14. Injunctive Relief. Each Party acknowledges that a breach or threatened breach of this Agreement may cause immediate and irreparable harm to the District and that, to protect against such harm, the District may seek from a court of competent jurisdiction the issuance of a restraining order or injunction to prohibit any threatened disclosure
or misuse of the District’s Confidential Information. Such an action for a restraining order or injunction is in addition to and does not limit all other remedies provided by law or in equity or by agreement between the Parties.

15. Indemnification and Hold Harmless. To the fullest extent allowed by law, the Contractor shall defend, indemnify and hold District, its agents, employees, Board of Trustees, members of the Board of Trustees, officials, officers, volunteers, and representatives (“Indemnities”) free and harmless from any and all claims, demands, negligence (including the active or passive negligence of Indemnities, regardless of whether sole or otherwise, as allowed by law), causes of action, costs, expenses, liabilities, losses, damages or injuries, fines, penalties in law or equity, regardless of whether the allegations are false, fraudulent, or groundless, to property or persons, including wrongful death, (collectively “Loss”) to the extent arising out of or incident to: 1) the performance or breach of any of the terms and conditions of the contract (including but not limited to) the Contractor’s use of the site; or 2) any acts, omissions, negligence, in connection with the performance of Services or otherwise arising from this Contract (“Indemnification”); or 3) the willful misconduct of the Contractor or their respective agents, subcontractors, employees, material or equipment suppliers, invitees, or licensees.    a. The Contractor’s defense obligations (with counsel approved by District), shall arise immediately upon tender of any of the Indemnities, and the defense shall be paid at Contractor’s own cost, expense and risk, for any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against any of the Indemnities, notwithstanding whether liability is, can be or has yet been established.

   b. The Contractor shall pay and satisfy any judgment, award or decree that may be rendered against any of the Indemnities, in any such suit, action or other legal proceeding. The Contractor shall reimburse Indemnities, and each of them, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided.

   c. Acceptance of insurance certificates and endorsements required under the contract does not relieve the Contractor from liability under this indemnification and hold harmless clause. Self-insured retentions must be declared to and approved by District. The District may require “Contractor” to provide proof of ability to pay losses and related investigations, claims administration and defense expenses within the retention. The policy shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District.

The District shall be named as an additional insured on the policies by separate endorsement. A Certificate of Insurance and endorsements shall be attached to the Agreement as proof of insurance. ACTION REQUESTED: Approve
(Adopt, Approve, Discuss, Receive, etc.)

TITLE AND SUBJECT: Approve Award of Bid 22-28, Ventura and 10th Site and Parking Lot Improvements Phase II

ITEM DESCRIPTION: Included in the Board binders is information on Bid 22-28, for improvements to the south section of the Farber Educational Campus (office buildings) including perimeter fencing and gates, parking lot expansion, new concrete driveways and walkways, site lighting, landscaping and student garden areas, and accessibility. The Prevention and Intervention and Special Education Departments are planned to move into office space at the site in Fall 2022.

In March 2021, the Board approved a $5.5 million contract for interior improvements to two office buildings and site work including utilities, asphalt, and fencing. As reported in August 13, 2021 and January 07, 2022 Board Communications, during renovation extensive termite and water damage was discovered. These conditions, requiring repair/replacement of affected framing, windows, building insulation, sheet rock and sheet metal, were not known until the building envelope finishes were removed and inspected. To ensure completion of the most urgently needed repairs, scopes of work were added to address the unknown/unforeseen building conditions, and funding for the additional work was provided by deducting certain site improvements from the March 2021 contract. Bid 22-28 includes the remaining site work removed from the original contract.

The request for bids was lawfully advertised on February 17, 2022. Notifications were sent to 49 firms plus five construction trade publications, and the district received four responses. Bids were opened on March 17, 2022. Staff recommends award to the lowest responsive, responsible bidder:

- Ardent General, Inc. (Fresno, California) $1,888,000

The bid tabulation and site plan are attached. Bid specifications are available for review in the Purchasing Department.

FINANCIAL SUMMARY: Sufficient funds in the amount of $1,888,000 are available in the Measure X Fund.

5550 N. First Street
Fresno, CA 93710

Dear Madam:

This is in response to the Claim Form question concerning the circumstance of how and under what circumstances did DAMAGE or INJURY occur.

I. INTRODUCTION

On October 27, 2021, (hereafter referred as ) while trying to help a friend who was under attack by other students, was suddenly inexpressibly, brutally assaulted by two other students who happened to be passing by. never met, knew or had any prior relationship with assailants.

