board of Trustees, officials, officers, volunteers, and representatives ("Indemnities") free and harmless from any and all claims, demands, negligence (including the active or passive negligence of Indemnities, regardless of whether sole or otherwise, as allowed by law), causes of action, costs, expenses, liabilities, losses, damages or injuries, fines, penalties in law or equity, regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively "Loss") to the extent arising out of or in incident to: 1) the performance or breach of any of the terms and conditions of the contract (including but not limited to) the Contractor's use of the site; or 2) any acts, omissions, negligence, in connection with the performance of Services or otherwise arising from this Contract ("Indemnification"); or 3) the willful misconduct of the Contractor or their respective agents, subcontractors, employees, material or equipment suppliers, invitees, or licensees. The Contractor's Indemnification includes, but is not limited to, the payment of all damages and attorney's fees, fines, penalties and other related costs and expenses.

   a. The Contractor's defense obligations (with counsel approved by District), shall arise immediately upon tender of any of the Indemnities, and the defense shall be paid at Contractor's own cost, expense and risk, for any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against any of the Indemnities, notwithstanding whether liability is, can be or has yet been established.

   b. The Contractor shall pay and satisfy any judgment, award or decree that may be rendered against any of the Indemnities, in any such suit, action or other legal proceeding. The Contractor shall reimburse Indemnities, and each of them, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided.

   c. Acceptance of insurance certificates and endorsements required under the contract does not relieve the Contractor from liability under this indemnification and hold harmless clause. The requirements of this Section (Indemnification and Hold Harmless) shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

16. Insurance. Without limiting "Contractor" indemnification, it is agreed that "Contractor" shall secure and maintain in force during the term of this Agreement a Commercial General Liability policy (Contractor's liability included) utilizing an occurrence policy form, with limits of not less than two million ($2,000,000) dollars per occurrence, four million ($4,000,000) annual aggregate limit. Business automobile Liability Insurance shall be maintained for owned, scheduled, non-owned or hired automobiles with a combined single limit not less than two million ($2,000,000) dollars per occurrence. In the event Contractor is working with students individually or providing professional services to students, "Contractor" shall maintain a policy providing coverage for sexual molestation and/or abuse claims. In the event that Contractor's Commercial General Liability policy excludes coverage for sexual molestation and/or abuse claims shall be required to procure a separate or supplemental policy providing such coverage. The limits of coverage for the abuse and molestation policy shall not be less than $2,000,000 per claim and $4,000,000 aggregate. If any of the required policies provide coverage on a claims-made basis then the following shall apply: 1) The retrospective date must be shown, and must be before the date of the contract or the beginning of contract work; 2) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract work; 3) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work. Self-insured retentions must be declared to and approved by District. The District may require "Contractor" to provide proof of ability to pay losses and related investigations, claims administration and defense expenses within the retention. The policy shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District.

The District shall be named as an additional insured on the policies by separate endorsement. A Certificate of Insurance and endorsements shall be attached to the Agreement as proof of insurance. The "Contractor" policy shall provide that it is primary such that insurance maintained by the District, if any, shall be excess and not co-primary. "Contractor" shall produce the policy for District, upon request. Claims, judgments or settlement amounts in excess of Contractor's existing per occurrence or aggregate limits shall be satisfied by Contractor's umbrella policy/coverage, which shall follow the general liability coverage as to form.

Contractor will not begin work on the Project site until obtaining a DOJ cleared status through the DISTRICT. b. The Contractor shall pay and satisfy any judgment, award or decree that may be rendered against any of the Indemnities, in any such suit, action or other legal proceeding. The Contractor shall reimburse Indemnities, and each of them, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided.

c. Acceptance of insurance certificates and endorsements required under the contract does not relieve the Contractor from liability under this indemnification and hold harmless clause. The requirements of this Section (Indemnification and Hold Harmless) shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

16. Insurance. The limits of coverage for the abuse and molestation policy shall be not less than $2,000,000 per claim and $4,000,000 aggregate. If any of the required policies provide coverage on a claims-made basis then the following shall apply: 1) The retroactive date must be shown, and must be before the date of the contract or the beginning of contract work; 2) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract work; (3) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Contractor must purchase “extended reporting” coverage for a minimum of five (5) years after completion of work. Self-insured retentions must be declared to and approved by District. The District may require “Contractor” to provide proof of ability to pay losses and related investigations, claims administration and defense expenses within the retention. The policy shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District.

The District shall be named as an additional insured on the policies by separate endorsement. A Certificate of Insurance and endorsements shall be attached to the Agreement as proof of insurance. The “Contractor” policy shall provide that it is primary such that insurance maintained by the District, if any, shall be excess and not co-primary. “Contractor” shall produce the policy for District, upon request.

CPS HR’s core competency is its knowledge of and expertise in the public sector. As a public agency, we understand the challenges and issues facing our client base. We provide best practice expertise that is unique because CPS HR believes in an integrated, systems-based approach to human resources. Our consultants understand that the multiple functional human resources disciplines (including classification and compensation) work together to foster an optimal Human Resource system.

With more than 90 full-time employees as well as 200+ project consultants and technical experts nationwide, CPS HR delivers breakthrough solutions that help public sector organizations impact the communities they serve. CPS HR has worked with more than 1,200 government and public/non-profit clients throughout the United States and Canada.

Joint Powers Authority. Cooperative Personnel Services, doing business as CPS HR Consulting, is a national firm and is a governmental Joint Powers Authority (JPA) of the State of California. A JPA is a public agency created pursuant to the Joint Exercise of Powers Act (Government Code 6500 et seq). This Act allows two or more government agencies to establish a new public entity authorized to exercise those powers jointly held. A JPA is an instrumentality of a state or a political subdivision of a state and is not a registered corporation of any state. Cooperative Personnel Services was established under a “Joint Powers Agreement” by the State Personnel Board of the State of California, the counties of Sacramento and Sonoma, the Hayward Unified School District, the City of Anaheim, and the East Bay Municipal Utility District, and its purpose is to provide the opportunity for the joint powers “to discuss, study and solve common or similar problems with respect to modern human resource and related management processes.”
Distinguishing Characteristics

**Depth of experience working in public agencies.** CPS HR is a joint powers authority, and as such, our charter mandates that we provide services exclusively to public agencies and non-profits. CPS HR has conducted hundreds of classification and compensation related studies for cities, counties, courts, special districts, water and utilities, and higher education institutions.

**Automated Solution.** CPS HR utilizes a proprietary system called Comp Calculator for the management and analysis of compensation survey data. The Comp Calculator is a web-based program that allows for the data entry of survey data on an agency-by-agency basis and then generates a separate datasheet within Excel for each surveyed classification. We can also provide access to shared documents through our SharePoint™ website and use MS Teams for collaboration.

**Quality and tailored services.** CPS HR delivers quality and tailored classification and compensation services to better meet each client’s unique study goals and objectives.

**Our familiarity and extensive experience in California.**

We have developed a thorough familiarity with regional issues such as housing costs, transportation, demographics, employment rates, and economic conditions from several consulting engagements throughout California. These engagements include multiple classification and compensation studies for the cities of Anaheim, Vista, Encinitas, Huntington Beach, and Thousand Oaks to just name a few; as well as the counties of Orange, San Luis Obispo, Ventura; and special districts such as San Diego Association of Governments, Superior Court of California-County of Orange, Mojave Water Agency, OCTA, OCFA, and Ventura Regional Sanitation District. Possessing this in-depth experience with the region, combined with our overall classification and compensation experience, strengthens our understanding of the District’s needs and what is required to meet your unique objectives.

**Project List**

We have conducted hundreds of classification and compensation studies for school districts, colleges, universities, cities, counties, and special districts. In addition, with our acquisition of Ewing Consulting, we have added up to 35 years of experience in classification and compensation studies specifically in the education market. Due to the significant number of projects, we provide two partial lists of agencies for which we have provided classification and compensation services. **Table 1** specifically highlights school districts, including our Ewing Consulting client base and **Table 2** highlights public agency clients.

Key Personnel

We reserve the right to substitute equally qualified staff at the time of project award based on capacity considerations.

Project Manager

We have selected *Ms. Suzanne Ansari* to serve as Project Manager and Point of Contact. The Project Manager’s role will be to work directly with the District’s Internal Project Manager to (i) ensure the District’s study needs and goals and objectives are understood and accurately communicated to District management, other key stakeholders, and the CPS HR Project Team; (ii) conduct client meetings; (iii) be responsive to all client requests; (iv) manage the work of the CPS HR Project Team; (v) meet timeline and budget expectations; (vi) conduct quality control of deliverables; and (vii) meet/provide information/present results to the District.
Approach

Study Workplan

The compensation work plan outlined in this section is intended to define all tasks within a base salary and comprehensive total compensation study from labor market selection to final reports, and the types of deliverables associated with each task.

Task 1 – Review the District’s Background Materials. Upon contract execution, CPS HR will request background information from the District to ensure our Project Manager and Project Team are prepared for initial meetings. Examples include: 1. Compensation philosophy and strategy; 2. Salary schedules; 3. Benefits summaries; 4. Budget Information; 5. Memorandums of Understanding (MOUs); 6. Compensation policies and procedures, past studies; and 7. Other documents relevant to the study.

Task 2 – Initial Project Meeting/Labor Market Agency and Benchmark Selection Discussions. The CPS HR Project Manager will meet with the District’s Internal Project Manager and any other designated stakeholders, including executive management and labor representatives, to discuss the study methodologies, deliverables, timelines, communication, and data collection methods. The CPS HR Project Manager will determine the District’s compensation philosophy in this meeting to obtain direction and consensus. Additionally, the CPS HR Project Manager will be available to conduct a workshop with these key stakeholders to discuss the following elements of compensation policy:

- Labor Market Agency Selection - This section of the workshop focuses on the typical labor market selection criteria and the process by which CPS HR will evaluate and prepare recommendations for the District’s labor market agencies; such selection criteria typically includes: (i) Geographic Proximity, (ii) Services provided, (iii) Past labor market agency practices, (iv) Cost of Living/Cost of Wages, and (v) Size of the organization (measures may include number of employees or population).

- Additional workshop topics are
  - Labor market position (i.e., median, mean, or other percentile)
  - Benchmark classifications to be selected based on the following criteria:
    - They should be classifications for which counterparts can readily be found in surveyed employers so that sufficient compensation data can be gathered. Classifications which have a large number of comparables from other agencies are generally selected as benchmark classifications.
    - Benchmark classifications should have significant relationships to other classifications in their occupational group. This ensures they will make good reference points in relating and establishing salaries for other classifications within their occupational groups.
  - Elements of total compensation to be surveyed
Client Responsibilities and/or Pricing Assumptions Associated with Task:

**Principal & Vice Principal:**
- It is assumed that no more than 6 benchmark classifications will be identified.
- It is assumed that no more than 10 labor market agencies will be selected for comparison by the District.

**Guidance & Learning Advisor:**
- It is assumed that no more than 1 benchmark classification will be identified.
- It is assumed that no more than 10 labor market agencies will be selected for comparison by the District.

**Task 3 – Design, Develop, and Distribute the Survey Instrument.** The CPS HR Project Team will develop a comprehensive survey instrument to ensure the effective collection of compensation data from each of the survey agencies. For a total compensation study, the following elements of total compensation are added to the base salary survey: (i) Cash add-ons premium pays such as longevity pay and deferred compensation; (ii) Agency contribution to medical, dental, and vision programs; (iii) Agency contributions to defined-benefit retirement programs and Social Security practices; and (iv) Paid time off practices such as Holiday leave, vacation and sick leave, and administrative leave. Additional benefits and/or policies can be collected as agreed.

**Task 4 – Review, Analyze, and Validate Labor Market Survey Data.** We begin labor market data collection by researching available information online to make preliminary classification matches and obtain benefits data. The CPS HR Project Team will reach out to labor market agencies to confirm and/or complete survey data after completing as much pre-work as possible. We find that this initial collection effort results in greater participation from the labor market agencies. Once we have completed our survey analysis tasks, the CPS HR Project Manager will audit the final data as part of our quality review process.

Classification matching includes reviewing agency background materials such as copies of classification specifications, organization charts, staffing information, and other useful materials to substantiate the accuracy of the comparability of the matches. It is critical that the CPS HR Project Team review such documents since titles alone can often be misleading and should not be relied upon.

To determine whether a match from a labor market agency is comparable to the District’s benchmark, CPS HR utilizes a whole job analysis methodology; this commonly used methodology analyzes the job as a whole, rather than by individual factors, by evaluating the core duties and responsibilities, the nature and level of work performed, and the minimum qualifications to determine whether the classification is comparable enough to be utilized as a match.

Client Responsibilities and/or Pricing Assumptions Associated with Task:
- Should any labor market agencies be non-responsive to requests for information, we will provide the District with contact information and request that they use their professional contacts to follow up on CPS HR’s behalf. We have found this approach to be beneficial.
- At an additional cost, the District may add additional labor market agencies should any in the initial selection be non-responsive or not provide sufficient matches.
Responsiveness of labor market agencies is absolutely critical to maintaining the agreed timeline. An amended timeline will be provided by the CPS HR Project Manager if the data collection period is pushed out.

Task 5 – Design and Develop Data Spreadsheets. CPS HR will develop an individual data sheet for each survey classification that presents the comparable classification used in each agency with the relevant data associated with that classification, such as the position ranking within the labor market and salary range minimum and maximum.

The labor market data analyses will be conducted based upon the labor market position affirmed within the District’s compensation philosophy (e.g., median, mean, or other percentile). Each comparable match for each survey classification is reported in the relevant data sheet for full disclosure and review by others. We find this level of transparency in matching provides for a better understanding and acceptance of study results.

Task 6 – Conduct Benefits Analysis. The benefit data submitted from the labor market agencies will be analyzed quantitively and qualitatively.

In the quantitative analysis, specific benefits will be incorporated into the base salary data sheets to provide a total compensation analysis. This analysis of program costs will provide the District with an understanding of how the study classes compare against their market when the costs of benefits programs are taken into consideration. Within these data sheets, four different analyses can be conducted based on how our clients wish to view the data:

1. An analysis of the survey classification’s position within the labor market for base salary
2. An analysis of the survey classification’s position within the labor market when the cost of cash add-ons is taken into consideration (total cash)
3. An analysis of the survey classification’s position within the labor market when the cost of cash add-ons and health programs are taken into consideration
4. An analysis of the survey classification’s position within the labor market when the cost of cash add-ons, health program costs, and retirement contributions are taken into consideration (total compensation)

The qualitative analysis will include a write-up of the general trends of benefits offered across the agencies as well as summary tables showing the practices of each agency.

Task 7 – Prepare Draft Salary Recommendations. Provided below is the methodology CPS HR utilizes for establishing salary levels for benchmark classifications in our compensation studies.

1. Conduct a comprehensive understanding of the District’s approach to identify the benchmark classifications to be used in the salary setting process.
2. Establish salary recommendations for these benchmark classifications by setting the salary level based on the market data.
3. Conduct a comprehensive review of the District’s current internal alignment differentials to determine what their practices are, and if they should be adjusted.
4. Apply recommended internal differentials within job families to build the salary recommendations for classifications which have significant relationships to each other because they are in the same job series or family.

The salary recommendations for each study classification will display the following information: (i) Classification title; (ii) Current monthly range maximum; (iii) Recommended monthly range maximum; and (iv) The percentage difference and/or dollar amount difference between the current and recommended monthly range maximum and the steps within a range, if desired. This information will provide the District with the percentage and dollar amount of any increase on a classification-by-classification basis.

**Task 8 – Prepare and Present Draft Compensation Report.** The CPS HR Project Team will develop a Draft Compensation Report detailing the results of the labor market survey and a suggested implementation plan to address salary range changes. This draft report will comprise the following: 1. Scope of the study; 2. Labor market agencies, including the comparable characteristics (e.g., size, scope of services, number of employees, etc.); 3. Study benchmarks; 4. Labor market data analysis/methodologies; 5. Results of the base salary survey; 6. Results of the benefits analyses; 7. Results of the total compensation analysis; 8. Salary recommendations for all classifications; and 9. Implementation methods.

CPS HR will review the draft report with the Internal Project Manager and designated stakeholders.

**Client Responsibilities and/or Pricing Assumptions Associated with Task:**

- Costs assume one meeting, for up to two hours, with primary District Project Manager/HR staff to discuss the Draft Compensation Report.
- As the District conducts its review of the Draft Report, client comments and questions will be captured in a single document provided on the online shared drive.

**Task 9 – Research and Resolve Issues/Prepare and Present the Final Compensation Report.** Based upon the District’s review of the Draft Compensation Report, the CPS HR Project Team will follow-up and resolve any outstanding compensation issues. CPS HR will prepare a final compensation report and will discuss it with the Internal Project Manager and designated stakeholders.

**Client Responsibilities and/or Pricing Assumptions Associated with Task:**

- Costs assume one meeting, for up to 1.5 hours, with primary District stakeholders to present the Final Compensation Report.

---

1 It is CPS HR’s standard practice to assist our clients with evaluating and developing a method to implement compensation changes that are identified as a result of the study and this is included within the proposed budget. Our salary recommendations will provide the District with the percentage of pay required to maintain each classification at the desired market position, as well as an average percentage of all classifications within the compensation plan. CPS HR can also provide information on typical implementation strategies such as Step-to-Step and Closest Dollar. However, CPS HR does not provide a detailed analysis of individual employee implementation and costs since our clients typically utilize their own systems for that purpose.

Due to the compression of the 1999-2000 salary schedule, teachers with 7 yrs or less service credit will be placed on the salary level which represents their current year of service. For example, if you are coming into FUSD with 2 yrs experience from another district, you will begin at level 3.

Teachers with 8 or more years of experience will begin at the level representing completed years of experience. For example, if you are coming into FUSD with 8 yrs experience from another district, you will begin at level 8.

*Class V (A05) effective July 1, 2015. Placement on Class V (A05) is contingent upon completion of 9 units of continual professional learning the professional development office prior to the beginning of the new school year.

To remain on Class V (A05), 9 additional units of District continual professional learning must be completed every 3 years (i.e., if started A05 in 2015-16 school year, additional 9 units must be completed by July 1, 2018, etc.)

Rates set forth for Class V (A05) are based on the current Salary Schedule and will be updated to reflect any negotiated changes.

### Additions to Placement on the Basic Annual Schedule

| Annual | | | | | |
|--------|--------|--------|---------|---------|
| $500 for BA + 90* | $1000 for M.A. on all classes* | $1500 for earned Doctorate* | $1250 for National Board Certification for Teachers* |

* Additions are non-cumulative

### Career Increment for FUSD Service Years

Career increment: Career increment of 1.6% each year from the 11th to the 15th year to a total of 8.0% at the 15th year and thereafter. Years of credited service for career increment purposes shall mean years of service in FUSD except that up to five (5) years of service credit shall be granted for out-of-district service. All regular District employment will apply for career increment.

For example, a teacher in Class IV (A04), level 10 meeting the appropriate years of service would receive the following compensation:

All units earned beyond the Bachelor Degree must be upper division or graduate courses. Lower division courses in Mathematics, Foreign Language and Physical Science may be acceptable if not yet taken during undergraduate years.

Due to the compression of the 1999-2000 salary schedule, teachers with 7 yrs or less service credit will be placed on the salary level which represents their current year of service. For example, if you are coming into FUSD with 2 yrs experience from another district, you will begin at level 3.

Teachers with 8 or more years of experience will begin at the level representing completed years of experience. For example, if you are coming into FUSD with 8 yrs experience from another district, you will begin at level 8.

**Note:** Steps below **solid line** available only to personnel hired prior to 1969-70 school year. The general requirement for a unit member to be placed in Class I (A01) is a BA+30 units; however, exceptions may be made when conditions warrant such exceptions.

- **Unit members with less than a BA+30 units shall advance beyond Class 1 (A01), Step 1 only if they were hired prior to 1969-70.**

*Class V (A05) effective July 1, 2015. Placement on Class V (A05) is contingent upon completion of 9 units of continual professional learning through the professional development office prior to the beginning of the new school year.

To remain on Class V (A05), 9 additional units of District continual professional learning must be completed every 3 years (i.e., if started A05 in 2015-16 school year, additional 9 units must be completed by July 1, 2018, etc.)

Rates set forth for Class V (A05) are based on the current Salary Schedule and will be updated to reflect any negotiated changes.

All units earned beyond the Bachelor Degree must be upper division or graduate courses. Lower division courses in Mathematics, Foreign Language and Physical Science may be acceptable if not yet taken during undergraduate years.

Due to the compression of the 1999-2000 salary schedule, teachers with 7 yrs or less service credit will be placed on the salary level which represents their current year of service. For example, if you are coming into FUSD with 2 yrs experience from another district, you will begin at level 3.

Teachers with 8 or more years of experience will begin at the level representing completed years of experience. For example, if you are coming into FUSD with 8 yrs experience from another district, you will begin at level 8.

**Note:** Steps below solid line available only to personnel hired prior to 1969-70 school year. The general requirement for a unit member to be placed in Class I (A01) is a BA+30 units; however, exceptions may be made when conditions warrant such exceptions.

**Unit members with less than a BA+30 units shall advance beyond Class I (A01), Step 1 only if they were hired prior to 1969-70.**

*Class V (A05) effective July 1, 2015. Placement on Class V (A05) is contingent upon completion of 9 units of continual professional learning through the professional development office prior to the beginning of the new school year.

To remain on Class V (A05), 9 additional units of District continual professional learning must be completed every 3 years (i.e., if started A05 in 2015-16 school year, additional 9 units must be completed by July 1, 2018, etc.)

Rates set forth for Class V (A05) are based on the current Salary Schedule and will be updated to reflect any negotiated changes.

AGENDA ITEM A-10

AGENDA SECTION: A
(A – Consent, B – Discussion, C – Receive, Recognize/Present)

ACTION REQUESTED: Approve
(Adopt, Approve, Discuss, Receive, etc.)

TITLE AND SUBJECT: Approve Award of Bid 22-18, Ewing and Turner Elementary Schools Unit Ventilation, EMS, and Central Plant Equipment Replacement

ITEM DESCRIPTION: Included in the Board binders is information on Bid 22-18, to improve classroom ventilation and heating/air conditioning by replacing unit ventilators, energy management systems, and central plant equipment at Ewing and Turner Elementary Schools. The project will provide new, more energy efficient equipment, capable of providing MERV-13 filtration and increased air exchange rates. The existing systems are over 25 years old and require replacement due to age, condition, repair history, and difficulty in locating replacement parts.

This is the first of a series of planned projects utilizing $12 million in ESSER III funds allocated by the Board to replace equipment at approximately 16 schools identified as the most in need of upgrades and least complicated projects, allowing for faster implementation. The plan is to bid one project (two sites) per month over the next year to pace the work in recognition of design and material/equipment delivery capabilities given current market conditions. In addition, HVAC systems district-wide are being evaluated to develop long-range scopes of work and cost estimates to upgrade all schools to MERV-13 filtration. Schools were not originally designed to accommodate MERV-13 filtration capabilities.

The request for bids was lawfully advertised on November 24, 2021. Notifications were sent to 53 firms plus five construction trade publications, and the district received two responses. Bids were opened on January 12, 2022. Staff recommends award to the lowest responsive, responsible bidder:

New England Sheet Metal and Mechanical Co. (Fresno, California) $1,816,800

The tabulation is attached and bid specifications are available for review in the Purchasing Department.

FINANCIAL SUMMARY: Sufficient funds in the amount of $1,816,800 are available in the Elementary and Secondary School Emergency Relief III (ESSER III) Fund.

TITLE AND SUBJECT: Approve Grant Application to the 2022 Fresh Fruit and Vegetable Program

ITEM DESCRIPTION: It is recommended the Board approve a grant application to the 2022 Fresh Fruit and Vegetables Program (FFVP) through the California Department of Education. The FFVP provides funding to support daily fresh fruit and vegetable snacks for students at participating elementary and K-8 schools. Funding is sought for 69 schools that meet the eligibility criteria of 50% or more students eligible for free/reduced-price meals; grant awards will be based on these percentages.

FFVP applications will also be submitted for the nine schools not currently funded: Addicott, Bullard Talent, Eaton, Figarden, Forkner, Gibson, Malloch, Manchester, and Starr. Students at these schools currently receive FFVP snacks, supported by the general fund. The 2022/23 Nutrition Services budget will continue to include funding for elementary and K-8 schools not covered by the FFVP grant.

Fresno Unified has received FFVP grant funding for multiple years and leads the state in the number of schools participating in the program.

SUPERINTENDENT APPROVAL:
AGENDA ITEM A-12

Title and Subject: Approve Project Labor Agreement By and Between Fresno Unified School District and Fresno, Madera, Kings and Tulare Counties Building and Construction Trades Council and the Signatory Craft Councils and Unions for the Construction of the Francine and Murray Farber Educational Campus; and Approve Award of Bid 22-21, Francine and Murray Farber Educational Campus

Item Description: Included in the Board binders and recommended for approval is the Project Labor Agreement (PLA) between Fresno Unified School District and the Fresno, Madera, Kings and Tulare Counties Building and Construction Trades Council and the Signatory Craft Councils and Unions, for construction of the Francine and Murray Farber Educational Campus. Also included in the Board binders is information on Bid 22-21, recommended for award in conjunction with the PLA to construct the new 82,000 square foot Farber Campus at the district-owned site at Ventura Avenue and 10th Street. Approval of this item will approve the PLA and award the bid for construction of the project.

The two-story Academic and Administration Building will house 22 general classrooms, four science classrooms, and two science labs for independent study and credit recovery programs currently housed at J.E. Young and Cambridge High Schools plus offices, meeting space, the Educational Resource Center, and three early learning classrooms with restrooms and support spaces. The Student Union/Career Technical Education (CTE) Building will contain a classroom, workspace, and an indoor-outdoor forklift training facility for the CTE Warehousing and Logistics pathway, as well as a dining facility with student union environment. The project also includes early learning playgrounds, common area landscaping and hardscape, lighted/secured parking areas, and preparation of building pads and utilities for future facilities at the site. The campus is planned to open in August 2024.

The PLA, which applies only to the Farber Campus project, was included in the project bid documents per the Board’s direction on September 8, 2021. It is a contract with terms, work site conditions, worker qualifications, dispute resolution processes, and other provisions. Similar to the PLA for the Herrera Elementary School project, the contract includes internship and pre-apprenticeship opportunities for district students. Incorporating the PLA into the bid documents provides notice to bidders that contractors and subcontractors will be bound by the PLA’s terms and conditions as a condition of award.

Bid 22-21 was lawfully advertised on November 9th and 16th, 2021. Notifications were sent to 110 firms plus five construction trade publications, and the district received five responses. Bids were opened on December 14, 2021. Staff recommends award to the lowest responsive, responsible bidder:

Davis Moreno Construction, Inc. (Fresno, California) $47,847,268
In accordance with Public Contract Code 20111, the bids submitted by Harris Construction Co., Inc, Bernards Bros., Inc., and AMG & Associates, Inc. were rejected as non-responsive due to listing a subcontractor for site utilities which was not prequalified as required per the bid documents.

The PLA and bid tabulation are attached, and bid specifications are available for review in the Purchasing Department.

FINANCIAL SUMMARY: Sufficient funds in the amount of $47,847,268 are available in the Measure M Fund.

FRESNO UNIFIED SCHOOL DISTRICT
PROJECT LABOR AGREEMENT
FOR CONSTRUCTION OF THE
FARBER EDUCATIONAL CAMPUS PROJECT

This Project Labor Agreement (the “Agreement”) is entered into by and among the
Board of Education for the Fresno Unified School District (the “District”), the Fresno, Madera,
Kings and Tulare Counties Building and Construction Trades Council (the “Council”), and the
signatory Craft Councils and Unions signing this Agreement (hereinafter together with the
Council, collectively, the “Union” or “Unions”). This Agreement establishes the labor relations
guidelines and procedures for the District and for the Contractors and craft employees
represented by the Unions and engaged in Project Work. The District, Council and Unions are
hereinafter referred to herein, as the context may require, as “Party” or “Parties.”

The Parties to this Agreement understand that if this Agreement is acceptable to the
District, the policy of the District will be for the Project Work to be contracted exclusively to
Contractors who agree to execute and be bound by the terms of this Agreement, directly or
through the Letter of Assent (a form of which is attached as “Attachment A”), and to require
required subcontractors, of whatever tier, to become bound. The District shall include, directly
or by incorporation by reference, the requirements of this Agreement in the advertisement of
and/or specifications for each and every contract for Project Work to be awarded by the District.

The District shall actively administer the obligations of this Agreement by ensuring that
this Agreement is part of all contracts for Project Work and by developing and implementing the
programs referenced herein, all of which are critical to fulfilling the intent and purposes of the
Parties and this Agreement; and to otherwise implement and assist the Council in administering
this Agreement. The Council shall monitor compliance with this Agreement.

The term “Apprentice” as used in this Agreement shall mean those employees registered
and participating in Joint Labor/Management Apprenticeship Programs approved by the Division
of Apprenticeship Standards, Department of Industrial Relations of the State of California.

The term “Contractor(s)” or “Employer(s)” as used in this Agreement includes any
individual, firm, partnership, or corporation, or combination thereof, including joint ventures,
which as an Independent Contractor has entered into a contract with the District with respect to
the Project Work, or with another Contractor as a subcontractor of whatever tier utilized by such
Contractors for Project Work.

The term “Joint Labor/Management Apprenticeship Program” as used in this
Agreement means a joint Union and Contractor administered apprenticeship program certified by
the Division of Apprenticeship Standards, Department of Industrial Relations of the State of
California.

The term “Letter of Assent” as used in this Agreement means the document that each
Contractor (of any tier) must sign and submit to the District and the Council, before beginning
any Project Work, which formally binds them to adhere to all the forms, requirements and
conditions of this Agreement, in the letter attached hereto as Attachment A.
The term “Project” or “Project Work” as used in this Agreement means the District's New Francine and Murray Farber Educational Campus project.

The term “Master Labor Agreement” or “MLA” as used in this Agreement, means the local collective bargaining agreements of the signatory Unions having jurisdiction over the Project Work and which have signed this Agreement.

The Union and all Contractors agree to abide by the terms and conditions of this Agreement and agree that this Agreement represents the complete understanding of the Parties. No Contractor is or will be required to sign or otherwise become a party to any other collective bargaining agreement with a signatory Union as a condition of performing work within the scope of this Agreement.

The Parties agree that this Agreement will be made available to, and will fully apply to, any successful bidder for Project Work, without regard to whether that successful bidder performs work at other sites on either a union or non-union basis. This Agreement shall not apply to any work of any Contractor other than that on Project Work specifically covered by this Agreement.

The use of masculine or feminine gender or titles in this Agreement should be construed as including both genders and not as gender limitations unless the Agreement clearly requires a different construction. Further, the use of Article titles and/or Section headings are for information only and carry no legal significance.

ARTICLE 1
INTENT AND PURPOSE

Section 1.1  Background: The District's new construction and major rehabilitation projects will affect the school buildings and offices that are owned, leased or controlled by the District. The goal of this Project is to provide new construction and major rehabilitation of the District's facilities at the Project site so as to provide sufficient facilities and technologies to educate properly the children within the District's boundaries. The District, therefore, wishing to utilize the most modern, efficient and effective procedures for construction, including assurances of a sufficient supply of skilled craftperson's, and the elimination of disruptions or interference with Project Work, adopts this Agreement in the best interests of the students, parents, District staff, and the taxpayers of the District to meet the District's goal that Project Work be completed on time and within budget.

Section 1.2  Identification and Retention of Skilled Labor and Employment of District Residents: The vast amount of new school construction, substantial rehabilitation, and capital improvement work scheduled to be performed by the District will require large numbers of craft personnel and other supporting workers. The parties understand and intend to use the opportunities provided by the extensive amount of work to be covered by this Agreement to identify and promote, through cooperative efforts, programs and procedures (which may include, for example, programs to prepare persons for entrance into formal apprenticeship programs, or
outreach programs to the community describing opportunities available as a result of the Project, the interest and involvement of District residents in the construction industry; assist them in entering the construction trades, and through utilization of the joint labor-management sponsored apprenticeship programs, provide training opportunities for those District residents and other individuals wishing to pursue a career in construction. Further, the District, the contractors, the Unions and their affiliated regional and national organizations, will work jointly to develop and implement procedures promptly for the identification of craft needs, the scheduling of work to facilitate the utilization of available craft workers, and to secure the services of craft workers in sufficient numbers to meet the high demands of the Project Work to be undertaken.

Section 1.3 Encouragement of Local and Small Business: The Project will provide many opportunities for local and small business enterprises to participate as contractors or suppliers, and the parties therefore agree that they will cooperate with all efforts of the District, and other organizations retained by the District for the purpose of encouraging and assisting the participation of local and small businesses in Project Work. Specifically, all parties understand that the District has established and quantified goals which place a strong emphasis on the utilization of local and small businesses on the Project. Each party agrees that it shall employ demonstrable efforts to encourage utilization in an effort to achieve such goals. This may include, for example, participation in outreach programs, education and assistance to businesses not familiar with working on a project of this scope, and the encouragement of local residents to participate in Project Work through programs and procedures jointly developed to prepare and encourage such local residents for apprenticeship programs and formal employment on the Project through the referral programs sponsored and/or supported by the parties to this Agreement. Further, the parties shall ensure that the provisions of this Agreement do not inadvertently establish impediments to the participation of local and small businesses, and residents of the District.

Section 1.4 Project Cooperation: The parties recognize that the construction to take place under this Agreement involves unique and special circumstances which dictate the need for the parties to develop specific procedures to promote high quality, rapid and uninterrupted construction methods and practices. The smooth operation and successful and timely completion of the work is vitally important to the parents and the students of the District. The parties therefore agree that maximum cooperation among all parties involved is required; and that with construction work of this magnitude, with multiple contractors and crafts performing work on multiple sites of an extended period of time, all parties agree to work in a spirit of harmony and cooperation, and with an overriding commitment to maintain the continuity of Project Work. Further, the parties recognize that a force majeure event, a default or a termination of a construction contract could require the District to partially or fully suspend Project Work. The parties shall fully cooperate with any request by the District to redirect their equipment, skills and expertise to support the District's efforts necessitated by such events.

Section 1.5 Workers' Compensation Carve-out: Further, the parties recognize the potential which the Project may provide for the implementation of a cost effective workers' compensation system as permitted by California Labor Code, Section 3201.5, as revised. Should the District request, the Union parties agree to meet and negotiate in good faith with representatives of the...
District for the development, and subsequent implementation, of an effective program involving improved and revised dispute resolution and medical care procedures for the delivery of workers’ compensation benefits and medical coverage as permitted by the Code.

Section 1.6 Peaceful Resolution of All Disputes: In recognition of the special needs of the Project and to maintain a spirit of harmony, labor-management peace and stability during the term of this Project Labor Agreement, the parties agree to establish effective and binding methods for the settlement of all misunderstandings, disputes and grievances; and in recognition of such methods and procedures, the unions agree not to engage in any strike, slowdowns or interruptions or disruption of Project Work, and the contractors agree not to engage in any lockout, or any other action impairing or impeding the Project Work.

Section 1.7 Binding Agreement on Parties and Inclusion of District Residents and Businesses: By executing this Agreement, the District, Council, Unions and Contractors agree to be bound by each and all of the provisions of this Agreement, and pledge that they will work together to adopt, develop and implement processes and procedures which are inclusive of the residents and businesses of the District.

ARTICLE 2
SCOPE OF AGREEMENT

Section 2.1 General: This Agreement shall only apply to work which is contracted out by the District. This Agreement shall apply and is limited to all of the District’s Project Work, as specified in Section 2.2 of this Article, performed by those Contractor(s) of whatever tier that have contracts awarded for such work, for the development of the District’s facilities which, jointly, constitute the Project, and have been designated by the District for construction or rehabilitation.

Section 2.2 Covered Work:

(a) Specific: The Project is defined and limited to the District’s New Francine and Murray Farber Educational Campus Project; however, carved out of this Agreement are all prime contracts and subcontracts flowing from that work that are One Hundred Fifty Thousand Dollars ($150,000) or less with a cap on the carve out of five percent (5%) of the construction cost estimate for the Project. The cap shall not to be absorbed by any single craft.

(b) Except for the delivery of supplies, equipment or materials that are stockpiled for later use, this Agreement covers all construction trucking work, including the hauling and delivery of ready-mix, asphalt, aggregate, sand, soil or other fill or similar material that is directly incorporated into the construction process as well as the off-hauling of soil, sand, gravel, rocks, concrete, asphalt, excavation materials, construction debris and excess fill, material and/or mud. To the fullest extent allowed by prevailing wage law and determinations of the California Department of Industrial Relations, Contractor(s), including brokers, of persons providing construction trucking work, shall provide certified payroll records to the District within ten (10) days of written request or as required by the bid specifications.
(c) The Parties understand that the District may at any time, and at its sole discretion, determine to build segments of the Project under this Agreement which were not currently proposed, or to modify or not to build any one or more particular segments proposed to be covered. It is understood by the Parties that the District may at any time, and at its sole discretion, add additional projects under this Agreement not otherwise covered by this Agreement.

Section 2.3 Bundling of Contracts: The Parties understand that, to the maximum extent feasible, and consistent with goals of the District to utilize the services of small and local business enterprises for such construction and rehabilitation work, that Project Work will not be split, divided or otherwise separated for contract award purposes to avoid application of this Agreement.

Section 2.4 Exclusions: Items specifically excluded from the Scope of this Agreement include the following:

(a) Work of Contractor's non-manual employees, including but not limited to: superintendents, administrators, teachers, supervisors, time keepers, mail carriers, clerks, office workers, messengers, guards, safety personnel, emergency medical and first aid technicians; other professional, engineering, and supervisors above the level of general foreman; management employees; executives; and employees performing services for which a prevailing wage has not been established by the Department of Industrial Relations.

(b) Equipment and machinery owned or controlled and operated by the District;

(c) All off-site manufacture and handling of materials, equipment or machinery unless either of the following apply:

- it is a lay down or storage area for equipment or material and manufacturing (prefabrication) sites, dedicated solely to the Project or Project Work; or

- the work is traditionally performed by any Union(s) that is directly or indirectly part of the Project and is covered by a provision of a local MLA or local addenda to a National Agreement of the applicable Union(s) that is in effect as of the execution date of this Agreement.

(d) All employees of the District, design teams (including, but not limited to architects, engineers and master planners), or any other consultants for the District (including, but not limited to, project managers and construction managers and their employees not engaged in Project Work) and their sub-consultants, and other employees of professional service organizations, not performing manual labor within the scope of this Agreement; Project Work as defined by this Agreement shall be performed pursuant to the terms and conditions of this Agreement regardless of the manner in which the work was awarded;

(e) Any work performed on or near or leading to or into a site of work covered by
this Agreement and undertaken by state, county, city or other governmental bodies, or their Contractors; or by public utilities, or their Contractors; and/or by the District or its Contractors (for work for which is not within the scope of this Agreement);

(f) Off-site maintenance of leased equipment and on-site supervision of such work;

(g) It is recognized that certain materials, equipment and systems of a highly technical and specialized nature will have to be installed at the Project. The nature of the materials, equipment and systems, together with requirements of manufacturer’s or vendor’s warranty, may dictate that it be prefabricated, pre-piped, and/or pre-wired and that it be installed under the supervision and direction of Owner’s and/or manufacturer’s personnel. The Unions agree to install such material, equipment and systems without incident. In limited circumstances requiring special knowledge of the particular item(s), the installation of specialty process equipment or systems may be performed by employees of a manufacturer, or by designated representatives of the manufacturer, if necessary to maintain the manufacturer’s warranty or guarantee, provided, however, that the manufacturer can demonstrate by an enumeration of specific tasks that the work cannot be performed by craft workers covered by this Agreement;

(h) Non-construction support services contracted by the District or Contractor in connection with this Project;

(i) Laboratory work for testing.

(j) The District shall not be required to comply with this Agreement for any work performed with its own forces as permitted by the Public Contract Code.

Section 2.5 Awarding of Contracts:

(a) The District has the absolute right to award contracts on this Project to any Contractor notwithstanding the existence or non-existence of any agreements between such Contractor and any Union parties, provided only that such Contractor and its subcontractors are ready, willing and able to execute and comply with this Project Labor Agreement should such Contractor be awarded work covered by this Agreement.

(b) It is agreed that all Contractors and subcontractors of whatever tier, who have been awarded contracts for work covered by this Agreement, shall be required to accept and be bound to the terms and conditions of this Project Labor Agreement, and shall evidence their acceptance by the execution of the Letter of Assent set forth in Attachment “A” hereto, prior to the commencement of work. At the time that any Contractor enters into a subcontract with any subcontractor of any tier providing for the performance on the construction contract, the Contractor shall provide a copy of this Agreement to said subcontractor and shall require the subcontractor, as a part of accepting the award of a construction subcontract, to agree in writing in the form of a Letter of Assent to be bound by each and every provision of this Agreement prior to the commencement of work on the Project. No Contractor or subcontractor shall commence Project Work without having first provided a copy of the Letter of Assent as executed by it to the District and to the Council forty-eight (48) hours before the commencement of
Project Work, or within forty-eight (48) hours after the award of Project Work to that Contractor (or subcontractor), whichever occurs later.

Section 2.6 Coverage Exception: This Agreement shall not apply if the District receives funding or assistance from any Federal, State, local or other public entity for the Construction Contract if a requirement, condition or other term of receiving that funding or assistance, at the time of the awarding of the contract, is that the District not require, bidders, contractors, subcontractors or other persons or entities to enter into an agreement with one or more labor organizations or enter into an agreement that contains any of the terms set forth herein. The District agrees that it will make every effort to establish the enforcement of this Agreement with any governmental agency or granting authority.

Section 2.7 MLAs:

(a) The provisions of this Agreement, including the Master Labor Agreements (which are the local collective bargaining agreements of the signatory Unions having jurisdiction over the work on the Project, as such may be changed from time-to-time and which are incorporated herein by reference) shall apply to the work covered by this Agreement, notwithstanding the provisions of any other local, area and/or national agreement which may conflict with or differ from the terms of this Agreement. However, such does not apply to work performed under the National Cooling Tower Agreement, the National Stack Agreement, the National Transit Division Agreement (NTD), or within the jurisdiction of the International Union of Elevator Constructors and all instrument calibration and loop checking work performed under the terms of the UA/IBEW Joint National Agreement for Instrument and Control Systems Technicians except that Articles dealing with Work Stoppages and Lock-Outs, Work Assignments and Jurisdictional Disputes, and Settlement of Grievances and Disputes shall apply to such work. It is specifically agreed that no later agreement shall be deemed to have precedence over this Agreement unless signed by all Parties signatory hereto who are then currently employed or represented at the Project. Where a subject covered by the provisions of this Agreement is also covered by a MLA, the provisions of this Agreement shall apply. Where a subject is covered by a provision of a MLA and not covered by this Agreement, the provisions of the MLA shall prevail. Any dispute as to the applicable source between this Agreement and any MLA for determining the wages, hours of working conditions of employees on this Project shall be resolved under the procedures established in Article 10.

(b) It is understood that this Agreement, together with the referenced MLAs, constitutes a self-contained, stand-alone agreement and by virtue of having become bound to this Project Labor Agreement, the Contractor will not be obligated to sign any other local, area or national collective bargaining agreement as a condition of performing work within the scope of this Agreement. It shall be the responsibility of the prime Contractor to have each of its subcontractors sign such Agreement with the appropriate Craft Union prior to the subcontractor beginning Project Work.