These assailants still are students at Hoover High School while the Fresno District Attorney Office is pressing charges against them.

The two students who assaulted kicked and stomped on head and on body repeatedly while was lying helplessly on the ground. In addition, while the assailants were attacking , an unidentified Hoover High School security guard, instead of stopping and arresting the assailants, grabbed arms and started to
drag away while the two assailants were still kicking and pulling hair.

Therefore, as a result of being attacked by these two students, had to be rushed to Valley Children's hospital where was under observation for 12 hours and hooked up to an IV dispensing medication in order to ease excruciating body pain. Subsequently, had to receive a CT scan and had to take additional medication in order to be able to complete the CT scan.

This sad episode in young life made depressed, embarrassed and humiliated to such an extent that was waking up in the middle of the night crying, having nightmares and reliving the trauma of the assault on life as endured the pain suffered as a result of this assault.

Moreover, when went back to school, whenever would be sit to have lunch, the two assailants along with a large group of their friends would stare at with the intent to intimidate. This led to fear for life and becomes so worried that started to have lunches and breaks in classroom because was in fear of being assaulted again.

INITIAL PROPOSAL OF THE
FRESNO UNIFIED SCHOOL DISTRICT TO
CALIFORNIA SCHOOL EMPLOYEES ASSOCIATION
CHAPTER 125 WHITE COLLAR UNIT
REOPENER CONTRACT PROPOSAL (JULY 1, 2022 – JUNE 30, 2023)

The District's Initial Proposal to the California School Employees Association, Chapter 125 White Collar Unit is based on the following Guiding Principle and Supporting Goals and Priorities. By continuing to adhere to this Principle and these Goals, the District reiterates its investment in the students we serve. All subsequent District proposals, as well as Association proposals, will be assessed by the District according to whether they further the accomplishment of these criteria.

The District enters into these negotiations mindful of its Guiding Principle:

Guiding Principle: Accelerating Learning for All Students In Order to Have Career Ready Graduates

In order to promote and secure the preservation and future of Fresno Unified School District as a viable, locally governed academic institution that exists to serve children, District resources, energy and effort must be dedicated to the overriding goal of accelerating learning for all students in order to have career ready graduates.

The District's proposals are based on substance, need and the following Overarching Priorities that represent the core beliefs of the Board and District:

Supporting Goals and Priorities

1. Fiscal Health and Budget Certainty: The concerted effort to accelerate student learning cannot be diluted, and the focused efforts of all District personnel in this enterprise cannot be distracted or derailed by the uncertainty inherent in the state’s funding of public education. The District’s commitment to sustaining its fiscal solvency despite historic instability in the economy at the state and local levels requires that we continue to build and maintain healthy reserves.

2. Build Educational Programs: The Governing Board must have the discretion and ability to build educational programs that accelerate learning and guarantee student achievement. The building of educational programs must occur not only to meet the expectations of the District community, but also to forestall the increasing scrutiny of state and federal agencies that are questioning the ability of the District to remain self-governed due to poor student achievement.

3. Identify Appropriate Revenues Available for Adjustments to Employee Compensation: Student learning cannot be accelerated, and students cannot achieve academic success without the efforts of skilled educators and staff who are dedicated to this effort. In order to attract and retain the most qualified and committed individuals to fill these roles, the District will seek to make an appropriate and "equitable allocation" of increased District revenue for employee compensation. In order to be "equitable and appropriate," the level of such allocation must support all of the Goals and Priorities set forth above.

Consideration of and responses to Association proposals will be guided by the District's Guiding Principle, Supporting Goals and Priorities. The District looks forward to collaborative, objective and
reality-based negotiations with CSEA, Chapter 125 as we prepare to meet the significant challenges facing all stakeholders of the District community.

With these goals, priorities and economic interests in mind, in addition to any articles opened by the bargaining unit, the District proposes opening the following articles:

**District Initial Proposal:**

**Article 8 And 19 – Employee Rights and Promotion**
The District is interested in modifying this Article to include legislative changes wherein the probationary period has changed from 1 year to 6 months.

**Article 19 – Promotion**
The District is interested in modifying this Article to expedite the hiring process and help reduce vacancies in positions during the hiring process.

**Article 13 – Layoff and Reemployment**
The District is interested in updating this article to align with legislative procedures and a new March 15 deadline.

**Economic Articles (Salary and Fringe Benefits)**
The District is interested in:

- Maintaining fiscal health and comparable staffing levels in order to preserve and protect quality education services for students in furtherance of our primary mission to improve student achievement; and

- Recognizing and rewarding the continuing efforts of dedicated District staff – both classified and certificated employees - that make it possible for the District to deliver quality education services for students.

The Governing Board and District administration are committed to achieving the goals and priorities set forth in this Initial Proposal. There is only one goal all must strive to achieve:

Accelerating learning for all students in order to prepare career ready graduates. Failure to achieve this goal is not an option.

The building of educational programs must occur not only to meet the expectations of the District community, but also to forestall the increasing scrutiny of state and federal agencies that are questioning the ability of the District to remain self-governed due to poor student achievement.

3. **Identify Appropriate Revenues Available for Adjustments to Employee Compensation:** Student learning cannot be accelerated, and students cannot achieve academic success without the efforts of skilled educators and staff who are dedicated to this effort. In order to attract and retain the most qualified and committed individuals to fill these roles, the District will seek to make an appropriate and "equitable allocation" of increased District revenue for employee compensation. In order to be "equitable and appropriate," the level of such allocation must support all of the Goals and Priorities set forth above.

Consideration of and responses to Association proposals will be guided by the District's Guiding Principle, Supporting Goals and Priorities. The District looks forward to collaborative, objective and
reality-based negotiations with SEIU, Chapter 521 as we prepare to meet the significant challenges facing all stakeholders of the District community.

With these goals, priorities and economic interests in mind, in addition to any articles opened by the bargaining unit, the District proposes opening the following articles:

**District Initial Proposal:**

**Article 13, 14 And 36 – Employee Rights, Professional Learning and Evaluation and Transfer**
The District is interested in modifying this Article to include legislative changes wherein the probationary period has changed from 1 year to 6 months.

**Article 17 – Hours**
The District is interested in reviewing overtime procedures.

**Article 32 – Reduction in Force**
The District is interested in updating this article to align with legislative changes to layoff procedure. The District is interested in reviewing transportation efficiencies and relief driving wages as a possibility.

**Economic Articles (Salary and Fringe Benefits)**
The District is interested in:

- Maintaining fiscal health and comparable staffing levels in order to preserve and protect quality education services for students in furtherance of our primary mission to improve student achievement; and

- Recognizing and rewarding the continuing efforts of dedicated District staff – both classified and certificated employees - that make it possible for the District to deliver quality education services for students.

The Governing Board and District administration are committed to achieving the goals and priorities set forth in this Initial Proposal. There is only one goal all must strive to achieve:

Accelerating learning for all students in order to prepare career ready graduates. Failure to achieve this goal is not an option.

Magnet Schools

The Fresno Unified School District (FUSD) Governing Board has established a number of innovative programs throughout the FUSD to provide parents and students the opportunity to choose from among a range of programs that meet the varied interests and needs of the students in FUSD and promote diverse school enrollments at FUSD schools. A magnet school or program is one type of innovative program established by the FUSD Board designed to meet the needs and interests of students, and to provide the educational benefits of diverse racial and ethnic enrollments.

Types of Magnet Schools and Programs
FUSD magnet schools may offer school-wide and school-within-a-school magnet programs.

1. FUSD offers two types of magnet programs; a school-wide program and a school-within-a-school program. A school-wide magnet is one in which all students enrolled in the school participate in the magnet program. A school-within-a-school magnet is one in which only those students enrolled in the magnet program participate directly in the program. All elementary school magnet programs in FUSD are school-wide programs. FUSD shall not use admission criteria to determine whether students are qualified to participate in an elementary magnet program.

2. A school-within-a-school magnet is one in which only those students enrolled in the magnet program participate directly in the program. School-within-a-school students should have as much interaction as possible with other students in the school, consistent with the curricular requirements of the magnet program. Middle school and high school magnet programs in FUSD include school-wide and school-within-a-school programs.

Process for Developing Magnet Schools or Programs
The Superintendent shall recommend to the Board the type of magnet schools or programs to be offered in FUSD and the schools at which these programs shall be offered. This may include any existing magnet schools or programs that should be substantially improved, expanded, replicated or eliminated. The Superintendent shall base recommendations on the following:

1. Interests and needs of students enrolled in FUSD,
2. District Goals and Priorities, and
3. Success of the programs in FUSD, or in other school districts, in improving academic achievement and in attracting students from diverse backgrounds.