Section 2.8 Binding Signatories Only: This Agreement shall only be binding on the signatory Parties hereto, and shall not apply to the parents, affiliates, subsidiaries, or other ventures of any such Party.
Section 2.9  **Other District Work:** This Agreement shall be limited to the construction work within the Scope of this Agreement including, specifically, site preparation and related demolition work, and new construction and major rehabilitation work for new or existing facilities referenced in Section 2.2 above. Nothing contained herein shall be interpreted to prohibit, restrict, or interfere with the performance of any other operation, work or function not covered by this Agreement, which may be performed by District employees or contracted for by the District for its own account, on its property or in and around a Project site.

Section 2.10  **Separate Liability:** It is understood that the liability of the Contractor(s) and the liability of the separate Unions under this Agreement shall be several and not joint. The Unions agree that this Agreement does not have the effect of creating any joint employment status between or among the District and/or any Contractor.

Section 2.11  **Completed Project Work:** As areas of Project Work are accepted by the District, this Agreement shall have no further force or effect on such items or areas except where the Contractor is directed by the District or its representatives to engage in repairs, modification, check-out and/or warranties functions required by its contract(s) with the District.

ARTICLE 3
UNION RECOGNITION AND EMPLOYMENT

Section 3.1  **Recognition:** The Contractor recognizes the Council and the Unions as the exclusive bargaining representative for the employees engaged in Project Work.

Section 3.2  **Contractor Selection of Employees:** The Contractor shall have the right to determine the competency of all employees, the number of employees required, the duties of such employees within their craft jurisdiction, and shall have the sole responsibility for selecting employees to be laid off, consistent with Section 3.3 and Section 4.3, below. The Contractor shall also have the right to reject any applicant referred by a Union for any reason, subject to any reporting pay required by Section 6.6; provided, however, that such right is exercised in good faith and not for the purpose of avoiding the Contractor’s commitment to employ qualified workers through the procedures endorsed in this Agreement.

Section 3.3  **Referral Procedures:**

(a)  For signatory Unions now having a job referral system contained in a MLA, the Contractor agrees to comply with such system and it shall be used exclusively by such Contractor, except as modified by this Agreement. Such job referral system will be operated in a nondiscriminatory manner and in full compliance with federal, state, and local laws and regulations which require equal employment opportunities and non-discrimination. All of the foregoing hiring procedures, including related practices affecting apprenticeship, shall be operated so as to consider the goals of the District to encourage employment of District residents and utilization of small local businesses on the Project, and to facilitate the ability of all Contractors to meet their employment needs.
(b) **Skilled Workforce:** The Unions will exert their best efforts to recruit and refer sufficient numbers of skilled craft workers to fulfill the labor requirements of the Contractor, including specific employment obligations to which the Contractor may be legally and/or contractually obligated; and to refer apprentices as requested to develop a larger, skilled workforce. The Unions will work with their affiliated regional and national unions, and jointly with the District, to identify and refer competent craft persons as needed for Project Work, and to identify and hire individuals, particularly residents of the District, for entrance into joint labor/management apprenticeship programs, or to participation in other identified programs and procedures to assist individuals in qualifying and becoming eligible for such apprenticeship programs, all maintained to increase the available supply of skilled craft personnel for Project Work and future construction of maintenance work to be undertaken by the District.

(c) The Union shall not knowingly refer an employee currently employed by a Contractor on Project Work to any other Contractor.

(d) **Fingerprinting and Megan's Law:** The Parties are aware of the District's policy that Contractors and other employers shall not employ, on Project Work when pupils may be present on or around the site of such Project Work during working hours, a person who would not be eligible for employment by the District under California Education Code sections 45125.1 and 45125.2 or a person listed on California’s “Megan’s Law” Website (http://www.meganslaw.ca.gov). The Parties shall only employ persons under this Article in compliance with this policy, and the Contractors agree to immediately remove such an individual in their employ from the particular Project site.

(e) **Non-Discrimination in Referral, Employment, and Contracting.** The Unions and Contractors agree that they will not discriminate against any employee or applicant for employment in hiring and dispatching on the basis of race, color, religion, sex, gender, national origin, age, membership in a labor organization, sexual orientation, political affiliation, marital status or disability. Further, it is recognized that the District has certain policies, programs, and goals for the utilization of local small business enterprises. The Parties shall jointly endeavor to assure that these commitments are fully met, and that any provisions of this Agreement which may appear to interfere with a local and small business enterprises successfully bidding for work within the scope of this Agreement shall be carefully reviewed, and adjustments made as may be appropriate and agreed upon among the Parties, to ensure full compliance with the spirit and letter of the District’s policies and commitment to its goals for the significant utilization of local and small businesses as direct Contractors or suppliers for Project Work.

(f) **Goals for Employment of District Local Residents and Other Persons.**

(i) In recognition of the fact that the District and the communities surrounding Project Work will be impacted by the construction of the Project, the parties agree to support the hiring of specific categories of workers. The Unions and Employers agree that, to the maximum extent allowed by law, and as long as they possess the requisite skills and qualifications, the Unions will exert their best efforts to refer and/or recruit sufficient numbers of skilled craft from the following categories to fulfill the requirements of the Employers:
- **Local Residents.** Residents living in the First Tier as defined below.

- **Veterans in the Area.** Veterans, not dishonorably discharged, who are residents living in the First Tier, Second Tier or Third Tier.

- **District Graduates in the Area.** Persons who received a High School Diploma ("Student Graduates") from the District within the past twenty (20) years and who are residents living in the First Tier, Second Tier or Third Tier.

- **MC3 Graduates in the Area.** Persons who have received a completion certificate from an apprenticeship preparation program utilizing the multi-craft core curriculum ("MC3") and who are residents living in the First Tier, Second Tier or Third Tier.

(ii) **First Tier.** Residents residing in those First Tier zip codes which cover the District service area, as set forth in "Attachment B" attached hereto ("Local Residents").

(iii) **Second Tier.** If the Unions cannot provide the Employers in the attainment of a sufficient number of Local Residents from within the First Tier zip codes, the Unions shall exert their best efforts to then recruit and identify for referral residents residing in Second Tier zip codes which reflect the Gateway Cities, as set forth in "Attachment B" attached hereto.

(iv) **Third Tier.** If the Unions still have not provided the Employers in the attainment of a sufficient number of qualified workers who are residents living in the First Tier or Second Tier, the Unions will then exert their best efforts to recruit and identify for referral qualified workers residing within the Fresno, Madera, Kings and Tulare Counties.

(v) **40% Goal.** A goal of 40% of all of the labor and craft positions shall be from Local Residents living in the First Tier. Only if a Union cannot dispatch Local Residents living in the First Tier after using its best efforts, can that Union look to persons living in the Second Tier; and only if a Union cannot dispatch persons living in the Second Tier after using its best efforts, can that Union look to residents living in the Third Tier. To facilitate the dispatch of Local Residents, all Contractors will be required to utilize the Craft Employee Request Form whenever they are requesting the referral of any employee from a Union referral list for any Project Work, a sample of which is attached as Attachment "C."

(vi) **The District shall work with the Unions and Contractors in the administration of the goals for Local Residents and Other Persons; and the Contractors and Unions shall cooperate by maintaining adequate records to demonstrate to the District that such goals have been pursued. As part of this process, and in order to facilitate the contract administration procedures, as well as appropriate benefit fund coverage, all Contractors shall require their "core work force" and any other persons employed other than through the referral process, to register with the appropriate hiring hall, if any."
Section 3.6  **Helmets to Hardhats:** The Employers and the Unions recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. The employers and Unions agree to utilize the services of the Center for Military Recruitment, Assessment and Veterans Employment (hereinafter “Center”) and the Center’s “Helmets to Hardhats” program to serve as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as identified by the Parties. For purposes of this Agreement, the term “Eligible Veteran” shall have the same meaning as the term “veteran” as defined under Title 5, Section 2108(1) of the United States Code as the same may be amended or re-codified from time to time. It shall be the responsibility of each qualified District resident to provide the Unions with proof of his/her status as an Eligible Veteran.

The Unions and Employers agree to coordinate with the Center to create and maintain an integrated database of veterans interested in working on this Project and of apprenticeship and employment opportunities for this Project. To the extent permitted by law, the Unions will give credit to such veterans for bona fide, provable past experience.

Section 3.7  **Core Employees:**

(a) Contractors which are not independently signatory to a Master Labor Agreement may first employ, as needed, two (2) members of his core workforce, then, as needed, two (2) employees through a referral from the appropriate Union hiring hall. After those initial four (4) employees, the Contractors may employ, as needed, one (1) more core employee, then one (1) more employee through the referral system, and so on until a maximum of five (5) core employees are employed. Thereafter, all additional employees in the affected trade or craft shall be requisitioned from the craft hiring hall in accordance with Section 3.3. In the laying off of employees, the number of core employees shall not exceed one-half plus one of the workforce for an employer with 10 or fewer employees, assuming the remaining employees are qualified to undertake the work available. This provision applies only to Contractors which are not independently signatory to a Master Labor Agreement and is not intended to limit the transfer provisions of the MLA of any trade. As part of this process, and in order to facilitate the contract administration procedures, as well as appropriate fringe benefit fund coverage, all Contractors shall require their core employees and any other persons employed other than through the Union referral process, to register with the appropriate Union hiring hall, if any, prior to their first day of employment at a project site.

(b) The core work force is comprised of those employees whose names appeared on the Contractor’s active payroll for sixty (60) of the one hundred (100) working days immediately before award of Project Work to the Contractor; who possess any license required by state or federal law for the Project Work to be performed; and who have the ability to safely perform the basic functions of the applicable trade.

(c) Prior to each Contractor performing any work on the Project, each Contractor shall provide a list of his core employees to the District and the Council. Failure to do so will prohibit the Contractor from using any core employees. Upon request by any Party to this
Agreement, the Contractor hiring any core employee shall provide satisfactory proof (i.e., payroll records, quarterly tax records, driver’s license, voter registration, postal address and such other documentation) evidencing the core employee’s qualification as a core employee to the District and the Council.

Section 3.8 Time for Referral: If any Union’s registration and referral system does not fulfill the requirements for specific classifications requested by any Contractor within forty-eight (48) hours (excluding Saturdays, Sundays and holidays), that Contractor may use employment sources other than the Union registration and referral services, and may employ applicants meeting such standards from any other available source. The Contractors shall inform the Union of any applicants hired from other sources within forty-eight (48) hours of such applicant being hired, and such applicants shall register with the appropriate hiring hall, if any.

Section 3.9 Lack of Referral Procedure: If a signatory Union does not have a job referral system as set forth in Section 3.3 above, the Contractors shall give the Union equal opportunity to refer applicants. The Contractors shall notify the Union of employees so hired, as set forth in Section 3.8.

Section 3.10 Union Membership: The Contractors shall make and transmit all deductions for Union dues, fees, and assessments that have been authorized by employees in writing in accordance with the applicable MLA. This Agreement does not require any employee of a non-Union Contractor to join a Union or to pay dues or fees to a Union as a condition of working on the Project; however, nothing in this Article is intended to supersede the independent requirements of the applicable MLAs as to Contractors signatory to such MLAs and as to employees of those Contractors who are performing Covered Work.

Section 3.11 Individual Seniority: Except as provided in Section 4.3, individual seniority shall not be recognized or applied to employees working on the Project; provided, however, that group and/or classification seniority in a Union’s MLA as of the effective date of this Agreement shall be recognized for purposes of layoffs.

Section 3.12 Foremen: The selection and number of craft foreman and/or general foreman shall be the responsibility of the Contractor. All foremen shall take orders exclusively from the designated Contractor representatives. Craft foreman shall be designated as working foreman at the request of the Contractors.

ARTICLE 4
UNION ACCESS AND STEWARDS

Section 4.1 Access to Project Sites: Authorized representatives of the Union shall have access to Project Work, provided that they do not interfere with the work of employees and further provided that such representatives fully comply with posted visitor, security and safety rules.
Section 4.2 Stewards:

(a) Each signatory Union shall have the right to dispatch a working journeyman as a steward for each shift, who should be the first non-core worker dispatched pursuant to the Section 3.7 herein, and shall notify the Contractor in writing of the identity of the designated steward or stewards prior to the assumption of such person’s duties as steward. Such designated steward or stewards shall not exercise any supervisory functions. There will be no non-working stewards. Stewards will receive the regular rate of pay for their respective crafts.

(b) In addition to his/her work as an employee, the steward should have the right to receive, but not to solicit, complaints or grievances and to discuss and assist in the adjustment of the same with the employee’s appropriate supervisor. Each steward should be concerned only with the employees of the steward’s Contractor and, if applicable, subcontractor(s), and not with the employees of any other Contractor. A Contractor will not discriminate against the steward in the proper performance of his/her Union duties.

(c) When a Contractor has multiple, non-contiguous work locations at one site, the Contractor may request, and the Union shall appoint, such additional working stewards as the Contractor requests to provide independent coverage of one or more such locations. In such cases, a steward may not service more than one work location without the approval of the Contractor.

(d) The stewards shall not have the right to determine when overtime shall be worked or who shall work overtime.

Section 4.3 Steward Layoff/Discharge: The relevant Contractor agrees to notify the appropriate Union twenty-four (24) hours before the layoff of a steward, except in the case of disciplinary discharge for just cause. If the steward is protected against such layoff by the provisions of the applicable MLA, such provisions shall be recognized when the steward possesses the necessary qualifications to perform the remaining work. In any case in which the steward is discharged or disciplined for just cause, the appropriate Union will be notified immediately by the Contractor, and such discharge or discipline shall not become final (subject to any later filed grievance) until twenty-four (24) hours after such notice has been given.

Section 4.4 Employees on Non-Project Work: On work where the personnel of the District may be working in close proximity to the construction activities covered by this Agreement, the Union agrees that the Union representatives, stewards, and individual workers will not interfere with the District personnel, or with personnel employed by the any other employer not a Party to this Agreement.

ARTICLE 5
WAGES AND BENEFITS

Section 5.1 Wages: All employees covered by this Agreement shall be classified in accordance with work performed and paid by the Contractors the hourly wage rates for those
classifications in compliance with the applicable prevailing wage rate determination established pursuant to applicable law. If a prevailing rate increases under law, the Contractor shall pay that rate as of its effective date under the law. Notwithstanding any other provision of this Agreement, this Agreement does not relieve Contractors directly signatory to one or more of the MLA from paying all wages set forth in such Agreements.

Section 5.2 Benefits:

(a) Contractors shall pay contributions to the established employee benefit funds in the amounts designated in the appropriate MLA and make all employee authorized deductions in the amounts designated in the appropriate MLA; provided, however, that such contributions shall not exceed the contribution amounts set forth in the applicable prevailing wage determination. Notwithstanding any other provision of this Agreement, Contractors directly signatory to one or more of the MLAs are required to make all contributions set forth in those MLAs without reference to the forgoing. Bona fide benefit plans with joint trustees or authorized employee deduction programs established or negotiated under the applicable MLA or by the Parties to this Agreement during the life of this Agreement may be added.

(b) The Contractor adopts and agrees to be bound by the written terms of the applicable, legally established, trust agreement(s) specifying the detailed basis on which payments are to be made into, and benefits paid out of, such trust funds for its employees. The Contractor authorizes the Parties to such trust funds to appoint trustees and successor trustees to administer the trust funds and hereby ratifies and accepts the trustees so appointed as if made by the Contractor.

Section 5.3 Wage Premiums: Wage premiums, including but not limited to pay based on height of work, hazard pay, scaffold pay and special skills shall not be applicable to work under this Agreement, except to the extent provided for in any applicable prevailing wage determination.

Section 5.4 Compliance with Prevailing Wage Laws: All complaints regarding possible prevailing wage violations shall be referred to the Council for processing, investigation and resolution, and if not resolved within thirty (30) calendar days or if there is a disagreement by any party with the Council’s determination, that complaint may be referred by any party to the California Labor Commissioner.

ARTICLE 6
HOURS OF WORK, OVERTIME, SHIFTS AND HOLIDAYS

(The provisions in this Article 6 apply unless they conflict with the provisions in the District’s contract with the Contractor, in which case the District’s contract controls.)

Section 6.1 Hours of Work: Eight (8) hours per day between the hours of 6:00 a.m. and 5:30 p.m., plus one-half (½) hour unpaid lunch approximately mid-way through the shift, shall constitute the standard work day. Forty (40) hours per week shall constitute a regular week’s work. The work week will start on Sunday and conclude on Saturday. The foregoing provisions
of this Article are applicable unless otherwise provided in the applicable prevailing wage determination, or unless changes are permitted by law and such are agreed upon by the Parties. Nothing herein shall be construed as guaranteeing any employee eight (8) hours per day or forty (40) hours per week, or a Monday through Friday work standard work schedule.

Section 6.2 **Place of Work:** Employees shall be at their place of work (as designated by the Contractor) at the starting time and shall remain at their place of work, performing their assigned functions, until quitting time. The place of work is defined as the gang or tool box or equipment at the employee’s assigned work location or the place where the foreman gives instructions. The Parties reaffirm their policy of a fair day’s work for a fair day’s wage. There shall be no pay for time not worked unless the employee is otherwise engaged at the direction of the Contractor.

Section 6.3 **Overtime:** Overtime shall be paid in accordance with the requirements of the applicable prevailing wage determination. There shall be no restriction on the Contractor’s scheduling of overtime or the nondiscriminatory designation of employees who will work overtime. There shall be no pyramiding of overtime (payment of more than one form of overtime compensation for the same hour) under any circumstances.

Section 6.4 **Shifts and Alternate Work Schedules:**

(a) Alternate starting and quitting time and/or shift work may be performed at the option of the Contractor upon three (3) days’ prior notice to the affected Union(s), unless a shorter notice period is provided for in the applicable MLA, and shall continue for a period of not less than five (5) working days. Saturdays and Sundays, if worked, may be used for establishing the five (5) day minimum work shift. If two shifts are worked, each shall consist of eight (8) hours of continuous work exclusive of a one-half (1/2) hour non-paid lunch period, for eight (8) hours pay. The last shift shall start on or before 6:00 p.m. The first shift starting at or after 6:00 a.m. is designated as the first shift, with the second shift following.

(b) Contractors, the Council and the Union recognize the economic impact upon the District and District residents of the massive Project being undertaken by the District and agree that all Parties to this Agreement desire and intend Project Work to be undertaken in a cost efficient and effective manner to the highest standard of quality and craftsmanship. Recognizing the economic conditions, the Parties agree that, except to the extent permitted by law, employees performing Project Work shall not be entitled to any differentials or additional pay based upon the shift or work schedule of the employees. Instead, all employees working on Project Work shall be paid at the same base rate regardless of shift or work schedule worked.

(c) Because of operational necessities, the second shift may, at the District’s direction, be scheduled without the preceding shift having been worked. It is recognized that the District’s operations and/or mitigation obligations may require restructuring of normal work schedules. Except in an emergency or when specified in the District’s bid specification, the Contractor shall give affected Union(s) at least three (3) days’ notice of such schedule changes.

Section 6.5 **Holidays:** Recognized holidays on this Project shall be those set forth and governed by the prevailing wage determination(s) applicable to this Project, unless or until such
may be, and are, revised by mutual agreement of the Parties to this Agreement.

Section 6.6 Show-up Pay:

(a) Except as otherwise required by State law, Employees reporting for work and for whom no work is provided, except when given prior notification not to report to work, shall receive two (2) hours pay at the regular straight time hourly rate. Employees who are directed to start work shall receive four (4) hours of pay at the regular straight time hourly rate. Employees who work beyond four (4) hours shall be paid for actual hours worked. Whenever reporting pay is provided for employees, they will be required to remain at the Project Site and available for work for such time as they receive pay, unless released earlier by the principal supervisor of the Contractor(s) or his/her designated representative. Each employee shall furnish his/her Contractor with his/her current address and telephone number and shall promptly report any changes to the Contractor.

(b) An employee called out to work outside of his/her shift shall receive a minimum of two (2) hours pay at the appropriate rate. This does not apply to time worked as an extension of (before or after) the employee’s normal shift.

(c) When an employee leaves the job or work location of his/her own volition or is discharged for cause or is not working as a result of the Contractor’s invocation of Article XII, Section 12.3, the employee shall only be paid for actual time worked.

Section 6.7 Meal Periods: The Contractor will schedule a meal period of no more than one-half hour duration at the work location at approximately mid-point of the schedule shift; provided, however, that the Contractor may, for efficiency of the operation, establish a schedule which coordinates the meal periods of two or more crafts. An employee may be required to work through his meal period because of an emergency or a threat to life or property, or for such other reasons as are in the applicable MLA, and if he is so required, he shall be compensated in the manner established in the applicable MLA.

Section 6.8 Make-up Days: To the extent permitted by the applicable general wage determination, when an employee has been prevented from working for reasons beyond the control of the employer, including, but not limited to inclement weather or other natural causes, during the regularly scheduled work week, a make-up day may be worked on a non-regularly scheduled work day for which an employee shall receive eight (8) hours pay at the straight time rate of pay or any premium rate required for such hours under the prevailing wage law.

ARTICLE 7
WORK STOPPAGES AND LOCK-OUTS

Section 7.1 No Work Stoppages or Disruptive Activity: The Council and the Unions agree that neither they, and each of them, nor their respective officers or agents or representatives, shall incite or encourage, condone or participate in any strike, walk-out, slow-down, picketing, observing picket lines or other activity of any nature or kind whatsoever, for any cause or dispute whatsoever with respect to or in any way related to Project Work, or which interferes with or
otherwise disrupts Project Work, or with respect to or related to the District or Contractors or subcontractors, including, but not limited to economic strikes, unfair labor practice strikes, safety strikes, sympathy strikes and jurisdictional strikes whether or not the underlying dispute is subject to arbitration. Any such actions by the Council, or Unions, or their members, agents, representatives or the employees they represent shall constitute a violation of this Agreement. The Council and the Union shall take all steps necessary to obtain compliance with this Article and neither should be held liable for conduct for which it is not responsible.

Section 7.2 Employee Violations: The Contractor may discharge any employee violating Section 7.1 above and any such employee will not be eligible for rehire under this Agreement.

Section 7.3 Standing to Enforce: The District or any Contractor affected by an alleged violation of Section 7.1 shall have standing and the right to enforce the obligations established therein.

Section 7.4 Expiration of MLA’s: If the MLAs, or any local, regional, and other applicable collective bargaining agreements expire during the term of the Project, the Union(s) agree that there shall be no work disruption of any kind as described in Section 7.1 above as a result of the expiration of any such agreement(s) having application on this Project and/or failure of the involved Parties to that agreement to reach a new contract. The terms and conditions of employment established and set at the time of bid shall remain established and set. Otherwise to the extent that such agreement does expire and the Parties to that agreement have failed to reach concurrence on a new contract, work will continue on the Project on one of the following two (2) options, both of which will be offered by the Unions involved to the Contractors affected:

(a) Each of the Unions with a contract expiring must offer to continue working on the Project under interim agreements that retain all the terms of the expiring contract, except that the Unions involved in such expiring contract may each propose wage rates and employer contribution rates to employee benefit funds under the prior contract different from what those wage rates and employer contributions rates were under the expiring contracts. The terms of the Union’s interim agreement offered to Contractors will be no less favorable than the terms offered by the Union to any other employer or group of employers covering the same type of construction work in Fresno County.

(b) Each of the Unions with a contract expiring must offer to continue working on the Project under all the terms of the expiring contract, including the wage rates and employer contribution rates to the employee benefit funds, if the Contractor affected by that expiring contract agrees to the following retroactive provisions: if a new MLA, local, regional or other applicable labor agreement for the industry having application at the Project is ratified and signed during the term of this Agreement and if such new labor agreement provides for retroactive wage increases, then each affected Contractor shall pay to its employees who performed work covered by this Agreement at the Project during the hiatus between the effective dates of such expired and new labor agreements, an amount equal to any such retroactive wage increase established by such new labor agreement, retroactive to whatever date is provided by the new labor agreement for such increase to go into effect, for each employee’s hours worked on the Project during the retroactive period. All Parties agree that such affected Contractors shall
be solely responsible for any retroactive payment to its employees.

(c) Some Contractors may elect to continue to work on the Project under the terms of the interim agreement option offered under paragraph (a) above and other Contractors may elect to continue to work on the Project under the retroactivity option offered under paragraph (b) above. To decide between the two options, Contractors will be given one week after the particular labor agreement has expired or one week after the Union has personally delivered to the Contractors in writing its specific offer of terms of the interim agreement pursuant to paragraph (a) above, whichever is the later date. If the Contractor fails to timely select one of the two options, the Contractor shall be deemed to have selected option (b).

Section 7.5 No Lockouts: Contractors shall not cause, incite, encourage, condone or participate in any lock-out of employees with respect to Project Work during the term of this Agreement. The term "lock-out" refers only to a Contractor's exclusion of employees in order to secure collective bargaining advantage, and does not refer to the discharge, termination or layoff of employees by the Contractor for any reason in the exercise of rights pursuant to any provision of this Agreement, or any other agreement, nor does "lock-out" include the District's decision to stop, suspend or discontinue any Project Work or any portion thereof for any reason.

Section 7.6 Best Efforts to End Violations:

(a) If a Contractor contends that there is any violation of this Article or Section 8.3, it shall notify, in writing, the Council, the involved Union(s) and the District. The Council and the leadership of the involved Union(s) will immediately instruct, order and use their best efforts to cause the cessation of any violation of the relevant Article.

(b) If the Union contends that any Contractor has violated this Article, it will notify the Contractor and the District, setting forth the facts which the Union contends violate the Agreement, at least twenty-four (24) hours prior to invoking the procedures of Section 7.8. The District shall promptly order the involved Contractor(s) to cease any violation of the Article.

Section 7.7 Withholding of services for failure to pay wages and fringe benefits: Notwithstanding any provision of this Agreement to the contrary, it shall not be a violation of this Agreement for any Union to withhold the services of its members (but not the right to picket) from a particular Contractor who fails to timely pay its weekly payroll; or fails to make timely payments to the Union's Joint Labor/Management Trust Funds in accordance with the provisions of the applicable MLA.

(a) In the case of nonpayment of trust fund contributions on the Project, prior to withholding its members' services, the Trade Council shall give the District and the Contractor(s) three (3) business days' notice.

(b) In the case of nonpayment of wages on the Project or when paychecks tendered to a financial institution normally recognized to honor such paychecks will not honor such a paycheck as a result of insufficient funds, prior to withholding its members' services, the Trade Council shall give the District and the Contractor(s)
one (1) business days' notice.

(c) Notice to District and Contractor of the intent to withhold labor from the Contractor(s)' or their subcontractor's workforce for nonpayment of trust fund contributions and/or wages on the Project may be effected by overnight courier (e.g., US Priority Next Day, FedEx, etc.), by facsimile transmission, and by email.

Section 7.8 Expedited Enforcement Procedure: Any party, including the District, which is an intended beneficiary of this Article, may institute the following procedures, in lieu of or in addition to any other action at law or equitable, when a breach of Section 7.1, 7.5 or Section 8.3 is alleged.

(a) The party invoking this procedure shall notify one of the arbitrators listed in section 8.2 (a) of this Agreement who shall be selected by the negotiating Parties, and whom the Parties agree shall be the permanent arbitrator under this procedure. If the permanent arbitrator is unavailable at any time, the party invoking this procedure shall notify one of the alternates selected by the Parties, in that order on an alternating basis. Notice to the arbitrator shall be by the most expeditious means available, with notices to the Parties alleged to be in violation, and to the Council if it is a Union alleged to be in violation. For purposes of this Article, written notice may be given by overnight courier (e.g., US Priority Next Day, FedEx, etc.), by facsimile transmission, by email, or hand-delivery and will be deemed effective upon receipt.

(b) Upon receipt of said notice, the arbitrator named above or his/her alternate shall sit and hold a hearing within twenty-four (24) hours if it is contended that the violation still exists, but not sooner than twenty-four (24) hours after notice has been dispatched to the Council of the involved Union(s) and/or Contractor as required by Section 8.6, above.

(c) The arbitrator shall notify the Parties of the date and time chosen for this hearing. Said hearing shall be completed in one session, which, with appropriate recesses at the arbitrator's discretion, shall not exceed twenty-four (24) hours unless otherwise agreed upon by all Parties. A failure of any Party or Parties to attend said hearings shall not delay the hearing of evidence or the issuance of any award by the arbitrator.

(d) The sole issue at the hearing shall be whether or not a violation of Sections 7.1, 7.5 or Section 8.3 has in fact occurred. The arbitrator shall have no authority to consider any matter in justification, explanation or mitigation of such violation or to award damages. The Award shall be issued in writing within three (3) hours after the close of the hearing and may be issued without opinion. If any party desires a written opinion, one shall be issued within fifteen (15) days, but its issuance shall not delay compliance with, or enforcement of, the Award. The arbitrator may order cessation of the violation of the Article and other appropriate relief, and such Award, upon issuance, shall be served on all Parties by hand or registered mail.

(e) Such Award shall be final and binding on all Parties and may be enforced by any court of competent jurisdiction upon the filing of this Agreement and all other relevant documents referred to herein above in the following manner. Written notice of the filing of such enforcement proceedings shall be given to the other party. In any judicial proceeding to obtain a
temporary order enforcing the arbitrator’s Award as issued under Section 7.8(d) of this Article, all Parties waive the right to a hearing and agree that such proceedings may be ex parte. Such agreement does not waive any Party’s right to participate in a hearing for a final order of enforcement. The court’s order or orders enforcing the arbitrator’s award shall be served on all Parties by hand or by delivery to their address as shown on this Agreement (for a Union), as shown in their business contract for work under this Agreement (for a Contractor) and to the representing Union (for an employee), by certified mail by the Party or Parties first alleging the violation.

(f) Any rights created by statute or law governing arbitration proceedings inconsistent with the above procedure or which interfere with compliance hereto are hereby waived by the Parties to whom they accrue.

(g) The fees and expenses of the arbitrator shall be equally divided between the party or Parties initiating this procedure and the respondent Party or Parties.

ARTICLE 8
WORK ASSIGNMENTS AND JURISDICTIONAL DISPUTES

Section 8.1 Assignment of Work: The assignment of Project Work will be solely the responsibility of the Employer performing the work involved; and such work assignments will be in accordance with the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry (the “Plan”) or any successor Plan.

Section 8.2 The Plan: All jurisdictional disputes on this Project between or among the building and construction trades Unions and the Employers parties to this Agreement, shall be settled and adjusted according to the present Plan established by the Building and Construction Trades Department or any other plan or method of procedure that may be adopted in the future by the Building and Construction Trades Department. Decisions rendered shall be final, binding and conclusive on the Employers and Unions parties to this Agreement.

(a) Carpenters. If a dispute arising under this Article involves the Northern California Carpenters Regional Council or any of its subordinate bodies, an Arbitrator shall be chosen by the procedures specified in Article V, Section 5, of the Plan from a list composed of John Kagel, Thomas Angelo, Robert Hirsch, and Thomas Pagan. The Arbitrator’s hearing on the dispute shall be held at the offices of the applicable Building and Construction Trades Council within fourteen (14) days of the selection of the Arbitrator. All other procedures shall be as specified in the Plan.

Section 8.3 No Work Disruption Over Jurisdiction: All jurisdictional disputes shall be resolved without the occurrence of any strike, work stoppage, or slow-down of any nature, and the Employer’s assignment shall be adhered to until the dispute is resolved. Individuals violating this section shall be subject to immediate discharge.

Section 8.4 Pre-Job Conferences: As provided in Article 16, each Employer will conduct a pre-job conference with the Council prior to commencing work. The District will be advised in
advance of all such conferences and may participate if it wishes. Pre-job conferences for different Employers may be held together.

Section 8.5  Resolution of Jurisdictional Disputes: If any actual or threatened strike, sympathy strike, work stoppage, slow down, picketing, hand-billing or otherwise advising the public that a labor dispute exists, or interference with the progress of Project Work by reason of a jurisdictional dispute or disputes occurs, the Parties shall exhaust the expedited procedures set forth in the Plan, if such procedures are in the plan then currently in effect, or otherwise as in Article 7 above.

ARTICLE 9
MANAGEMENT RIGHTS

Section 9.1  Contractor and District Rights: The Contractors and the District have the sole and exclusive right and authority to oversee and manage construction operations on Project Work, as set forth in this Article, without any limitations unless expressly limited by a specific provision of this Agreement or the applicable MLA. In addition to the following and other rights of the Contractors enumerated in this Agreement, the Contractors expressly reserve their management rights and all the rights conferred upon them by law. The Contractor’s rights include, but are not limited to, the right to:

(a)  Plan, direct and control operations of all work;
(b)  Hire, promote, transfer and layoff their own employees, respectively, as deemed appropriate to satisfy work and/or skill requirements;
(c)  Promulgate and require all employees to observe reasonable job rules and security and safety regulations;
(d)  Discharge, suspend or discipline their own employees for just cause;
(e)  Utilize, in accordance with District approval, any work methods, procedures or techniques, and select, use and install any types or kinds of materials, apparatus or equipment, regardless of source of manufacture or construction; assign and schedule work at their discretion; and
(f)  Assign overtime, determine when it will be worked and the number and identity of employees engaged in such work, subject to such provisions in the applicable MLA (s) requiring such assignments be equalized or otherwise made in a nondiscriminatory manner.

Section 9.2  Specific District Rights: This Agreement does not, in any way, restrict or otherwise infringe on the District’s absolute right to administer the work of the Project, its construction program and its general bond funds in any way it determines. The District expressly reserves its management rights and all the rights conferred on it by law and its contract with the Contractor.
Section 9.3  Use of Materials: There should be no limitations or restriction by Union upon a Contractor's choice of materials or design, nor, regardless of source or location, upon the full use and utilization, of equipment, machinery, packaging, precast, prefabricated, prefinished, or preassembled materials, tools or other labor saving devices, subject to the application of the California Public Contract and Labor Codes as required by law in reference to offsite construction. Generally, the onsite installation or application of such items shall be performed by the craft having jurisdiction over such work. The District shall advise all Contractors of, and enforce as appropriate, the off-site application of the prevailing wage law as it affects Project Work.

Section 9.4  Special Equipment, Warranties and Guaranties:

(a) It is recognized that certain equipment of a highly technical and specialized nature may be installed at Project Work sites. The nature of the equipment, together with the requirements for manufacturer's warranties, may dictate that it be prefabricated, pre-piped and/or pre-wired and that it be installed under the supervision and direction of the District's and/or manufacturer's personnel. The Unions agree to install such equipment without incident.

(b) The Parties recognize that the Contractor will initiate from time to time the use of new technology, equipment, machinery, tools, and other labor-saving devices and methods of performing Project Work. The Union agrees that they will not restrict the implementation of such devices or work methods. The Unions will accept and will not refuse to handle, install or work with any standardized and/or catalogue: parts, assemblies, accessories, prefabricated items, preassembled items, partially assembled items, or materials whatever their source of manufacture or construction.

(c) If any disagreement between the Contractor and the Unions concerning the methods of implementation or installation of any equipment, or device or item, or method of work, arises, or whether a particular part or pre-assembled item is a standardized or catalog part or item, the work will precede as directed by the Contractor and the Parties shall immediately consult over the matter. If the disagreement is not resolved, the affected Union(s) shall have the right to proceed through the procedures set forth in Article 10.

(d) In limited circumstances requiring special knowledge of the particular item(s), the installation of specialty process equipment or systems may be performed by employees of a manufacturer, or by designated representatives of the manufacturer, if necessary to maintain the manufacturer's warranty or guarantee, provided, however, that the manufacturer can demonstrate by an enumeration of specific tasks that the work cannot be performed by craft workers covered by this Agreement.
ARTICLE 10
SETTLEMENT OF GRIEVANCES AND DISPUTES

Section 10.1 Cooperation and Harmony on Site:

(a) This Agreement is intended to establish and foster continued close cooperation between management and labor. The Council shall assign a representative to this Project for the purpose of assisting the Unions, and working with the District, together with the Contractors, to complete the construction of the Project economically, efficiently, continuously and without any interruption, delays or work stoppages.

(b) The District, the Contractors, Unions, and employees collectively and individually, realize the importance to all Parties of maintaining continuous and uninterrupted performance Project Work, and agree to resolve disputes in accordance with the grievance provisions set forth in this Article or, as appropriate, those of Article 7 or 8.

(c) The Council shall oversee the processing of grievances under this Article and Articles 7 and 8, including the scheduling and arrangements of facilities for meetings, selection of the arbitrator from the agreed-upon panel to hear the case, and any other administrative matters necessary to facilitate the timely resolution of any dispute; provided, however, it is the responsibility of the principal parties to any pending grievance to insure the time limits and deadlines are met.

Section 10.2 Processing Grievances: Any questions arising out of and during the term of this Agreement involving its interpretation and application, which includes applicable provisions of the MLA’s, but not jurisdictional disputes or alleged violations of Section 7.1 and 7.5 and similar provisions, shall be considered a grievance and subject to resolution under the following procedures.

Step 1. Employee Grievances: When any employee subject to the provisions of this Agreement feels aggrieved by an alleged violation of this Agreement, the employee shall, through his Union business representative or, job steward, within ten (10) working days after the occurrence of the violation, give notice to the work site representative of the involved Contractor stating the provision(s) alleged to have been violated. A business representative of the Union or the job steward and the work site representative of the involved Contractor shall meet and endeavor to adjust the matter within ten (10) working days after timely notice has been given. If they fail to resolve the matter within the prescribed period, the grieving party may, within ten (10) working days thereafter, pursue Step 2 of this grievance procedure provided the grievance is reduced to writing, setting forth the relevant information, including a short description thereof, the date on which the alleged violation occurred, and the provision(s) of the Agreement alleged to have been violated. Grievances and disputes settled at Step 1 shall be non-precedential except as to the parties directly involved.

Union or Contractor Grievances: Should the Union(s) or any Contractor have a dispute with the other Party(ies) and, if after conferring within ten (10) working days after the disputing Party knew or should have known of the facts or occurrence giving rise to the dispute,
a settlement is not reached within five (5) working days, the dispute shall be reduced to writing and processed to Step 2 in the same manner as outlined in 1(a) above for the adjustment of an employee complaint.

**Step 2.** The business manager of the involved Union or his designee, together with the site representative of the involved Contractor, shall meet within seven (7) working days of the referral of the dispute to this second step to arrive at a satisfactory settlement thereof. If the Parties fail to reach an agreement, the dispute may be appealed in writing in accordance with the provisions of Step 3 within seven (7) calendar days after the initial meeting at Step 2.

**Step 3.**

(a) If the grievance shall have been submitted but not resolved under Step 2, either the Union or Contractor Party may request in writing to the other Party ((es)) within seven (7) calendar days after the initial Step 2 meeting, that the grievance be submitted to an arbitrator selected from the agreed upon list below, on a rotational basis in the order listed. Those arbitrators are: John Kagel, Thomas Angelo, Robert Hirsch, and Thomas Pagan. The decision of the arbitrator shall be final and binding on all Parties and the fee and expenses of such arbitrations shall be borne equally by the involved Contractor(s) and the involved Union(s).

(b) Failure of the grieving Party to adhere to the time limits established herein shall render the grievance null and void. The time limits established herein may be extended only by written consent of the Parties involved at the particular step where the extension is agreed upon. The arbitrator shall have the authority to make decisions only on issues presented and shall not have the authority to change, amend, add to or detract from any of the provisions of this Agreement.

(c) The fees and expenses incurred by the arbitrator, as well as those jointly utilized by the Parties (i.e., conference room, court reporter, etc.) in arbitration, shall be divided equally by the Parties to the arbitration, including Union(s) and Contractor(s) involved.

**Section 10.3 Limit on Use of Procedures:** All Project disputes involving the application or interpretation of the Schedule A Agreement involving the parties signatory hereto shall be resolved pursuant to the resolution procedures of that Schedule A Agreement. All disputes relating to the interpretation or application of this Agreement, other than disputes under Article 7 (Work Stoppages and Lock-Outs) and Article 8 (Work Assignments and Jurisdictional Disputes), shall be subject to resolution by the grievance and arbitration procedures set forth in section 10.2 above.

**Section 10.4 Employee Discipline.** All disputes involving the discipline and/or discharge of an employee working on the Project shall be resolved through the grievance and arbitration provisions contained in the Schedule A Agreement for the craft of the affected employee.

**Section 10.5 Notice:** The District shall be notified by the Council and the involved Contractor(s) of all actions at Steps 1, 2 and 3, and further, the District shall, upon its own request, be permitted to, but has no obligation to, participate fully as a party or observer in all proceedings at any step, but in no event shall be obligated to pay any portion of any fee(s) or expense(s) related thereto.
ARTICLE 11
REGULATORY COMPLIANCE

Section 11.1 Compliance with All Laws: The Council and all Unions, Contractors, subcontractors and their employed shall comply with all applicable federal and state laws, ordinances and regulations including, but not limited to, those relating to safety and health, employment and applications for employment. All employees shall comply with the safety regulations established by the District or the Contractor. Employees must promptly report any injuries or accidents to a supervisor.

Section 11.2 Monitoring Compliance: The Parties agree that the Council shall monitor compliance by all Contractors and subcontractors with all federal and state laws regulation that relate to the provisions in this Agreement, from time to time that apply to Project Work. It shall be the responsibility of the Council to investigate or monitor compliance with these various laws and regulations. The Council may recommend to the District, procedures to encourage and enforce compliance with these laws and regulations.

Section 11.3 Prevailing Wage Compliance: The Council, the Union and the Contractor agree to confer and, in good faith, work together to resolve all complaints regarding any potential prevailing wage violation. If those parties cannot reach a resolution, the complaint shall be resolved pursuant to Section 5.4. The Council or Union, as appropriate, shall be advised in a timely manner with regard to the facts and resolution, if any, of any complaint. It is understood that this Section does not restrict any individual rights as established under the State Labor Code, including the rights of an individual to file a complaint with the State Labor Commissioner or to file a grievance for such violation under the grievance procedure set forth in this Agreement.

Section 11.4 Violations of Law: Based upon a finding of violation by the District of a federal and state law, and upon notice to the Contractor that it or its subcontractors are in such violation, the District, in the absence of the Contractor or subcontractor remedying such violation, may take such action as it is permitted by law or contract to encourage that Contractor to come into compliance, including, but not limited to, assessing fines and penalties, and/or removing the offending Contractor from Project Work. Additionally, in accordance with the Agreement between the District and the Contractor, the District may cause the Contractor to remove from Project Work any subcontractor who is in violation of state or federal law.
Section 12.1 Safety:

(a) It shall be the responsibility of each Contractor to ensure safe working conditions and employee compliance with any safety rules contained herein or established by the District or the Contractor. It is understood that employees have an individual obligation to use diligent care to perform their work in a safe manner and to protect themselves and the property of the Contractor and the District.

(b) Employees shall be bound by the safety, security and visitor rules established by the Contractor and/or the District. These rules will be published and posted. An employee’s failure to satisfy his/her obligations under this section will subject him/her to discipline, up to and including discharge.

Section 12.2 Suspension of Work for Safety: A Contractor may suspend all or a portion of the job to protect the life and safety of employees. In such cases, employees will be compensated only for the actual time worked; provided, however, that where the Contractor requests employees to remain at the site and be available for work, the employees will be compensated for stand-by time at their basic hourly rate of pay.

Section 12.3 Water and Sanitary Facilities: The Contractor shall provide adequate supplies of drinking water and sanitary facilities for all employees as required by state law or regulation.

ARTICLE 13
TRAVEL AND SUBSISTENCE

Travel expenses, travel time, subsistence allowances, zone rates and parking reimbursements shall be paid in accordance with the applicable MLA unless superseded by the applicable prevailing wage determination.