Process for Recruiting and Selecting Students for Magnet Schools and Programs
Annually, the Superintendent or his designee shall develop and implement a plan for the recruitment and selection of students that includes:

1. Recruitment: The purpose of the recruitment plan is to provide equitable access for FUSD students to FUSD magnet schools and programs and to recruit students from diverse backgrounds to each magnet school and program offered in FUSD. The recruitment plan shall consist of a variety of strategies at the district level and at school sites. Magnet applications shall be available on the district website, and all FUSD schools at all schools and at central locations throughout FUSD.

2. Application Process: The FUSD shall establish annually an application period for parents to submit
applications for magnet programs. To apply for a magnet program, parents must submit applications by mail or in person by the established deadline to the designated FUSD Transfer’s Office.

3. Selection Process for Magnet Schools and Programs with No Admission Criteria: The designated FUSD Transfer’s Office shall process the applications for each magnet school or program that does not have admission criteria. When there are more applications than space available for such programs or schools, FUSD shall conduct a computerized random lottery to select students from among applications submitted by the established deadline.

When there are more applicants than seats in a magnet school or program, the FUSD will prioritize applicants on the basis of the following eligibility groups:

1. Resident FUSD students living within the attendance boundaries, students of FUSD employees who fulfill the district residency requirements through other means as allowed by law, and non-resident FUSD students currently attending an FUSD school with a valid interdistrict placement;

2. Non-resident students with no intradistrict transfer to attend FUSD schools.

The lottery will assign students by eligibility group priority order until all spaces have been awarded. As part of the lottery process, FUSD may use the socio-economic status of students, as determined by a student’s eligibility for Free and Reduced priced meals, as one of the factors in the lottery process. FUSD may also consider other criteria, such as parental employment, student’s residential address, or student’s school attendance zone to determine eligibility groups. Location for specific magnet programs. Students not selected through a random lottery are placed in an applicant pool within their respective eligibility groups.

Admission Criteria Selection Process
Magnet schools or programs that have admission criteria, which currently includes Computech Middle and High School and the Sunnyside Doctors Academy, shall have an Applications Screening Committee that reviews the applicants. The Admission Screening Committee must include an administrator from the Special Education Department. The Admission Screening Committee shall be representative of the diversity within the community and shall review all applications, including applications for students receiving services under section 504 or the IDEA. Information regarding the student’s services and/or accommodations shall not be accessed or considered by the Applications Screening Committee during this screening process. All applicants, including students with disabilities, will receive full consideration and those who meet the program criteria will be admitted.

Those student applicants receiving IEP services who are not selected for the magnet school or program by the Application Screening Committee will be reviewed again by the Second Review Committee. The Second Review Committee will consist of a Special Education Representative, 504 Coordinator, Student Support Services liaison and school administrator. The Second Review Committee shall review the application, the applicants current 504 Plan or Individualized Education Program (IEP) and shall consider any information voluntarily provided by the applicant regarding his/her IEP services and proposed accommodations.

After the second review, if the committee determines that the student does not meet the admissions criteria for reasons unrelated to his/her accommodations or IEP services, then the denial of admission will be upheld. If, however, the committee determines that the reason the
student does not meet the admissions criteria is related to his/her accommodations or IEP services, then the student shall be admitted to the magnet school or program, and shall be provided with special education and related services or Section 504 accommodations and related aids and services, unless the students IEP or 504 Team determines, after reviewing the proposed magnet school or program placement, that even with all available aids, services, and accommodations, the placement would not provide a free and appropriate public education for the student, or would not be the least restrictive environment in which the student could receive an appropriate education.

If the above findings are made, the denial of admission may be upheld. Students not admitted to a program may appeal that decision to the Transfers Office site principal.

At the secondary level, the principal of a school offering a magnet school or program may propose, subject to review and approval of the Superintendent or designee, admission criteria to determine whether students are likely to benefit from participating in that program. When such criteria are proposed, the Superintendent or designee shall review the criteria to ensure that the criteria are educationally related to the magnet program offered and that all students will have equitable access to the magnet school or program. The purpose and effects of any admissions criteria and the results of any screening and selection process shall ensure that all students have equitable access and that no group is disadvantaged by the selection criteria or selection process.

Conditions for students to remain in magnet schools or programs
A student who is admitted to a magnet school or program may remain in the program until the student completes the highest grade offered by the school or program, providing that decision does not adversely impact admission opportunities for resident students in the applicant pool, and that the student continues to meet any criteria approved by the Superintendent. The criteria may include the requirement that students:

1. Participate in the magnet program on a full-time basis,
2. Maintain a desired grade-point average and behavior and attendance record, and
3. Reside in the district or obtain an interdistrict transfer. If a student moves out of the FUSD while enrolled in a magnet school or program, the FUSD will permit the student to complete the magnet program to the highest grade offered at that school providing that decision does not adversely impact admission opportunities for resident students, and with approval of the new district of residence. If an interdistrict transfer is approved, the student may continue in the magnet school or program.