ARTICLE 14
APPRENTICES

Section 14.1 Importance of Training: The Parties recognize the need to maintain continuing support of the programs designed to develop adequate numbers of competent workers in the construction industry, the obligation to capitalize on the availability of the local work force in the area served by the District, and the opportunities to provide continuing work under the construction program. To these ends, the Parties will facilitate, encourage, and assist local residents to commence and progress in Labor/Management Apprenticehip and/or training Programs in the construction industry leading to participation in such apprenticehip programs. The District, other District consultants, and the Council, will work cooperatively to identify, or establish and maintain, effective programs and procedures for persons interested in entering the construction industry and which will help prepare them for the formal joint labor/management apprenticehip programs maintained by the signatory Unions.

Section 14.2 Use of Apprentices:
(a) Apprentices used on the Project under this Agreement shall be registered in Joint Labor Management Apprenticeship Programs approved by the State of California. Apprentices may comprise up to thirty percent (30%) of each craft’s work force at any time, unless the standards of the applicable joint apprenticeship committee confirmed by the Division of Apprenticeship Standards ("DAS"), establish a lower or higher maximum percentage, and where such is the case, the applicable Union should use its best efforts with the Joint Labor Management apprenticeship committee and, if necessary, the DAS to permit up to thirty percent (30%) apprentices on the Project.

(b) The Unions agree to cooperate with the Contractor in furnishing apprentices as requested up to the maximum percentage. The apprentice ratio for each craft shall be in compliance, at a minimum, with the applicable provisions of the Labor Code relating to utilization of apprentices. The District shall encourage such utilization, and, both as to apprentices and the overall supply of experienced workers, will work with the Council to assure appropriate and maximum utilization of apprentices and the continuing availability of both apprentices and journey persons.

(c) The Parties agree that apprentices will not be dispatched to Contractors working under this Agreement unless there is a journeyman working on the project where the apprentice is to be employed who is qualified to assist and oversee the apprentice’s progress through the program in which he is participating.

(d) All apprentices shall work under the direct supervision of a journeyman from the trade in which the apprentice is indentured. A journeyman shall be defined as set forth in the California Code of Regulations, Title 8 [apprenticeship], Section 205, which defines a journeyman as a person who has either completed an accredited apprenticeship in his or her craft, or has completed the equivalent of an apprenticeship in length and content of work experience and all other requirements in the craft which has workers classified as journeyman in the apprenticeship occupation. Should a question arise as to a journeyman’s qualification under this subsection, the Contractor shall provide adequate proof evidencing the worker’s qualification as a journeyman to the District and the Council.

ARTICLE 15
WORK OPPORTUNITIES PROGRAMS

Section 15.1 Local Residents. In addition to the provisions in Section 3.3 ("Referral Procedures") related to Local Residents, the Parties to this Agreement support the development of increased numbers of skilled construction workers from among Local Residents to meet the labor needs of the Project, specifically, and the requirements of the local construction industry generally. Towards that end, the Parties agree to cooperate respecting the establishment of a work opportunities program for Local Residents, the primary goals of which shall be to maximize construction work opportunities for traditionally underrepresented members of the community. In furtherance of the foregoing, the Unions specifically agree to:

a) Encourage the referral and utilization, to the extent permitted by law and hiring
hall practices, of qualified Local Residents as journeymen and apprentices on the Project, and entrance into such qualified apprenticeship and training programs as may be operated by signatory Unions; and

b) Work cooperatively with the District and other District consultants to identify, or establish and maintain, effective programs, events and procedures for persons interested in entering the construction industry; and

c) Participate in District based job fairs, career days and outreach events; and

d) Provide speakers to speak at District programs and Academies as requested; and

e) Assist Local Residents in contacting pre-apprenticeship programs that utilize the Building Trades multi-craft core curriculum (MC3) and the Apprenticeship Training Committees for the crafts and trades they are interested in. The Unions shall assist Local Residents who are seeking Union jobs on the Project and Union membership in assessing their work experience and giving them credit for provable past experience in their relevant craft or trade, including experience gained working for non-union Contractors. The Unions shall put on their rolls, qualified bona fide Local Residents for work on this Project; and

f) Provide a contact information list for all Union representatives and Joint Apprenticeship Committee representatives; and

g) Support local events and programs designed to recruit and develop adequate numbers of competent workers in the construction industry.

Section 15.2 Apprenticeship Pathways for Current-Year High School Graduates. The Council and the Unions agree that District students who are new graduates of the District’s pre-apprenticeship program or a Council-approved pre-apprenticeship program shall be treated as pre-apprentices and shall be given preferred and priority access and pathways to apprenticeship programs. Therefore, the Council and the Unions shall implement a targeted hiring program for the Project which requires Contractors working on the Project to employ new District pre-apprenticeship program graduates for at least fifteen percent (15%) of work hours on apprentice work on the Project per year, each year the agreement is in effect. The Council’s and the Unions’ ability to reach this goal is subject to District students’ desire to enter into the trades, and District students’ ability to satisfy the requirements for entry into the apprenticeship program.

(a) The Parties agree that these pathways will be primarily provided through the MC3 program offered through the State Center Community College District, but may also be satisfied at programs or campuses located in the area identified as the Third Tier in Attachment B.

(b) The Parties agree that:

(1) The District will provide the Council and the Unions opportunities to engage and discuss apprenticeship opportunities with current District students; and
(2) The Council and the Unions will provide at the end of each fiscal year and six (6) months thereafter, every year, detailed and confidential information on the students they have provided apprenticeship program access to, including which program(s) and the status of progress and/or graduation of each student currently in the program(s) or recently graduated from the program(s).

(3) The responsibilities of the Council and the Unions regarding the implementation of the targeted hiring program for District students shall be further addressed in a memorandum of understanding to be executed by the Council, the Unions and the District.

Section 15.3 Full-Time Pre-Apprentice/Internship/Apprenticeship Coordinator.

(a) The Council shall provide a coordinator, at the Council’s expense whose responsibilities shall include informing and advising District students and, when appropriate, District employees on the process, availability and opportunities of a career or job in the local construction trade industry. The coordinator shall visit each of the District’s seven comprehensive high schools on an “as needed” basis but shall make a minimum of one visit per month to each of the seven high schools.

(b) The District will provide appropriate space at each site for the Coordinator to perform his/her work. Subject to the District’s process for field trips, off-campus curriculum or offering off-campus classes, the Council and the Unions will offer students tours of different apprenticeship programs.

(c) This access is intended to satisfy much of the District’s obligation to provide opportunities for the Council and the Unions to engage and discuss apprenticeship opportunities with current District students.

Section 15.4 Council Scholarship for Disadvantaged Students. The Council shall fund and provide scholarship(s) to students to cover the costs of apprenticeship programs, for those students that are interested in pursuing a career or job in the local construction trade industry.

ARTICLE 16
WORKING CONDITIONS

Section 16.1 Meal and Rest Periods: There will be no non-working times established during working hours except as may be required by applicable state law or regulations. Meal periods and Rest periods shall be as provided for in Wage Order 16 (https://www.dir.ca.gov/iwc/StatementAsToTheBasisWageorder16.htm). Individual coffee containers will be permitted at the employees’ work location; however, there will be no organized coffee breaks.

Section 16.2 Work Rules: The District and/or relevant Contractor shall establish such reasonable work rules as they deem appropriate and not inconsistent with this Agreement. These
rules will be posted at the work sites by the Contractor and may be amended thereafter as necessary. Failure to observe these rules and regulations by employees may be grounds for discipline up to an including discharge.

Section 16.3 Emergency Use of Tools and Equipment: There should be no restrictions on the emergency use of any tools by any qualified employee or supervisor, or on the use of any tools or equipment for the performance of work within the jurisdiction, provided the employee can safely use the tools and/or equipment involved and is compliance with applicable governmental rules and regulations.

Section 16.4 Access Restrictions for Care: Recognizing the nature of the work being conducted on the site, employee access by a private automobile may be limited to certain roads and/or parking areas.

ARTICLE 17
PRE-JOB CONFERENCES

Each Contractor will conduct a pre-job conference with the appropriate affected Union(s) prior to commencing work. The Council and the District shall be advised in advance of all such conferences and may participate if they wish. All work assignments shall be disclosed by the Contractor at a pre-job conference held in accordance with industry practice. Should there be any formal jurisdictional dispute raised under Article 8, the District shall be promptly notified.

ARTICLE 18
LABOR/MANAGEMENT COOPERATION

Section 18.1 Joint Committee: The Parties to this Agreement shall establish a six (6) person Joint Administrative Committee ("JAC"). This JAC shall be comprised of three (3) representatives selected by the District and three (3) representatives selected by the Council to monitor compliance with the terms and conditions of this Agreement. Each representative shall designate an alternate who shall serve in his or her absence for any purpose contemplated by this Agreement.

Section 18.2 Functions of Joint JAC: The JAC shall meet on a schedule to be determined by the JAC or at the call of the joint chairs, to discuss the administration of the Agreement, the progress of the Project, general labor management problems that may arise, and any other matters consistent with this Agreement. Substantive grievances or disputes arising under Articles 7, 8 or 10 shall not be reviewed or discussed by the JAC but shall be processed pursuant to the provisions of the appropriate Article. The Council shall be responsible for the scheduling of the meetings, the preparation of the agenda topics for the meetings, with input from the Unions, the Contractors and the District. Notice of the date, time and place of meetings, shall be
given to the JAC members at least three (3) days prior to the meeting. The Council shall prepare quarterly reports on apprentice utilization and the training and employment of District residents, and a schedule of Project Work and estimated number of craft workers needed. The JAC or an appropriate subcommittee, may review such reports and make any recommendations for improvement, if necessary, including increasing the availability of skilled trades, and the employment of local residents or other individuals who should be assisted with appropriate training to qualify for apprenticeship programs.

Section 18.3 Subcommittees: The JAC may form subcommittees to consider and advise the full JAC with regard to specific matters.

ARTICLE 19
SAVINGS AND SEPARABILITY

Section 19.1 Savings Clause: It is not the intention of the District, Contractor or the Union parties to violate any laws governing the subject matter of this Agreement. The Parties hereto agree that in the event any provision of this Agreement is finally held or determined to be illegal or void as being in contravention of any applicable law or regulation, the remainder of the Agreement shall remain in full force and effect unless the part or parts so found to be void are wholly inseparable from the remaining portions of this Agreement. Further, the Parties agree that if and when any provision(s) of this Agreement is finally held or determined to be illegal or void by a court of competent jurisdiction, the Parties will promptly enter into negotiations concerning the substantive effect of such decision for the purposes of achieving conformity with the requirements of any applicable laws and the intent of the Parties hereto. If the legality of this Agreement is challenged and any form of injunctive relief is granted by any court, suspending temporarily or permanently the implementation of this Agreement, then the Parties agree that all Project Work that would otherwise be covered by this Agreement should be continued to be procured and constructed without application of this Agreement so that there is no delay or interference with the ongoing planning, procurement and construction of any Project Work.

Section 19.2 Effect of Injunctions or Other Court Orders: The Parties recognize the right of the District to withdraw, at its absolute discretion, the utilization of the Agreement as part of any procurement specification should a Court of competent jurisdiction issue any order, or any applicable statute which could result, temporarily or permanently in delay of the procurement, awarding and/or construction on the Project. Notwithstanding such an action by the District, or such court order or statutory provision, the Parties agree that the Agreement shall remain in full force and the fact on covered Project Work to the maximum extent legally possible.

ARTICLE 20
WAIVER

A waiver of or a failure to assert any provisions of this Agreement by any or all of the Parties hereto shall not constitute a waiver of such provision for the future. Any such waiver shall not constitute a modification of the Agreement or change in the terms and conditions of the Agreement and shall not relieve, excuse or release any of the Parties from any of their rights,
duties or obligations hereunder.

ARTICLE 21
AMENDMENTS

The provisions of this Agreement can be renegotiated, supplemented, rescinded or otherwise altered only by mutual agreement in writing, hereafter signed by the negotiating Parties hereto.

ARTICLE 22
DURATION OF THE AGREEMENT

Section 22.1 Duration: This Agreement shall be effective from the date signed by all Parties, including all Unions listed in signature lines below, and shall remain in effect until completion of construction of all Project Work.

Section 22.2 Turnover and Final Acceptance of Completed Work:

(a) For purposes of this Agreement only, construction of any phase, portion, section, or segment of Project Work shall be deemed complete when such phase, portion, section or segment has been turned over to the District by the Contractor and the District has accepted such phase, portion, section, or segment. As areas and systems of the Project are inspected and construction-tested and/or approved and accepted by the District or third parties with the approval of the District, the Agreement shall have no further force or effect on such items or areas, except when the Contractor is directed by the District to engage and repair or modifications required by its contract(s) with the District.

(b) Final acceptance may be subject to a “punch” list, and in such case, the Agreement will continue to apply to each such item on the list until it is completed to the satisfaction of the District. At the request of the Union, completion information and information describing any “punch” list work, as well as any additional work required of the Contractor at the direction of the District pursuant to (a) above, involving otherwise turned-over and completed facilities which have been accepted by the District, will be available from the District.

ARTICLE 23
DRUG AND ALCOHOL TESTING

16.1 The use, sale, transfer, purchase and/or possession of a controlled substance, alcohol and/or firearms at any time during the workday is prohibited.

16.2 Drug and alcohol testing shall be conducted in accordance with the substance abuse prevention policies set forth in the applicable Schedule “A”. A list of the Schedule “A”s is attached hereto as Attachment D.

IN WITNESS whereof the Parties have caused this Agreement to be executed as of the date and year above stated.

SECTION 1.4 WORK PRODUCTS AND RIGHTS THERETO. Unless stated otherwise on the Cover in which case such provisions shall apply to the extent provided therein, this Section shall survive the termination of this Agreement and apply to: (A) any Work that FCSS provides to Contractor pursuant to or relating to this Agreement (“FCSS Work”); and (B) any Work that is prepared for and/or provided to FCSS by or on behalf of Contractor pursuant to or relating to this Agreement (“Contractor Work”). The following applies to the FCSS Work: (A) the FCSS Work is FCSS’ property and FCSS has all interests and rights thereto; (B) Contractor does not own and shall not claim any interest or right to or in the FCSS Work; (C) FCSS grants to Contractor a limited license during the Contract Term to use and reproduce only those portions of the FCSS Work necessary for Contractor to perform this Agreement; and (D) Contractor shall return any or all FCSS Work to FCSS upon FCSS’ request. SECTION 1.5 COMPLIANCE WITH APPLICABLE LAWS AND GRANT.

1.5.1 GENERALLY. Each Party shall comply with all laws and regulations (collectively "Law") applicable to its performance of this Agreement, and all Law that it agrees to comply under this Agreement (referred to collectively and separately as "Applicable Law" and shall include amendments and Law that are in effect as of the Effective Date or become effective during the Contract Term). Each Applicable Law is deemed inserted herein; however, if any conflict or inconsistency exists between a provision in this Agreement and an Applicable Law, the provision in this Agreement shall govern except where such provision is specifically prohibited or voided by the Applicable Law in which case the Applicable Law shall govern to the extent provided therein. Each Party shall comply with each grant (if any) that provides funding to pay for this Agreement and all Law and requirements applicable to such grant.

1.5.2 FEDERAL GRANT FUNDS. The provisions of this Subsection apply if this Agreement is paid, in part or in whole, with federal grant funds. Each Party shall comply with federal laws, regulations, and requirements applicable to such federal grant funds. Contractor represents that it is not debarred, suspended, or otherwise excluded or ineligible to be awarded this Agreement. Contractor shall comply with federal suspension and debarment regulations, including, but not limited to, regulations implementing Executive Orders 12549 and 12689. Upon FCSS' request, whether during or after the Contract Term, Contractor shall cooperate with and provide FCSS with documents and information relating to this Agreement that are necessary for FCSS to comply with applicable federal laws, regulations, and requirements. The provisions of this Subsection shall survive the termination of this Agreement.

SECTION 1.6 RECORDS AND INFORMATION.

1.6.1 REQUIRED DOCUMENTS. Contractor shall provide to FCSS each Required Document marked on the Cover, each of which is incorporated into and constitutes a part of this Agreement. If any Required Document becomes incorrect or inapplicable or expires during the Contract Term, Contractor shall promptly notify in writing and/or submit to FCSS the corrected, updated, or effective Required Document. If Contractor refuses to provide any Required Document or corrected, updated, or effective version thereof, FCSS shall have the right to withhold payment of any or all of the Contract Amount until such time that FCSS receives the Required Document from Contractor.

1.6.2 CONFIDENTIAL MATERIAL. If any documents and/or information (for example and not as a limitation, employee or student record) that are subject to nondisclosure or protecton under federal and/or California laws (collectively and separately "Confidential Material") are provided to or created by Contractor for or pursuant to this Agreement, Contractor shall: (A) not release, disseminate, publish, or disclose the Confidential Material, except as required by law or a court order or as this Agreement may permit; (B) unless specifically permitted by Applicable Law, not use the Confidential Material for any purpose not related to Contractor's performance of this Agreement; and (C) protect and secure the Confidential Material, including Confidential Material saved or stored in an electronic form, to ensure that it is safe from theft, loss, destruction, erasure, alteration, and unauthorized viewing, duplication, and use. The provisions of this Subsection shall survive the termination of this Agreement.

Upon FCSS' written notice to Contractor that a longer retention period is necessary in order for FCSS to comply with records retention requirements under a court order or federal or state laws, Contractor shall continue to retain such books and records for the period stated in FCSS' notice. If this Agreement involves the expenditure of $10,000 or more in funds from the State of California, it is subject, for three years after the final payment is made, to the State Auditor's examination and audit at FCSS' request or as part of an audit of FCSS. The provisions of this Subsection shall survive the termination of this Agreement.
ARTICLE 2 PAYMENT.

SECTION 2.1 CONTRACT AMOUNT. As full consideration and compensation for Contractor's performance of this Agreement, FCSS shall pay Contractor the Contract Amount in accordance with the Payment Schedule stated on the Cover. Except as stated in this Agreement or in amendment hereto, Contractor shall not be entitled to any other payment from FCSS; in the event Contractor has received any payment to which Contractor is not entitled under this Agreement or an amendment, Contractor shall refund such payment to FCSS within 30 days of FCSS' request.

SECTION 2.2 INVOICE, ADDITIONAL INFORMATION, AND DECLARATION UNDER PENALTY OF PERJURY. Before Contractor may receive any payment under this Agreement, Contractor shall submit an itemized invoice and other documents as set forth below to FCSS at FCSS' address for invoice stated on the Cover. Upon receiving an invoice and if FCSS objects to it and/or requires additional information, FCSS shall notify Contractor and Contractor shall provide such information to FCSS within 10 days after Contractor receives FCSS' notice. If Contractor fails or refuses to provide the additional information, FCSS shall have the right to withhold payment of any or all of the Contract Amount until such time that FCSS receives such information from Contractor.

SECTION 2.3 PAYMENT SCHEDULE, DEDUCTION, AND RELEASE. The Payment Schedule, as stated on the Cover, shall apply to FCSS' payment of the Contract Amount to Contractor. FCSS may deduct from each payment, if applicable, withholdsings required by applicable laws, including but not limited to, those for non-California or foreign residents. Contractor's acceptance of any payment under this Agreement shall constitute, effective on the date of acceptance, a release of all claims and liabilities that Contractor has or may have against FCSS for any additional payment for the Services, and/or matters, for which the payment was made. However, FCSS payment shall not relieve Contractor of Contractor's obligations under this Agreement or for deficient or defective Services that FCSS discovers after the payment is made.

ARTICLE 3 TERM AND TERMINATION OF AGREEMENT; AND SUSPENSION OF SERVICES.

SECTION 3.1 CONTRACT TERM. This Agreement is effective on the Effective Date and continues in full force and effect thereafter until and including the Termination Date and any written extension thereto ("Contract Term") and, unless terminated during the Contract Term in accordance with Section 3.2 below, shall terminate at 12:00 midnight on the last day of the Contract Term without any notice or action by either Party.

3.2.2 RIGHTS AND OBLIGATIONS UPON TERMINATION. Upon termination of this Agreement during the Contract Term, the following shall apply and survive the termination of this Agreement: (A) FCSS shall pay Contractor only for Services that Contractor is required to perform, and has performed in accordance with this Agreement before the effective date of termination; (B) Contractor shall submit an invoice within 30 days of the effective date of termination; (C) Sections 2.2 and 2.3 shall apply to Contractor’s invoice and FCSS’ payment under this Subsection; and (D) upon FCSS’ payment, if any has been invoiced by Contractor and is due to Contractor, FCSS is not obligated to make any further payment to Contractor, whether pursuant to contract, law, or equity.

SECTION 3.3 SUSPENSION OF SERVICES. Despite any contrary provision in this Agreement, FCSS shall have the right to suspend, delay, or interrupt any or all Services at any time during the Contract Term by providing written notice to Contractor at least 15 days before the date on which the suspension, delay, or interruption is to begin, and stating the beginning and ending dates thereof ("Suspension Period"). Contractor shall not receive any payment for Services that Contractor did not perform during the period in which the Force Majeure occurred.
SECTION 4.1 REQUIRED INSURANCE. Contractor, at its cost unless stated otherwise on the Cover, shall maintain in effect insurance as marked on the Cover and complying, at a minimum, with the applicable requirements stated below. If Contractor is a California public agency, the required coverage may be through self-insurance. FCSS, in its sole discretion, may waive in writing any requirement in this Article; however, FCSS' failure to insist or request that Contractor comply with such requirements shall not constitute a waiver on FCSS' part. FCSS reserves the right to reject any insurance and/or to require that Contractor obtain insurance through an insurer satisfactory to FCSS.

4.1.1 Commercial General Liability, in effect during the Contract Term, coverage for property damage, bodily injury, and personal and advertising injury with limits of not less than $1,000,000 per occurrence with $2,000,000 general aggregate. Contractor shall disclose any deductible or self-insured retention for any of the required insurance. FCSS reserves the right to require that such deductible or self-insured retention be eliminated or reduced, that Contractor obtain a bond or other security guaranteeing payment of losses and costs within the limits of the deductible or self-insured retention, or that Contractor provide other assurances satisfactory to FCSS. Contractor’s obligation to provide written proof of the insurance required under Section 4.1 shall survive the termination of this Agreement.

ARTICLE 5 INDEMNITY.

The indemnity provision of the Fingerprinting Certification, the Sole Proprietor Fingerprinting Addendum, and/or the TB Certification, to the extent such document(s) is/are applicable as indicated on the Cover, shall govern to the extent provided therein. In all other respects relating to this Agreement, each Party’s indemnity, defense, and hold harmless obligations to the other Party under or related to this Agreement shall be governed solely by the provisions of this Article. A Party (“Indemnitee”) shall: (A) indemnify and hold harmless the other Party (“Indemnitor”) to the full extent permitted by California laws for any Loss sustained by Indemnitee or a Third Party only in proportion to Indemnitor’s liability based on a Final Determination; and (B) defend and pay for all of Indemnitor’s attorney’s fees and litigation costs related to any Claim or Loss without any right against or from the Indemnitee for indemnity and/or hold harmless of such costs and fees, or any right for defense. A Party who intends to seek or seeks indemnity and/or hold harmless for any Loss from the other Party shall notify the other Party in writing and within a reasonable time after the Party knows or becomes aware of any Claim that may or will result in a Loss, describing, if known or determinable, the pertinent circumstances, all entities and persons involved, and the amount being claimed. A Party’s obligations under this Article are not limited to or by any insurance that it maintains or the lack of insurance but apply to the full extent permitted by California laws, and shall survive the termination of this Agreement. “Claim” means any claim, demand, lawsuit, cause of action, action, cross-complaint, cross-action, and/or proceeding arising out of, resulting from, or relating to this Agreement where there has been no Final Determination. “Loss” means any bodily injury, property damage, personal injury, advertising injury, liability, loss, damage, judgment, expense, and/or cost (excluding attorney’s fees and litigation costs that a Party or a Third Party incurred or paid related to a Loss or Claim) arising out of, resulting from, or
relating to this Agreement and for which there has been a Final Determination that a Party is or both Parties are liable. "Third Party" means a person who or an entity that is not any of the following: (A) a Party; (B) an owner, director, officer, employee, or agent of Contractor, (C) an employee, agent, or volunteer of FCSS or a member, officer, or agent of the Fresno County Board of Education; or (D) contracted with (whether directly or through a subcontract of any level) or otherwise retained by a Party to act for or on the Party's behalf. "Final Determination" means any judgment, order, or decision, each a "Determination," by a court of competent jurisdiction or a governmental entity with jurisdiction to render the Determination where the Determination is not subject to appeal or the period for an appeal has expired.

ARTICLE 6 DISPUTE RESOLUTION.

The Parties shall meet and confer in good faith to resolve any dispute between them arising out of, resulting from, or relating to this Agreement, including any Claim or Loss for which a Party seeks indemnity pursuant to Article 5 and any dispute relating to this Agreement that arises or occurs after the termination of this Agreement. During any dispute, FCSS' decision, for the time being, shall prevail and Contractor shall perform this Agreement as FCSS directs without prejudice to a Final Determination, as this term is defined in Article 5. During a dispute regarding payment under this Agreement, FCSS shall pay Contractor the amount that is undisputed and due to Contractor; if a disputed amount is determined in a Final Determination to be due to Contractor, FCSS shall pay such amount to Contractor within 30 days of the date of the Final Determination, unless a different date is stated in the Final Determination or in an agreement executed by the Parties, in which case, FCSS shall pay Contractor in accordance therewith. Except for an action to preserve the status quo and/or prevent irreparable harm, a Party shall not commence any cause of action, action, lawsuit, or proceeding arising out of, resulting from, or relating to this Agreement until after the Party has complied with the provisions of this Article. The provisions of this Article shall survive the termination of this Agreement.

ARTICLE 7 GENERAL PROVISIONS.

SECTION 7.1 ENTIRE AGREEMENT, CONFLICT, EXECUTION, AMENDMENT, AND WAIVER. This Agreement is a complete and exclusive statement of the Parties' agreement under Code of Civil Procedure section 1856. This Agreement consists of, and any conflict or inconsistency in this Agreement shall be resolved by giving precedence as follows: Cover, General Terms and Conditions, exhibit or attachment stated in this Agreement as being a part of this Agreement, and the Required Documents. The Parties may execute this Agreement and any amendment in counterparts such that each Party's signature is on a separate page. A copy or an original of this Agreement or an amendment with the Parties' signatures, whether original or transmitted by electronic means, shall be deemed a fully executed contract. The Parties may amend or waive any provision of this Agreement only by a writing executed by them.

SECTION 7.2 INTERPRETATION; APPLICABLE LAWS AND TIME ZONE; VENUE; SEVERABILITY; AND SURVIVAL OF TERMINATION. If there is uncertainty of any language in this Agreement, the Parties agree that Civil Code section 1654 shall not apply to interpret the uncertainty. The language of this Agreement shall be interpreted according to its fair meaning and not strictly for or against any Party and under California laws without giving effect to California's choice of law provisions that may result in the application of the laws of another jurisdiction. All dates and times stated in this Agreement shall be according to Pacific Time. All causes of action, actions, lawsuits, and proceedings arising out of, resulting from, or relating to this Agreement shall be adjudicated in state or federal court in Fresno County, California, provided that FCSS does not hereby waive any immunity to suit. If a court of competent jurisdiction holds any provision of this Agreement void, illegal, or unenforceable, this Agreement shall remain in full force and effect and shall be interpreted as though such invalidated provision is not a part of this Agreement and the remaining provisions shall be construed to preserve the Parties' intent in this Agreement. Any provision in this Agreement that by its nature applies after, or is specifically stated to survive, the termination of this Agreement shall survive the termination of this Agreement.

SECTION 7.3 INDEPENDENT CONTRACTOR, ASSIGNMENT, TRANSFER, AND SUBCONTRACT. Contractor is an independent contractor, and it and its officers, employees, and agents are not, and shall not represent themselves as, officers, employees, or agents of FCSS. This Agreement does not and shall not be construed to create an employment or agency relationship, partnership, or joint venture between the Parties. Contractor and its officers, employees, agents, and any other person performing services for or on behalf of Contractor shall not have any right or claim against FCSS for wages or employee compensation, social security benefits, workers compensation benefits, health benefits, vacation, sick leave, or other employee benefits. Contractor shall not assign or transfer any or all of its obligations and/or rights under this Agreement, including by operation of law or change of control or merger, without FCSS' prior written consent. Unless stated on the Cover, Contractor shall not subcontract with any third party to perform some or all of the Services required of Contractor.
SECTION 7.4 NOTICES. Except as may be stated otherwise in this Agreement in which case such provision shall govern to the extent provided therein, each Party shall give any notices, demands, and all other communications required or permitted under this Agreement in writing and by one of the following methods to the other Party at its address and/or email stated on the Cover, delivery to be effective upon receipt thereof by the other Party: (A) hand delivery; (B) sent by a reputable overnight courier service that tracks the delivery; (C) sent by certified mail, return receipt requested, postage prepaid; or (D) sent by regular mail and transmitted by e-mail; and, if to FCSS, a copy of any notice and demand by email to: Legal Services at legalservices@fcoe.org. A Party may change its contact person and/or contact information stated on the Cover by notifying the other Party of the particular change and the effective date thereof in accordance with this Section. The provisions of this Section shall survive the termination of this Agreement.

AGENDA ITEM B-15

AGENDA SECTION: B
(A – Consent, B – Discussion, C – Receive, Recognize/Present)

ACTION REQUESTED: Discuss
(Adopt, Approve, Discuss, Receive, etc.)

TITLE AND SUBJECT: Present and Discuss the Fresno Unified School District Supplement to the Local Control and Accountability Plan and the Federal Addendum

ITEM DESCRIPTION: Included in the Board Binders is a copy of the Fresno Unified School District Supplement to the Local Control and Accountability Plan (LCAP) and Federal Addendum. Staff will present and the Board of Education will discuss the Supplement to the LCAP and the Addendum.

The Supplement to the LCAP and additional presentation requirements must be presented to the Board of Education on or before February 28, 2022, at a regularly scheduled board meeting. School Districts received additional funds this year after the adoption of the LCAP and the district budget. This Supplement report is meant to provide an update and ensure transparency on the use of the funds and the status of implementation and effectiveness of services. There are two components to complete this requirement: completion of the template and a presentation reflecting the template and the additional elements.
   1. The LCAP Supplement Template: contains 5 questions requiring narrative responses.
   2. The presentation must address funding, engagement with the educational partners, program implementation, and progress toward outcomes.

The Federal Addendum is in addition to the LCAP and is not required as part of the Supplement to the LCAP. Districts are required to complete this plan, describing how required provisions are addressed for the Every Student Succeeds Act (ESSA) for Title I Part A, Title II Part A, Title III Part A, and Title IV Part A.

The Board of Education originally approved the Federal Addendum on June 12, 2019 and it has been posted on the district’s website since then. In addition, the California Department of Education (CDE) approved the district’s Addendum on November 01, 2019. The updated Addendum will be reviewed by CDE in multiple program areas during the upcoming Federal Program Monitoring (FPM) in May 2022.

FINANCIAL SUMMARY: Funding for planned investments is available through the Local Control Funding Formula (LCFF) and various federal programs.

Fresno Unified School District | Robert Nelson, Superintendent | Bob.Nelson@fresnounified.org (559) 457 - 3882

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Below is a summary of the funds provided in the Budget Act of 2021 that were not included in the LCAP. Fresno Unified will continue to engage community partners regarding the additional Cost-Of-Living-Adjustment (COLA) and 15% increase to concentration funds during the LCAP community partners engagement opportunities in the first half of 2022.

Fresno Unified School District has a long-established foundational principal of meaningful educational partner engagement. These efforts have been refined and improved through the Local Control and Accountability Plan (LCAP) process. The engagement
For the current school year and to support decisions made after the June 2021 approval of the Local Control and Accountability Plan, Fresno Unified staff undertook an extensive outreach effort to better understand the preferences of parents, teachers, staff, and students. Beginning in August 2021 and continuing into February 2022, staff reached out to educational partners on several topics, including seeking information on student needs, a discussion of new ESSER III funding, and staffing opportunities made available to the district through funding from the additional 15% allocated through Local Control Funding Formula concentration funds.

The engagement efforts to date in the 2021/22 school year can be summarized by the following:

Input from staff, students, parents, and community members was shared with both district leaders and with the Board of Education. A proposal for use of the 15% in concentration funds, amounting to the $30 million annually, was taken to the Board of Education on February 2, 2022.

Upcoming engagement opportunities for these funds included at the following link:

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.
School districts such as Fresno Unified that have a high concentration of students who are English learners, foster youth and/or low-income will receive an additional 15% increase in funding from the Local Control Funding Formula concentration grant. For Fresno Unified, this results in an ongoing annual increase of $30.3 million. These additional funds will be used to hire certificated and/or classified staff at school sites that have an enrollment of students who are low-income, English learners, and/or foster youth greater than 55%. For Fresno Unified, this would be every school site except Baird, Bullard Talent, Forkner, Malloch, and Starr.

To determine which positions to add, the district sought input from its educational partners such as parents, students, and staff, as well as the input from community-based organizations. A proposal was presented to the Board of Education on February 2, 2022.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.
Fresno Unified recognized the need to be efficient and thorough in communication with educational partners around the needs of students. To reach as many individuals as possible, discussions as early as August 2021 focused on the general topic of evolving student needs. Presentations were made to ensure educational partners were aware of both one-time federal funding and additional state funding though the Local Control Funding Formula (LCFF) Concentration Grants, but feedback received was categorized for the Board of Education and district leaders around positions (LCFF Concentration Grants) and immediate needs in response to the impacts of the COVID-19 pandemic (ESSER III Funding). Initial feedback was presented to the Board of Education in September 2021 [https://board.fresnounified.org/wp-content/uploads/20210915-0-Agenda-and-Support-Material.pdf](https://board.fresnounified.org/wp-content/uploads/20210915-0-Agenda-and-Support-Material.pdf) to begin planning and implementation for ESSER III funds and completion of the ESSER III Expenditure Plan.

The complete engagement strategy, which included both one-time federal funds and LCFF Concentration funding is described in detail in the first prompt of this supplement. The following links and page numbers indicate how and when the district engaged its educational partners in the use of funds received to support recovery for the COVID-19 Pandemic:

2. Expanded Learning Opportunities Grant Plan, Microsoft Word - ELO - Template (1).docx (fresnounified.org), pages 1 – 2
4. ESSER III Expenditure Plan, ESSER 3 Expenditure Plan Template and Instructions - Federal Stimulus Funding (CA Dept of Education) (fresnounified.org), pages 2 – 5

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Fresno Unified prioritized spending funds from other sources with deadlines that were earlier than ESSER and GEER. All funds from the Federal American Rescue Plan Act and Federal Elementary and Secondary School Emergency Relief expenditure plan will be expended prior to the required deadlines.

**Success:**

Additional, one-time resources enabled Fresno Unified to expand learning opportunities for students in the form of additional instructional time, expanded summer and winter learning and enrichment, expanded after school programs and significantly growing eLearn opportunities for families choosing independent study programs. To target specific needs of students, math and literacy classes sizes were reduced, additional credit recovery options were made available, and school sites received additional, one-time funding to be utilized based on the unique needs of their school site. Books and backpacks were purchased to bridge learning from home to classrooms.

Teachers received additional supports through a two-day voluntary professional learning summit and efforts were made to expand teacher pipeline programs. Investments were made in technology kits to facilitate simultaneous teaching.

In response to the specific student and staff needs associated with the pandemic, the district contracted for additional health supports, prioritized investments around student and staff mental health, invested in additional student laptops, hotspots and repairs,
extended internet capacity in disadvantaged neighborhoods, supported classroom telecom needs, and upgraded classroom ventilation.

**Challenges:**
School district budgets usually do not involve significant, one-time funding as most expenditures are staff which would not be appropriate with one-time funds. Investments in hiring and training and the importance of being an employer of choice require ongoing, long-term funding.

While additional resources are always helpful and appreciated, short spending timelines do not allow for extensive planning and methodical implementation. In the case of the ESSER III expenditure plan, community engagement, drafting of the expenditure plan and approval of the plan all had to be happen within a few short months. Given the amount of funding, $387 million, the quick turnaround was a challenge.

School districts over the previous two years have been tasked not only with the education of students amid a global pandemic, but also the literal health and safety of students and district employees. Everchanging health guidance and mandates make planning for safety needs a challenge.

Lastly, many of the state and federal funding sources provided to school districts require the drafting and adoption of cumbersome spending and implementation plans.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

Fresno Unified is utilizing funds received in the 2021/22 school year in two keyways. The first is to expand or grow key actions outlined in the district’s Local Control and Accountability Plan that support progress towards the district’s 5 new goals. The second way Fresno Unified is utilizing funding received in the 2021/22 school year is to properly respond to the evolving impacts to students, family, and staff during the pandemic.

**Safe Return to In-Person Instruction and Continuity of Services Plan**
Fresno Unified used its fiscal resources to implement the requirements of the Safe Return to In-Person Instruction and Continuity of Services Plan by utilizing the resources received to:

1. Create and communicate opportunities for vaccine distribution and no cost testing
2. Personal protective equipment dissemination, including sanitizer and masks, to students and staff
3. Added air purification devices to classrooms
4. Signage program to raise awareness of protocols and health precautions
5. Time and additional supplies as needed to ensure proper disinfection of classrooms
6. Additional electronic devices and supplies to avoid shared items when possible
7. Grab and go lunches provided to students enrolled at eLearn Academy
8. CAT teams deployed to assist with contact tracing

ESSER III Expenditure Plan

Fresno Unified used its fiscal resources to implement the requirements of the ESSER III Expenditure Plan by expanding learning opportunities for students in the form of additional instructional time, expanded summer and winter learning and enrichment, expanded after school programs significantly growing eLearn opportunities for families choosing independent study programs. While all these opportunities are also outlined in the LCAP, additional funding allowed each of these key opportunities for students to increase in the 2021/22 school year. To target specific needs of students, math and literacy classes sizes were reduced, additional credit recovery options were made available and school sites received additional, one-time funding site-based funding can be utilized based on the unique needs of each school site.

Teachers received additional supports through a two-day voluntary professional learning summit and efforts were made to expand teacher pipeline programs. Investments were made in technology kits to facilitate simultaneous teaching.

In response to the specific student and staff needs associated with the pandemic, the district contracted for additional health supports, prioritized investments around student and staff mental health, invested in additional student laptops, hotspots and repairs, extended internet capacity in disadvantaged neighborhoods, supported classroom telecom needs, and upgraded classroom ventilation. Mental health supports are a key area of investment in the district’s LCAP.
**Introduction**

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.
Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

**Prompt 1:** “A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

**Prompt 2:** “A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

**Prompt 3:** “A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”
If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

**Prompt 4:** “A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

**Prompt 5:** “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision within the LCAP Federal Addendum Template.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA’s LCAP, as it demonstrates the LEA’s efforts to support the state priorities.

The CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA’s responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.
California’s ESSA State Plan significantly shifts the state’s approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state’s Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA’s plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA’s LCAP.

**Strategy**

Explain the LEA’s strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA’s LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA’s broader strategy reflected in the LCAP.

Fresno Unified School District serves a diverse population of over 71,000 students in preschool through grade 12, with more than 63 languages spoken by students and their families. With a mission of ‘nurturing and cultivating the interests, intellect, and leadership of our students’, the district is focused on offering exciting educational experiences achieved by an excellent, equitable education in a culturally proficient environment. The district is committed to improving student outcomes by utilizing a model of continuous improvement with investment priorities rooted in a review of performance on a variety of state and local indicators. These indicators provide an assessment of student progress in academic achievement and illuminate performance gaps by student groups. Investment strategies are also informed by valuable feedback gathered through education partner engagement. Input received from a variety of education partners helps to craft the district’s strategy for investment. As investment priorities are developed and refined, considerations for use of federal funding received by the district are integrated into the Local Control and Accountability Plan to supplement other state and local funds received for planned actions. Federal funds are used to enhance the scope of the investment, which would otherwise not be possible.

**Alignment**

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The district’s Local Control and Accountability Plan (LCAP) illustrates the coordination of the following in order to improve student outcomes: the five district goals; the assessment of performance; and, investment priorities. The plan includes investments made from the entire general fund, including State and Federal grants. Each investment priority is described as an action and connected to one of the five district goals: 1) Improve academic performance at challenging levels 2) Expand student-centered and real-world learning experiences 3) Increase student engagement in school and
4) Increase recruitment and retention of staff reflecting the diversity of our community and 5) Increase inclusive opportunities for families to engage in their student’s education. Within the individual action or priority, the district’s LCAP demonstrates this alignment and captures a representation of where and how all federal funding sources are utilized.
ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

Each provision for each program provided on the following pages must be addressed, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision within this addendum.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA’s responses to the ESSA plan provisions. There is no standard length for the responses. Educator Equity

ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

THIS ESSA PROVISION IS ADDRESSED BELOW:

The district works to identify and monitor disparities in service to diverse student populations through use of multiple tools and data sets. With online tools, such as the human resource and performance evaluation systems, data is collected, monitored, and used throughout the staffing process. Areas of data collection include status of teacher credentialing, credential type, years of service, special permit holdings, and teacher evaluation ratings. Further, the ability to collect and review information at multiple levels such as districtwide, regional, and site by site, facilitate meaningful review of staffing equity.

High quality teaching throughout the district is supported through various career ladder and professional learning opportunities. The teacher pipeline is an umbrella of programs that support aspiring, new and existing teachers. The Teacher Development department was created in 2009 with a vision to ensure that every classroom has a highly effective teacher and a purpose to provide a continuum of support for teachers. There are four overarching goals for the department that include recruitment, selection, training, and retention strategies. Working in partnership with Human Resources their goals include:

Increasing the diversity within the teacher pipeline to support closing the achievement gap, implementation of a pre-service training to in-service that occur once hired, teacher preparation model that is rich in Science, Technology, Engineering, and Mathematics (STEM) Social-Emotional learning, sequencing professional learning activities and advancing communities of practice that include internal departments, institutions of higher education, other school districts, and national organizations.
ASPIRING TEACHERS

Fresno Unified recognizes teacher and leader quality as the top factors in raising student achievement. The “grow our own” teacher program is the most efficient and sustainable strategy for developing a diverse, effective teaching force that is committed to high academic expectations for all learners. This method of recruiting and training teachers is research-based and proven to develop loyal, well-trained educators who will be retained through a deep commitment to our students and district. Fresno Unified has created eight aspiring teacher preparation programs.

**Teacher Academy** - a program providing experiences for students in grades 9-12 with an interest in education

**Para Academy** - a program for all paraprofessionals interested in teaching supporting their credential work

**Grow 2 Teach** - paraprofessionals identified to finish their credential within 5 years

**Transition to Teaching** - a program that focuses on “hard to fill” areas: math, science, and special education

**Teacher Residency Program** - an intensive teacher preparation program for aspiring teachers in all grade levels with a focus on Science, Technology, Engineering and Math (STEM)

**Fresno Internship Credential Program** - a program for alternative certification teachers to earn their teaching credential through Fresno Unified coursework and supervision

**Student Teachers** - Fresno Unified places all student teachers and provides professional learning to master teachers with their student teachers on co-teaching and working together within the classroom

**Substitute Teachers** - identify current substitutes with a credential who want to become full-time teachers or subs working towards a credential and providing long-term substitute positions for them to gain experience

**New Teachers** - each new teacher receives a minimum of 50 hours of transitional learning to support the retention of their new role. Once hired, all new teachers receive: New Hire and Induction Orientations, one-on-one coaching, face to face professional learning, attendance at conferences, Professional Learning Communities, grade level/content Lead Teacher support, and leader support.