Resources
As part of FUSDs annual budget process, the Superintendent shall recommend to the Board the resources necessary for each magnet school or program. The Superintendent shall ensure that transportation to magnet schools and programs is provided in a fair and equitable manner to support the goals of the magnet program, and shall consider the following:

1. Some elementary school magnet programs may have no attendance zone (EAZ) and all students attending the school apply for admission. All these students, except those living within the designated walking-zone of the school, are provided transportation.
2. Elementary school magnet programs also may have an attendance zone (EAZ). Transportation for students living outside the attendance zone of the school is determined on a school-by-school basis, taking into account transportation costs in combination with the purposes for the magnet program.
3. Transportation for middle school and high school students, except for those students living within the designated walking-zone of the school, is determined on a school-by-school basis, taking into account transportation costs in combination with the purposes for the magnet program.

Monitoring and Evaluation

Annually, the Superintendent shall submit a report to the Board regarding the implementation of magnet schools and programs. This report, disaggregated as needed by race, ethnicity, socio-economic status, special education, shall include:

1. An analysis of the recruitment plan and applicant pool in providing equitable access to magnet schools and in recruiting students from diverse backgrounds and levels of achievement for each magnet program and school;

2. An analysis of any admission criteria used to select students to magnet schools and programs, including a determination of whether such criteria is providing for equitable access of all students and whether such criteria is having a negative impact on any particular group of students;

3. An analysis of students who are not allowed to remain in a magnet program, and

4. Recommendations for improving magnet schools and programs in FUSD, including whether to establish any new magnet schools or programs or to replicate, expand, modify, or discontinue any existing programs.

Fresno Unified School District prohibits discrimination, harassment (including sexual harassment), intimidation, and bullying based on actual or perceived race, color, ethnicity, national origin, immigration status, ancestry, age (40 and above), religious creed, religion, political belief or affiliation, gender, gender identity, gender expression, genetic information, mental or physical disability, sex, sexual orientation, marital status, pregnancy or parental status, childbirth, breastfeeding/lactation status, medical condition, military and veteran status, or association with a person or a group with one or more of these actual or perceived characteristics or any other basis protected by law or regulation, in its educational program(s) or employment.

When assigning students to specific courses and classes, the principal or designee may consider the following criteria as appropriate for the grade level and course:

1. Staff recommendation, including, but not limited to, the recommendations of teachers and counselors
2. Skills and classroom management style of individual teachers

However, a parent/guardian who provides such information shall be informed that a request for a specific teacher shall be one of many factors which may be taken into account when determining their child's placement.

During the school year, the principal or designee may make any adjustments in class placement which they consider beneficial to the student or the educational program.

Additional Requirements for Grades 9-12
Except for a student enrolled in an alternative school, community day school, continuation high school, or opportunity school, or as otherwise specified below, no student enrolled in grades 9-12 shall be assigned:

1. To any course without educational content for more than one week in any semester, including any of the following situations: (Education Code 51228.1)
   a. The student is sent home or released from campus before the conclusion of the designated school day.
   b. The student is assigned to a service, instructional work experience, or other course in which they are assigned to assist a certificated employee, but is not expected to complete curricular assignments, in a course the certificated employee is teaching during that period and where the ratio of certificated employees to students assigned to the course for curricular purposes is less than one to one.

2. To a course that the student has previously completed and received a grade determined by the
district to be sufficient to satisfy minimum high school graduation requirements and the requirements and prerequisites for admission to California public postsecondary institutions, unless the course has been designed to be taken more than once because students are exposed to a new curriculum year to year and are therefore expected to derive educational value from taking the course again (Education Code 51228.2)

(cf. 6181 - Alternative Schools/Programs of Choice)
(cf. 6184 - Continuation Education)

In addition, under no circumstances shall a student be assigned to a course period without educational content or a course they have already satisfactorily completed because there are insufficient curricular course offerings for the student to take during the relevant period of the school day. (Education Code 51228.1, 51228.2)

The above limitations on class assignments shall not affect the authority of the Superintendent or designee to permit the enrollment of a student in a dual enrollment, independent study, evening high school program, or other class or course authorized by law. (Education Code 51228.1, 51228.2)

(cf. 6158 - Independent Study)