INEFFECTIVE TEACHERS

An online performance evaluation tool is used to complete and compile evaluative data on teacher effectiveness. Data is used to identify ineffective teachers through a teacher’s evaluation. Human Resources collaborates with site leaders, as well as the department of Teacher Development to ensure these teachers are provided support, with the expectation they improve. If a teacher is not meeting standards and not improving with support, we move forward with presentation of a 90 Day Notice of Unsatisfactory Performance, as per Education Codes 44932 and 44938. Supports for ineffective teachers include:

**Weekly Formal Observations** - site administrators conduct weekly formal observations during the 90 Day Notice process. There are pre and post conferences, where teachers receive feedback.

**Veteran Support Coaches** - exemplary teachers that support the professional learning and job embedded practice of struggling teachers. Veteran Support Coaches are job-alike peers that are assigned 1:1 to provide intensive support.

**Instructional Coaches/Teacher on Special Assignment** - teacher leaders fully released or site-based to support the implementation of curriculum, instruction, and assessment
Professional Learning Community teams and Lead Teachers - grade level or content area support teams with a lead teacher to support planning and development of instructional content

Release Time - teachers will be released by a substitute teacher to observe exemplary teachers in a side-by-side model with their instructional coach or the teacher can be observed by a coach and provided feedback for improvement

Parent and Family Engagement
ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

GUIDANCE:

Parent and Family Engagement
ESSA Sections 1112(b)(3) and 1112(b)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:

The district is committed to and places a high value on quality parent and family engagement. Committees; such as the District Advisory Committee (DAC), District English Language Advisory Committee (DELAC), English Language Advisory Committee (ELAC), School Site Council (SSC), Community Advisory Committee (CAC), and the district’s Migrant Parent Committee provide opportunities for parents to contribute information and skills as well as an opportunity to participate in school level budget planning through the School Plan for Student Achievement (SPSA) process, the Local Control and Accountability Plan, and the development of policies such as the district’s Parent and Family Engagement Policy. In addition to these examples, the district offers an array of engagement opportunities through Parent University.

Parent University has three key foundational strategies:

1) Empower parents through parent learning classes that help them to navigate the numerous resources the district offers
2) Engage families to take action to help their students be career ready graduates
3) Connect families to district and community resources that improve student achievement

COLLABORATION

The mission to empower, engage, and connect families to support student achievement would not be possible without the dedication of Primary Language Instructional Specialists. Specialists are proficient in English, Hmong, or Spanish; the Specialists present family learning curriculum in families’ native languages and in a manner that is culturally relevant and better meets family needs. The Specialists must pass the district Proficiency Language Exam to demonstrate proficiency in their assigned second language. Primary Language Instructional Specialists are also available at school sites to create a welcoming environment for children and parents. Each Specialist is assigned to represent families at the seven comprehensive high schools and surrounding feeder schools.
BUILDING CAPACITY

In addition to year-round family learning opportunities, Parent University empowers families with shared responsibility and continuous family leadership opportunities. Family engagement and school site actions brought about the Family Leadership Academy, Hmong Family Leadership Academy, and Voices Leadership Academy (African American Families). Family leaders participate in cohort workshops focused on issues such as the Local Control and Accountability Plan (LCAP), district curriculum decisions, and School Site Council training. Training includes a tour of Fresno City departments to better connect families with housing resources. Family leaders also can attend a two-day leadership camp two times per school year to focus on school site action plans that address school needs. Also, family leaders learn helpful skills such as team building, communication, leadership skills, problem solving, and mutual support activities.

The continuous growth of Parent University sparked a need for increasing professional learning for the district’s school site liaison staff. To increase staff capacity and shared responsibility, Parent University opened the district Family Resource Center. The facility provides year-round professional learning to liaisons and family leaders districtwide. The resource center is equipped with a training center, full-service call center, resource room, community meeting space, family media center, and a child enrichment center for childcare development needs.

OUTREACH

Engaging families in districtwide programs takes significant recruitment. The call center is led by family leaders alongside the Primary Language Instructional Specialist staff who initiate personalized phone calls inviting families to learning opportunities at their school site. All phone calls are made in English, Spanish, and Hmong to ensure families feel welcome before they arrive to the school site. Additional outreach includes flyers and connecting with community and education stakeholders for broader connections.

Connecting families to districtwide resources is a key component of the Family Resource Center and critical to the mission. In addition to housing Parent University, the center hosts the districtwide volunteer fingerprinting. The partnership between district departments allows families to engage in their child’s learning and volunteer in the classroom and activities on and off campus.

Parent University seeks input from families and responds with new learning opportunities, which continue to evolve based on the needs of our families. These efforts to strengthen relationships between families and school communities play a vital role in preparing career-ready graduates.

LCAP

Ongoing educational partner engagement is an integral part of the LCAP planning process. All LCAP engagement experiences are organized around three important elements:

1) An update on current LCAP initiatives/investments
2) Information on improvement outcomes demonstrated with data visualizations
3) Opportunity to provide feedback.

The LCAP is a narrative that operationalizes the districts strategic plan. The work of overhauling the strategic plan began early in 2020 and included student focus groups, family town halls in-person, virtual townhalls specific to language needs (English, Hmong, and Spanish) and input from all site principals and departments. The output of this work created new vision, mission, values, and goals for the district. Fresno Unified creates multiple ways for the community to provide both input in the front end of the LCAP and Budget Development process and feedback as the plan is developed. In addition, staff regularly engages with the district’s District Advisory Committee (DAC), District English
Language Advisory Committee (DELAC), Community Advisory Committee (CAC) and Student Advisory Board (SAB) to discuss student outcomes, district investments and evolving student needs. Each fall, staff develop an LCAP survey that remains open through February. Invitation to participate in the survey is sent to every parent of a student attending a district school, through phone messages to families, targeted invitations to all staff members, radio and television public service announcements and social media inviting the public to take the survey. Feedback from the townhalls and surveys is presented to staff leaders and the Board of Education during the beginning of the Budget Development process.

A draft of the LCAP is made available in April and is regularly updated with feedback from staff, community, families, and the Board in April, May, and the beginning of June. In mid-June, a public hearing is conducted on the LCAP, and it is typically adopted at the subsequent board meeting.

### Homeless Children and Youth Services
**ESSA SECTION 1112(b)(6)**

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

Project ACCESS is a specialized program within the Department of Prevention and Intervention, focusing on social emotional supports, academic interventions, and assisting with transportation barriers to students identified as homeless from preschool through 12th grade. In addition, the program promotes school connectedness and a sense of belonging on campus by providing financial support to students to participate in arts, activities, and athletics. The mission of Project ACCESS is to empower and inspire students who are foster and homeless, to be college and career ready through a holistic and student-centered approach with effective community partnerships. Project ACCESS serves over 500 homeless students annually within the district. Project ACCESS staff’s 12 Clinical School Social Workers (CSSW) and 2 Academic Counselors and 1 Child Welfare Attendance Specialist (CWAS). CSSW’s provide supportive counseling, individual and group mental health counseling, intensive case management and crisis intervention to homeless students in grades 5-12. Project ACCESS Academic Counselors provide targeted academic interventions to students identified as homeless grades 8-12, to ensure they are academically on track and to increase high school graduation rates. In addition, assistance is provided to senior students with completing their Free Application for Federal Student Aid (FAFSA) and transitioning to higher education. Project ACCESS CWAS helps support and address chronic absenteeism for students that have been identified as homeless in an effort to eliminate any barriers that are hindering the student from coming to school and to improve their attendance. Furthermore, Project ACCESS partners with Live Again Fresno, a community-based organization that provides case management services to students and families identified as homeless and chronically absent. The objective of this partnership is to build a stronger relationship with students and families facing homelessness in addressing attendance barriers, linking families to resources, and providing additional tutorial support.

### Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children
**ESSA SECTIONS 1112(b)(5) and 1112(b)(9)**
Describe, in general, the nature of the programs to be conducted by the LEA’s schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

All school sites participate in a Schoolwide Program. Support is provided to the schools through collaborative efforts with representatives from various departments. The support includes planning sessions and online tools to assist school level needs assessment and data review. Here schools review past performance and develop actions aimed at improving the academic program. This review includes student group performance to ensure schools are addressing specific student needs. The School Program for Student Achievement (SPSA) is developed and monitored through an online portal where improvement targets are set, including student group targets, in alignment with the district goals. The plan is developed and approved by the School Site Council composed of staff, parents/community and students, as prescribed in the regulations. The web-based planning template ensures that all required elements are included detailing how the school will improve the academic program.

**PROJECT ACCESS**

Project ACCESS (Achievement in Core Curriculum for Equity and Student Success) provides services to foster, homeless and group home students. Once students are identified and are in grades 5th-12th, they are assigned to a Clinical School Social Worker (CSSW). Social Workers provide an array of services such as individual/group counseling, case management services, school supplies and vouchers to support participation in extracurricular activities and trips. Academic Counselors provide support to students in grades 8th-12th and review 11th and 12th grade transcripts to ensure students are on track for college and assist with FASFA completion and college/vocational applications. A designated CSSW serves as the liaison with Fresno County Juvenile Justice Center and Project Hope on a weekly basis during the academic school year to identify students that are incarcerated or being released. The CSSW meets with the student and parent/care provider prior to release to develop a transitional plan back into an educational school setting and coordinates student reentry with school site administration. Support strategies with school staff include transitional meetings based on the students’ needs upon enrolling. Regional based Clinical School Social Workers collaborate with staff to assist with social/emotional strategies that can promote student engagement and provide training to school staff on trauma-informed practices and effective ways to engage at-risk students.

**CLIMATE AND CULTURE**

Site Climate and Culture Teams were developed to develop and analyze systems and protocols that affect students’ behavior, connectivity, well-being, and overall performance. The team consists of representatives from the following roles: grade level/content area teachers, site administration, and support staff such as Safety Assistants, Resource Counseling Assistants, and Campus Culture Director.

Class Circles are implemented to build and affirm relationships, establish norms of kindness and inclusion, and create a venue for student voice, so students hear different perspectives and feel heard. Restorative processes are implemented when there is a need to repair harm, restore a relationship(s) and/or safety and re-engage the student into the school community. They are often used after a disciplinary incident or to respond to conflict. These processes such as repair circles, conflict mediation and reentry meetings are facilitated by a trained practitioner and involve members
of the school community and those impacted such as student(s), teachers, support staff, site administration and parent/guardians.

Men’s and Women’s Alliance was developed by a work group of staff members that studied similar school districts and intervention programs: Long Beach Male Academy, Brotherhood of Kenwood Academy, Chicago Illinois, Hartford Public Schools Young Men’s Leadership Academy Model, and Urban Prep Academy, Chicago Illinois. The common themes of all these models were single gender groups focused on college and career readiness, helping students manage behaviors, and involved mentoring and empowering students. Fresno Unified used best practices from these programs to develop the Men’s and Women’s Alliance Programs.

The Men’s and Women’s Alliance Program is an elective leadership class integrated into high school and middle school instructional day and taught by a certified teacher utilizing social emotional learning and leadership-based curriculum. It is offered at all comprehensive middle and high schools as well as Cambridge, Duncan and Fulton. Students in the program develop personal responsibility, self-management, social skills with a focus on academic organizational skills. Over 1,000 students participate in the Alliance annually.

MENTORING
The Rise Up Peer Mentoring Program connects African American Advanced Placements (AP) students. In this program 11th and 12th grades students’ mentor 9th grade students a weekly basis. The Peer Mentoring program collaborates and provides support to Edison high school’s Rise Up Program. The intended outcome of the program is to provide academic and social emotional support to students. The Mentor Office, in collaboration with Rise Up will use internal measures to track the student’s attendance, academic and behavior progress. The district anticipates continued success with this action as demonstrated by ongoing positive attendance, academic and behavior outcomes for low-income students.

Student Transitions
ESSA SECTIONS 1112(b)(8) and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

(A) through coordination with institutions of higher education, employers, and other local partners; and

(B) through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

EARLY CHILDHOOD EDUCATION PROGRAMS

Fresno Unified School District offers a continuum of early childhood education programs at most elementary sites. In partnership with external agencies, such as Head Start and private childcare providers, the district offers presentations to families whose children will be transitioning from early childhood education programs to elementary school programs. These presentations inform parents about program options within the district that include Transitional Kindergarten, Kindergarten
programs, and Dual Immersion. Through this partnership, agencies also share information with the district about students entering FUSD. Internally, resources from the Fresno Unified Early Learning Principal Academy are available to all site leaders to support in their oversight of developmentally appropriate Preschool and Transitional Kindergarten programs.

TRANSITIONS FROM ELEMENTARY TO MIDDLE SCHOOL
Middle school counselors coordinate classroom visits at each of their regional elementary schools to inform students about course options. 6th grade students and parents receive a welcome letter from their middle school, informing them of their courses for the coming year, and providing the parent with information on how to contact their middle school counselor. Incoming 7th grade students and their parents are invited to attend informational sessions on the middle school campus to learn about what to expect during the transition. Students are invited to the middle school for fun campus culture activities led by their older peers and are given information about programs, activities, athletics and clubs on campus. Targeted students are invited to attend summer school programs located on their middle school campus.

TRANSITIONS FROM MIDDLE TO HIGH SCHOOL
Students visit their regional high school for a campus tour, to learn about programs, activities, athletics, clubs and pathways available. Each middle school campus has at least one school counselor who provides support for students in the Academic, Career and Personal/Social domains. High school and middle school counselors work together to coordinate classroom visits and presentations in which students learn about high school course options and rank elective preferences. 8th grade students and parents receive a letter welcoming them to the campus, informing them of courses for the coming year, and providing information on how to contact the high school counselor. Students and their parents are invited to attend sessions on the campus to learn important transition information, have questions answered and learn about specific program offerings. Incoming 9th grade students are invited to attend a summer bridge program at the high school. The week before the start of school, 9th grade students are invited to the school for fun campus culture activities led by their older peers. Both 7th and 8th grade students complete career exploration using a web-based tool to identify career skills and interests. All 8th grade students are given the opportunity to tour a CSU.

HIGH SCHOOL TO POST SECONDARY EDUCATION
Each high school has a team of school counselors that support students in the Academic, Career and Personal/Social domains. Each school provides field trip opportunities for students to learn about and visit college campuses. Local college fair opportunities are promoted, and transportation is provided. Counselors hold workshops to assist and support students in applying to college. Counselors assist students and their parents in creating a Federal Student Aid ID (FSA ID) and completing the Free Application for Federal Student Aid (FAFSA)/Dream Act in order to qualify for aid to help pay for college. Counselors work to ensure that all Cal-Grant eligible students submit their applications, resolve submission errors before the deadline and provide ongoing support to all students to ensure maximum completion before they graduate. Following admission to college, students submit their Student Intent to Register (SIR) and complete additional matriculation steps prior to attendance. The district has developed strong partnerships with local community colleges, CSU and UC. The partnerships have resulted in data sharing agreements that allow us to track students, develop multiple measures for English and Math placement, develop summer support programs, increase a-g completion rates, connect students to special programs on the college campuses, and plan for better matriculation of students into college. The district works with local colleges to align CTE pathways to increase enrollment and persistence of students matriculating. Dual enrollment opportunities are offered in academic content areas and as part of CTE pathways allowing students to complete prerequisites while in high school.
Additional Information Regarding Use of Funds Under this Part
ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

(A) assist schools in identifying and serving gifted and talented students; and

(B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

THIS ESSA PROVISION IS ADDRESSED BELOW:
Each year, Fresno Unified offers families the opportunity to learn about various district specialty programs through a School Choice Fair. The event is offered in the fall, prior to required application deadlines.

Targeted outreach to families of second language learners and other underrepresented groups will include translated communication and follow up communication as needed to build awareness of accelerated programs available. Support is provided in parent outreach to increase the number of eligible students enrolled in designated GATE classrooms at Manchester GATE and Yokomi Elementary. Increase the number of families attending informational nights as captured in parent sign in sheets. Increase the number of parent communications via phone calls captured in phone logs. The increase in awareness of accelerated programs to eligible students allows more informed decision making regarding accepting placement in GATE designated classes and successfully decreases the disproportionality of targeted groups, including English learners, students living in poverty, and African American students.

Young Scholars’ Summer School is a program that onramps and exposes students of underrepresented groups to accelerated instruction using STEM curriculum and critical thinking strategies prior to the upcoming academic school year. This summer program has targeted outreach for families of qualified students providing Young Scholars’ Summer School to existing first grade students. Programs support on ramping students to accelerated learning and exposing and engaging them in accelerated instruction prior to second grade regardless of participation in a GATE program. Additionally, an increased number of eligible students from disadvantaged circumstances or underrepresented groups are participating from every high school region as measured by enrollment data. With the increase in opportunities for students of disadvantaged circumstances to participate in an accelerated program, disproportionality will decrease regardless of enrollment in formal GATE programs during the school year.

The research and evidence-based design of FUSD’s GATE Certification Cohort Program focuses on professional learning that builds capacity in K-8 grade teachers to best meet the need of all students. The program embeds instructional strategies designed to meet the needs specific to students of color and other underrepresented groups in need of acceleration. FUSD’s GATE Certification Cohort Program certifies K-8 classroom teachers in the area of gifted education and acceleration with an embedded focus to the needs of low income, English learners, and other underrepresented groups. An increased participation of 7-8 grade teachers in GATE Certification Cohort 2020-2021 reported only 8%. This was increased in the 2021-2022 school year to 50%, thus, providing an equitable representation of staff by grade level, region, and demographics of GATE cohort participants as measured by GATE cohort applications. GATE Certification teachers attended the California Association for the Gifted Summer Institute for teachers of gifted students spring 2021 as measured by registration forms, and current cohort will attend in spring of 2022. Increased numbers of teachers with the capacity to meet the needs of students eligible for GATE services regardless of GATE
program participation allows students to receive appropriate instructional services outside of a formal GATE program.

Resources for the district's library programs were increased in recent years to support extended hours for student and parent access. All secondary schools have two full-time library positions and elementary schools have one full-time library position. Additionally, all school libraries receive discretionary funds to support their programs. Also, for the last two years, we have offered a Summer Libraries program allowing for libraries to be staffed during Summer School for students who are attending, but also for all students.

Funding is used in a variety of ways including the purchase of print and digital books, digital tools, computers, and related equipment. The district has increased the amount of professional learning for library staff to a total of 82 hours, including elementary (20 hours), secondary (27 hours), Library Launch (4 hours), New Library Cohort (16) and Substitute Library Media Technicians (15 hours).

Professional learning for library staff includes training on the following: librarianship, Follett Destiny, online databases, Digital Citizenship, and reading strategies. Libraries provide access to 1:1 technology and our Sora Digital Library that allow students to listen to books and to support readers for whom English is not the primary language spoken at home. In addition to the primary support for our print and digital libraries, Library Services is also the major proponent for the creation of home libraries for our students.

TITLE II, PART A
Professional Growth and Improvement
ESSA SECTION 2102(b)(2)(B)
Provide a description of the LEA’s systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:
The district’s professional growth pipeline is an umbrella of programs and professional learning opportunities for teachers, principals, and other school leaders. Four overarching goals include:

1) Increasing the diversity within the teacher pipeline to support closing the achievement gap
2) Implementing a pre-service to in-service, teacher preparation model that is rich in Science, Technology, Engineering, and Mathematics
3) Sequencing professional learning to improve instructional practice
4) Advancing communities of practice that include internal departments, institutions of higher education, other school districts, and national organizations

The “grow our own” method of recruiting and training teachers is research-based and proven to develop loyal, well-trained educators who will be retained through a deep commitment to our students and district. There are eight aspiring teacher preparation programs, new teacher support, and teacher leadership opportunities to address our needs:

**Teacher Academy** - provides experiences for students in grades 9-12 with an interest in education

**Para Academy** - a program for paraprofessionals interested in teaching to support their credential work

**Grow 2 Teach** - paraprofessionals identified to finish their credential within five years

**Transition to Teaching** – a program that focuses on “hard to fill” areas such as math, science, and special education

**Teacher Residency Program** - an intensive teacher preparation program for aspiring teachers with a focus on Science, Technology, Engineering and Math

**Student Teachers** - Fresno Unified places all student teachers and provides professional learning to the Master Teachers with their student teachers on co-teaching and working together within the classroom

**Fresno Internship Credential Program**- Alternative Certification candidates complete their credentials through a District led credential program; including coaching from a supervisor and Instructional Coach

**Substitute Teachers** – identify current substitutes with a credential who want to become full-time teachers or subs working towards a credential and providing long-term substitute positions for them to gain experience

**New Teachers** (includes supports for inexperienced and out-of-field teachers) - new teachers receive a minimum of 50 hours of transitional learning to support their new role. Once hired, all new teachers receive supports such as one-on-one coaching, professional learning opportunities, Professional Learning Communities, and Lead Teacher support, etc.

**Ineffective Teachers** - ineffective teachers are identified through the evaluation process. Veteran Support Coaches are job-alike peers assigned one-on-one to provide intensive supports based on the California Standards for the Teaching Profession.

**Instructional Coaches/Teachers on Special Assignment** - teacher leaders on-site and with a full release to support the implementation of curriculum, instruction, and assessment
Mentor/Master Teachers - teacher leaders on site that build capacity in aspiring teachers to become teachers

National Board Certification - teacher leaders on site that work on 4 components of professional development for submission to National Board. Peer review and rigorous process of certification

Lead Teachers - exist on all campuses to support Professional Learning Communities, sessions provide a venue to ensure a common learning experience for all lead teachers and administrators

Prioritizing Funding
ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

THIS ESSA PROVISION IS ADDRESSED BELOW:
Foster youth, English learners, low income students, and all student groups are identified through disaggregated data and supported through all Equity and Access goals (Transparency, Data and Assessment Literacy, and Support for Student Needs). There is clear need shown in the California Dashboard and related data to address academic achievement levels for foster youth, English learners, and low-income students. Foster youth, English learners, and low-income students are identified student groups for state-identified school differentiated assistance, CSI and ATSI school designations. Furthermore, this need highlights the increased need of data fluency throughout the system in order to better understand the needs of students within these and all other student groups.

Data retrieved from the four priority areas of focus are disaggregated in the same fashion, provided disproportionality calculations, and are focused on students identified as focus and priority. Equity and Access facilitated Pivot teams’ partner with all departments and the County Office of Education towards differentiated support for all identified groups. These goals not only support the disaggregated data needs necessary for all departments and district goals in order to best understand the gaps present with some student groups and schools, but also to build muscle to reduce disproportionality and see improvement through data. The Aligned Assessment System feeds data into Equity and Access databases toward collaboratively designed and created visualizations to use with seeking out support for differentiated needs, while the Diversity, Equity, and Inclusion (DEI) framework ensures that there is learning and understanding of ways the district can decrease said needs from an asset-based, inside out approach.

Pivot Teams collect and analyze data on students disproportionately impacted by disadvantaged circumstances through a variety of avenues that meet one or more of the three primary Equity and Access Goals: Transparency, Data and Assessment Literacy, and Support for Student Needs. Differentiated Assistance and State Identified Support including Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI) identified by state factors, differentiated assistance and state identified support for target student groups, schools, and a combination of student groups at specific schools for focused attention and support. Through cycles of improvement and identified processes, Equity and Access department and Pivot teams organize processes for increasing leading indicators towards student, student group, and school successes as identified by cycles of identification at the state level (next cycle anticipated for January 2022). Equity and Access’s model of Pivot teams using improvement science has allowed for tracking of student groups identified toward greater support. County Office of Education has modeled their support of smaller, area districts off of the model and design of Fresno Unified School District’s CSI support where an improvement cycle is taught, modeled, collaborated with, and operationalized while tracking results and modifying toward greater successes.

Outcomes of these services from Equity and Access include previously identified student groups identified by the state for differentiated assistance as well as previously identified CSI schools being re-identified into less severe classifications of support, increased use of the Pivot team model throughout the district in various forms of multi-departmental structures (NIC, for instance), increased availability of student level data, increased access to actions and opportunities for personalized
instruction and support, and more clearly defined organizational culture embedded in the newly established district strategic plan (mission, vision, values, and goals). During COVID building closures, for example, i-Ready allowed for the school district to virtually screen all students for reading and mathematics status and growth, provide virtual personalized instruction, and pivot to an online assessment in lieu of the state assessment. The newly adopted strategic plan (Board adopted in 2020) embedded foundational work of the DEI advisory team and Cultural Proficiency training by stating that the mission of Fresno Unified School District is that, “We nurture and cultivate the interests, intellect, and leadership of our students by providing an excellent, equitable education in a culturally proficient environment.”

Data and Ongoing Consultation to Support Continuous Improvement
ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Equity and Access supports the alignment and utilization of multiple equity-driven data resources to monitor the district’s performance on key measures, particularly measures addressing disparities that contribute to achievement gaps and social inequality. Concurrently, the district will implement structures to apply a human-centered, systems-minded approach that utilizes improvement cycles to promote innovative and solution-oriented thinking and impact.

Professional growth and improvement systems are structured by a well-specified common aim based upon the overarching measures of the Local Control Accountability Planning and the California School Dashboard. Internally, the district examines a range of independent variables and the association with academic outcomes through student, school, and district level datasets. Student progress on key indicators is monitored and disaggregated to identify students and student groups who require additional, targeted equity-orientated strategies. This internal dataset provides granular data necessary to identify, target, and monitor the high-leverage primary and secondary drivers that account for the outcomes of desired improvement. This allows the district to pinpoint areas of need and utilize data to drive professional learning practices based on common needs, equity, and student performance.

The district continues to partner with researchers and other institutions. These partnerships bring together multiple perspectives and domains of expertise that support alignment.

Fresno Unified provides targeted professional learning that supports professional growth. All teachers are evaluated and supported around the California Standards for the Teaching Professions. These standards provide support to teachers and administrators. The continuum prompts reflection and assists staff to formulate professional goals. Additionally, it guides, monitors, and assesses progress of teaching practices, in support of student learning and a continuous cycle of improvement.

Utilizing the continuum and other internal practices of professional growth support improvement and professional learning. Internal practices include the evaluation process, utilizing student outcome data to pinpoint trends, data and feedback from district aligned Instructional Practice Walks, and a data from the common classroom observation tool called the Instructional Practice Guide.

Professional learning is provided to all site leaders to promote professional growth and ensure improvement. The effectiveness of growth is based on the leaders’ improvement in the California
Professional Standards for Education Leaders (CPSEL) as measured in the evaluation process, and the growth of identified student achievement indicators at the site of supervision.

Site leaders have multiple opportunities to receive professional learning. Throughout the year, site leaders attend meetings designed to support common needs and student equity. School site leaders are tiered within a Level 1, Level 2 or Level 3-tiered system of instructional leadership. All site leaders build strategic goal setting systems within their schools utilizing a cycle of continuous improvement (CCI) model. These CCI sessions are performed each quarter and based on the school’s goal achievement around formative assessments, individualized actions and professional learning and coaching are implemented.

Differentiated supports are then set in place through the Level 1-3 tiered systems of instructional leadership. Within these systems, site leaders, instructional coach, site teacher on special assignment (TSA) and Lead Teachers formulate a school site intensive team that work in support of the built actions for improvement. Depending on the tiered level and intensity, these strategic site teams then work with a cross functional team of department representatives that provide support from a district level. Other instructional leadership professional learnings will also take place based on the site need and tiered level. Cross functional site walks, Principal Learning Sessions, and one on one coaching are designed to promote knowledge building around improving challenging content and high-quality instruction. Within the Level Tiered System of Instructional Leadership, school sites identified by the State as ATSI and CSI will be specifically supported within the tiered level system and receive these supports focused specifically on their areas of need based on their California Dashboard results. These services will be above and beyond the normal services mentioned here.

Instructional superintendents also have site leaders work within a Principal accountability Teams (PAC) that team together 3-4 site principals that work towards solving similar problems of practice identified through their CCI cycles. Instructional Superintendents provide more intense differentiated one on one site coaching based on the specific needs of the site if specific leaders have shown long term needs. New site leaders receive both support from their Instructional Superintendent through the modes detailed here along with new leader training from Leadership Development. These supports provide mentoring from veteran leaders, and emerging leader sessions. Leaders define site needs through reviewing leadership standard ratings, frequent student achievement data based on their quarterly/semester goal achievement cycles, and social-emotional indicators. Regional training is provided to leaders to support common needs and provide alignment. External consultants are contracted to meet alongside site leads and their instructional superintendents. During the consultations, the utilization of data defines the specific areas of growth for each site to determine topics for professional learning.

TITLE III, PART A
Title III Professional Development
ESSA SECTION 3115(c)(2)
Describe how the eligible entity will provide effective professional development to classroom teachers, principals and other school leaders, administrators, and other school or community-based organizational personnel.

THIS ESSA PROVISION IS ADDRESSED BELOW:
English Learner (EL) and Reclassified English Proficient (RFEP) students constitute approximately 40% of the district’s 74,000 enrollment. State English language and content assessment data indicate that while RFEP students outperform all other student groups in meeting or exceeding grade-
level standards in English language arts and in mathematics, 40% of EL students are categorized as Long-Term English Learners and the proficiency rate for the EL student group ranks in the lowest of the student groups. Local assessment data also indicate a need for EL students to have access to highly effective instruction that meets their linguistic, as well as their academic needs.

All teachers are prepared to provide instruction to EL students, the district offers professional learning emphasizing and promoting the use of academic English in all content areas and all domains as described in the CA ELA/ELD Framework. This foundational document includes both sets of standards, content and language, as well as methodologies for addressing rigorous grade level instruction. It encompasses instruction in developing students’ ability to communicate with competence and confidence in English across a range of personal and academic contexts.

In partnership with staff from WestEd, professional learning addresses the following four areas:
1) Fostering collaborative conversations, abundant writing and interactive reading around complex texts and rich content
2) Engaging in text-oriented talk about language in complex texts and rich content tasks
3) Observing students closely to provide “planned” and “just-in-time” scaffolding
4) Creating positive and culturally responsive learning environments

These identified areas in the CA ELA/ELD Framework as high-need, priority strategies to address the instructional needs of EL students.

The district’s adopted curriculum ELA and mathematics materials are utilized in all professional learning, ensuring teachers are being prepared to utilize the same materials for all students but employ different methodologies required to address the instructional needs of students.

The district provides focused, sustained, professional learning for district leaders, site administrators, instructional coaches, other support personnel and for teachers as described in the Master Plan for English Learner Success. The 5-year action plan ensures comprehensive professional learning sequenced to continually increase depth and knowledge of effective EL instructional practices. Each school has an English Learner Representative who receives support to be able to provide the training to their teachers at each site. Professional learning is ongoing, and includes face-to-face or virtual sessions, on-line resources, and coaching.

In addition to the common district goal of “every student advancing at least one grade level per year”, the district developed an Instructional Practice Guide for ELA and mathematics documents that serve as anchors for professional learning. All departments and schools collaborate in the attainment of the goal through the implementation of effective instruction as described in the practice guides. Additionally, staff members from the departments of Curriculum and Instruction, Special Education, Early Learning, and English Learners collaborate in developing professional learning modules.

Each school is assigned a Teacher on Special Assignment (TSA) who works directly with the principal and vice principal to ensure the Master Plan for English Learner Success is guiding the instructional practices for EL students. They assist school administrators in setting goals, supporting with professional learning and monitoring the progress of English Learners.

Resources are dedicated to improving instruction for EL students through the provision of professional learning for teachers and school administrators. Funding is used to provide seven TSAs, developing or purchasing materials for professional learning, supplemental contracts to attend professional learning outside of workday and for securing substitutes to enable classroom teachers to attend professional learning sessions.
The District’s Instructional Division’s Theory of Action, which includes the Instructional Practice Guide is our guiding document that ensures professional learning is aligned and coherent. Each year and based on student achievement data, the district’s leadership team identifies areas of focus, which then drive the professional learning provided by all departments. The English Learner Department staff collaborates closely with departments such as Curriculum and Instruction, Early Learning and Teacher Development to ensure all professional learning is aligned and coherent.

Enhanced Instructional Opportunities
ESSA SECTIONS 3115(e)(1) and 3116

Describe how the eligible entity will provide enhanced instructional opportunities for immigrant children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:
Extended support services for immigrant students are coordinated with services for migrant students and other English Learner students. Upon identification of students, site principals are notified of the students that qualify for additional support as immigrant students. The site principal, in consultation with teachers, prioritize the services they select for qualifying students. Enhanced instructional services include academic guidance, grade monitoring, financial aid guidance, college exploration, and career awareness for qualifying high school students and tutoring, homework assistance, and language support for elementary school students.

The district collaborates closely with the Fresno County Superintendent of Schools, the California State University, Fresno, and WestEd to identify and employ highly effective strategies and activities that enhance the learning for immigrant students.

Title III Programs and Activities
ESSA SECTION 3116(b)(1)

Describe the effective programs and activities, including language instruction educational programs, proposed to be developed, implemented, and administered under the subgrant that will help English learners increase their English language proficiency and meet the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:
Programs and activities in support of the academic achievement of English Learner (EL) students are described in detail in the Master Plan for English Learner Success, last revised in April 2016. The revision of the plan was guided by the English Learner Services Department Instructional Superintendent with support from WestEd English Learner experts. The committee included community members and parents, teachers and site administrators, district leaders and non-profit organization leaders.

The plan identifies a comprehensive vision that embodies the aspirations of parents, students, educators, and community members and it articulates evidence-based principles of effective English learner instruction, English language development approach, and enhanced instructional models available.

Students experience educational opportunities that afford them a coherent and rich trajectory to success. Instruction in all content-area classes create multiple, well-scaffolded opportunities for students to simultaneously develop conceptual understandings of core concepts, engage in key
analytical practices, and develop the language needed for these practices. The District Language Development Approach includes:
1) Integrated and Designated English Language Development instruction
2) Dual Language Immersion
4) A commitment to developing the competency skills of educators to meet the educational needs of EL students.

The 5-year Action Plan describes a multi-year design with yearly benchmarks to develop and implement support for teachers, including balanced assessments aligned with the Language Development Approach, and content and language standards. To develop the support teachers need to accomplish high academic learning, the district has created a centralized system for teachers to access interim and summative assessment evidence for EL students and has developed common periodic assessments for use in schools serving students. Professional learning includes the use of formative assessment practices, use of adopted instructional materials, deepening knowledge of subject matter content in classrooms with students. This plan is also utilized to prioritize actions, to measure and report outcomes of activities, and to develop the budget.

The effectiveness of the activities described in the plan are measured by State and local language and content assessments, reclassification rates, and graduation. Achievement data for EL students is shared with the Board of Education throughout each year in quarterly communications. A minimum of one time per year a presentation is provided to the Board and Committee members describing the impact of the activities on student learning.

This information is also shared with the District English Learners Advisory Committee (DELAC) and site leaders, and in turn, representatives share the information with parents at each school. To advance quality teaching for EL students and ensure that instruction develops disciplinary conceptual understandings, analytical practices, and the language and literacy needed to engage in both, we focus on developing capacity to observe classroom practices and use observation results to improve professional learning. An additional action supports the transformation of teaching and learning for EL students by developing teachers’ capacity to observe problems of practice in classrooms and to collaboratively develop goals and propose actions to improve instruction for students.

Research confirms the need to provide teachers with professional learning that is situated in the context of teaching. Professional learning and support tailored to subject area content and discipline-specific practices that integrate English language and literacy development are more likely to change long held, and often detrimental beliefs about language and literacy learning. Moreover, when educators who have expertise in teaching the same content are involved in the joint work of observation and planning that is problem-focused, the knowledge and skills learned in professional development are more likely to be implemented and sustained. Based on this research, TSAs work with grade level or content specific groups of teachers to support them with planning for instruction, provide lesson delivery demonstrations, and provide feedback after conducting lesson observations. Teachers may also be released from their classroom in order to observe their peers and learn from those experiences.

All tools and protocols for classroom observation developed from the Vision for EL students and the CA ELA/ELD Framework align with the Instructional Practice Guide. As all educators develop knowledge about effective instruction for EL students, we engage groups of teachers in classrooms by using the tools in their professional learning.
English Proficiency and Academic Achievement
ESSA SECTION 3116(b)(2)(A-B)

Describe how the eligible entity will ensure that elementary schools and secondary schools receiving funds under Subpart 1 assist English learners in:

(A) achieving English proficiency based on the State’s English language proficiency assessment under Section 1111(b)(2)(G), consistent with the State’s long-term goals, as described in Section 1111(c)(4)(A)(ii); and

(B) meeting the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:

To promote learning opportunities for English Learner (EL) students, in addition to supporting all district schools, intense support is provided to elementary and middle schools with high numbers of EL students. This support includes fostering a climate and culture that values the diverse needs of EL students and their families, developing the belief that all teachers are teachers of EL students and all are appropriately equipped to serve English learner students.

The EL Services staff works with district departments and schools to establish a culture of shared responsibility for providing rigorous and engaging instruction for all EL students, by embracing an approach to academic language development that acknowledges the importance of rich language acquisition in tandem with content learning. We all focus our efforts in developing all teachers and leaders to understand and foster rigorous learning environments for EL students in all classrooms throughout the district.

Since the establishment of the Smarter Balanced Assessment Consortium (SBAC) in 2014, the district’s EL students have experienced academic progress in English Language Arts and Mathematics in the following three student groups: current EL students, Reclassified Fluent English Proficient (RFEP), and “Ever EL” students. However, there remains concern for the very incremental gains in reducing the number of Long-Term English Learner (LTEL) students. In 2010, 50% of the district’s EL students were classified as LTEL, in 2018, 30% of current EL students are considered LTEL. This is a 20% reduction from 9 years back. Although this is movement in the right direction, there is a need to continue searching for strategies that will better serve this group of students.

TITLE IV, PART A

Title IV, Part A Activities and Programs
ESSA SECTION 4106(e)(1)

Describe the activities and programming that the LEA, or consortium of such agencies, will carry out under Subpart 1, including a description of:

(A) any partnership with an institution of higher education, business, nonprofit organization, community-based organization, or other public or private entity with a demonstrated record of success in implementing activities under this subpart;

(B) if applicable, how funds will be used for activities related to supporting well-rounded education under Section 4107;
(C) if applicable, how funds will be used for activities related to supporting safe and healthy students under Section 4108;

(D) if applicable, how funds will be used for activities related to supporting the effective use of technology in schools under Section 4109; and

(E) the program objectives and intended outcomes for activities under Subpart 1, and how the LEA, or consortium of such agencies, will periodically evaluate the effectiveness of the activities carried out under this section based on such objectives and outcomes.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

The district transfers Title IV funds to Title II, as allowed, to support professional learning opportunities. Required Title IV provisions are addressed through the following actions and activities:

Well-rounded educational opportunities and supports are provided to students. A multitude of courses, pathways, and activities are offered. Examples of programs currently in place are an elementary STEM experience called Kids Invent, Career and Technical education courses, Linked Learning Pathways, work-based learning, dual enrollment, an expansion of music instruction, Gate and International Baccalaureate programs, advanced placement opportunities, and elective courses outside of the required curriculum at the secondary level.

The Department of Prevention and Intervention (DPI) provides programs to support safe and healthy students. DPI promotes Student Peer Mentoring to support GPA, attendance, and school engagement. Intervention supports are provided through counseling and specialized positions. Professional learning and coaching initiatives are in place to create an aligned focus on school climate and culture. Districtwide restorative practices and relationship centered school initiatives are currently in place to decrease bullying, dropout rates, suspension, and other punitive consequences. Mental health support has increased with additional school psychologists and training for school social workers. Additionally, social emotional learning, bullying prevention and suicide prevention awareness lessons are provided to sites with student social emotional development and well-being.

Consistent and effective use of technology is promoted in all classrooms. Each student is provided a laptop for use on and off campus, as well as a hotspot if needed for off-campus connectivity. The district provides personnel to support classroom technology with an emphasis on building educator and student capacity and delivering rigorous technology assisted courses. In support of high-quality instruction, the district launched the Personalized Learning Initiative (PLI). Educators receive professional learning to create impactful learning experiences for all students with the utilization of technology. PLI includes a blended learning model to support students at various proficiency levels.

Internal data and state indicators are utilized to gauge student progress. Monitoring key student performance data drives the evaluation and effectiveness of the above activities. Analysis of how these programs and activities affect student performance drives continued support or shifts within the current district initiatives.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.
My involvement in CSBA has been in the local and county level. I have served on the CSBA Small Schools Committee. I have served as an executive Board member for the Fresno County Trustees Association for many years. I attend the CSBA meetings and conferences, read and research CSBA issues. I have served as a CSBA Delegate at the regional level since May 1, 2002 and am genuinely interested in continuing my service in providing a quality education for all students.

Please describe your activities and involvement on your local board, community, and/or CSBA.
I have served on the local Board of Trustees since 1993 with a 1-1/2 year break. I have served a total of 35 years on the local school board. The district has doubled in size since its unification in 1976 and I have been instrumental in the development of moving our district forward. Due to significant increased growth we have provided many more classrooms, remodeled library media facilities, built a large multi-purpose building on our middle school campus and equipped two weight rooms to condition our athletes for competitive sports. We added a performing arts building to our high school campus and a music building at one intermediate site to keep up in our growing music and choir programs. We recently added a state of the art Culinary Arts Classroom where our students who are interested in pursuing a career in the culinary arts can get a first hand experience. We have numerous state and federal programs for our students. I am committed to increasing high standards for all students and improving teacher practices. In the past few years we have experienced a significant declining enrollment due to economic conditions in our rural agricultural community. We faced those challenging circumstances and made hard decisions with the district’s budget, keeping in mind what was best for our students. Recently we were named #8 in the State of California for our Reading Scores by the California Reading Coalition.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?
I am involved in all school related activities involving students, parents and community. I have served as president of the local Lions Club, the Firebaugh Service Club and have served on the St. Joseph Church Finance Council and Hospitality Committee. I am currently a member and past-president of the Firebaugh Rotary Club and member of St. Joseph Catholic Church. I volunteer to assist in community affairs such as the Community Harvest Festival and the annual Christmas Dinner. I have also served on the City/School Community Recreation Commission which oversees the communities youth activities. We established a coalition of three neighboring unified school districts with our West Hills College to provide job training for both our high school students and young adults on the West side. Local jobs require skills specific to the agricultural and state correctional facilities which will provide more employment and opportunities in our communities. I see one of the biggest challenges ahead as making sure that staff and students continue to be healthy and safe on campus for in person instruction. Community involvement is important but staying current with new requirements is critical. CSBA has helped address this need through CSBA Daily News Roundups and most recently through the CSBA Annual Education Conference in San Diego.

Are you an incumbent Delegate?  ☑ Yes  ☐ No  If yes, year you became Delegate:  2019

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I am interested in learning more about the governance structure. I am also interested in becoming a key component of providing policy direction in the interest of all school districts. My entire career has been dedicated to education at every level. Education has not only been my passion but it has been the path for me to reach my goals. I have been a teacher, administrator, director of a successful education careers program, a board member, president of the board, board clerk, and member of the CSBA delegate assembly. I am looking forward to, again, being a great delegate and learning from senior delegates. I am an advocate for students and teachers as well as all other staff members involved in creating a mindset of college and career individuals who are moving towards being great citizens in society.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have been president and clerk of the Fresno Unified School Board. I also sit on the Board of The Center for Advanced Research and Technology, Daily Charter school, Central Valley New Market Tax Credit, and the Mary Ella Brown Parks and recreation. I am also a member of the Women’s Democratic Club, National Women’s Political Caucus, West Fresno Democratic Club, Kennedy Club and Chair of the Youth and Young Adults committee of Black Women Organized for Political Action (BOWAPA).

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

One of the biggest hurdles we face in most school districts is equity across the board. In order to address equity we first have to admit many of us have the same problem and then find a solution that fits and own it. We can no longer use the word buy in because the problem with that is people can buy out. But when you own something you put everything you have into making it the best it can be.
