## **MINUTES – BOARD OF EDUCATION WORKSHOP**

**Fresno, California**

**March 28, 2023**

Fresno Unified School District, 2309 Tulare Street, Fresno, CA 93722.

At a Workshop of the Board of Education of Fresno Unified School District, held on March 28, 2023, there were present Board Members Cazares, Jonasson Rosas, Levine, Wittrup, Student Member Aquino, and Board President Islas. Superintendent Dr. Nelson was also present. Board Members Davis and Thomas were absent.

Board President Islas CONVENED the Board Workshop at **5:04 p.m.**

### **PLEDGE OF ALLEGIANCE**

**Armand Chavez** led the Flag Salute.

## **BOARD WORKSHOP AGENDA ITEM**

### **PRESENT and DISCUSS Overview of Districtwide Safety**

Staff presented an overview of districtwide safety including the safety plan, information related to multi-tiered safety supports, and current Safety Office deployment, roles, and responsibilities. Additionally, staff provided information related to Campus Safety Assistant training, stakeholder input and emergency response data and highlighted the proposed redesign.

Superintendent Dr. Nelson expressed appreciation for everyone attending. Commented it has been a while since there has been a board workshop on the topic of safety. Commented, all seven of our Trustees have safety at the forefront of their concerns. Everyone of our kids and every one of our faculty members, everybody affiliated with a school, our families that come have a right to a safe learning environment.

Very thankful for the people present and viewing via live stream. We have teachers present who work with kids with a high degree of need, we have leaders present, thankful to have parents in the room who are very concerned about how we can do this and do it better. As these issues continue to occur, across our nation and across the world, us being as forth right as we can. It is hard because to some degree you are competing against the free agency of people who are designed to

do things that are not good for kids, but we remain vigilant. Thank you to my principals that are online watching, same thing to our teachers and leaders. Paraprofessionals play a major role, our parents, families and kids, there is nobody that safety is not a priority, and it takes people in every walk of life and every jurisdiction to make it better.

There are not universal beliefs about safety. We acknowledge we are going to tread in some sacred areas around safety, some folks are supportive of policing in schools and other folks feel differently, some folks feel very strongly about suspension, expulsion, and referral to law enforcement and others feel differently, the bottom line is we want to make sure to provide an environment where kids are safe to the greatest degree we can.

For the record, Deputy Superintendent Her thanked people for attending, completed introductions of those presenting, and provided condensed outcomes for the presentation as follows:

- Provide information around multi-tiered layers of safety support
  - Social emotional learning, school climate and culture, and physical safety
- Communicate roles and responsibilities
- Share stakeholder input and emergency response data
- Share 2023/24 priorities

After the presentation, Board members had an opportunity to provide comments or ask questions. A summary is as follows:

**Member Jonasson Rosas:** Requested clarity as to who updates key words for the Gagggle program to monitor. Suggested it would be good to be proactive and if there are avenues provided to inform the process, the district might consider using principals and teachers as a source to update key words.

Requested clarity as to active assailant training and if school sites receive training. Shared parents have asked, in an age-appropriate way, if the training could be part of lockdown procedures.

Requested clarity as to whether all traffic accidents are reported. Commented the Fresno Police Department and City use their data sites to determine deployment of resources. Member Jonasson Rosas encouraged people to call the police when there are traffic accidents around schools.

Requested clarity as to if crisis calls were duplicative. Requested clarity as to missing and runaway students, are numbers listed in crisis calls from the district only or are parent calls included.

Requested clarity as to whether all principals responded to the survey pertaining to the top three safety concerns. Commented this is important subject matter and it is concerning if not all principals responded.

Commented on proposed safety investments and asked if the district has considered implementing safety buttons, like what is used at Fresno State and Fresno City College.

Commented cameras are after the fact, campus safety assistants (CSAs), having extra bodies, I am sure we will talk about roles and duties and I do not want to make it sound as if all campus safety assistants are doing this, but I often have people telling me CSAs are just in the golf cart on their phone and I know that is not an accurate picture of all CSAs but the impression is out there, and as long as there are key expectations and those expectations are met I think they can provide additional things, but the same with vaping sensors, again, it is after the fact, and we are looking from a punishment perspective. Innovative and active solutions are worth exploring.

CSAs receive training on NARCAN, but do they have it with them? Are CSAs trained in lifesaving measures? If a campus safety assistance saw someone in an emergency situation, could the CSA decline to provide lifesaving aid? Requested to see that incorporated into their job duties. I know there are classifications such as with police officers, firefighters, and certain medical providers where that is required and would hate to have a situation where because it was not required, lifesaving measures were not provided. It needs to be someone's responsibility because when it is everyone's it is no one's. I am open to suggestions; suggest CSAs because they are trained, just want to make sure we are never in a situation where aid is not administered in a timely manner. Asked if training could happen jointly to improve communication. I think there is value in joint training to build relationships.

**Member Levine:** Requested clarity as to what encompassed 170 calls to the Fresno Police Department (Fresno PD) and asked if the 170 calls are not listed in other categories. Asked for an example of a call to Fresno PD that would not fall under another category on the list of crisis calls. Commented it would be helpful if additional categories were added such as custody or parent disputes.

Requested clarity as to what fell under the topic of traffic brought forward by the student taskforce, was it accidents or amount of traffic? Requested name of the proposed fifteen sites chosen for Safe Routes to school and rationale for choice. Asked why the district is not doing all schools, asked if it was due to budget constraints. Shared the United States Department of Justice may have funding to help.

Commented on concerns shared regarding consistency of CSAs and asked if CSAs at the site are supervised by a vice principal. Asked if other structures have

been considered pertaining to oversight of CSAs. Asked what the total cost to the district would be if CSAs were added to all sites. Expressed appreciation that the proposal recommends adding CSAs to elementary schools.

**Clerk Wittrup:** Thanked Board members Jonasson Rosas and Levine for their comments. Expressed agreement with everything they said. Thanked Deputy Superintendent Her, Amy Idsvoog, and Armand Chavez for presenting. Commented it is a lot of impressive data. Commented the crisis call numbers may be double, as staff may not always turn in crisis forms.

Asked if the NARCAN is easily accessible at every school. Commented has heard it is locked up and requested staff look into accessibility, wants to make sure the district is doing its very best to make NARCAN accessible.

Impressed with information at the district level about safety but feels there is a disconnect between what is intended with investments in safety and what happens at school sites in real time. How does the district assess and evaluate every school site's safety practices? Does the district monitor safety practices, give feedback, look at incidents handled poorly, conduct an autopsy of the incident to look at why it happened and how practices can be changed to have a better response the next time an incident happens? How do we assess what we intend with investment, what we buy, and how it plays out at the schools? Does not believe a debrief always takes place. Where are the weaknesses we know of and how do we improve in those areas; there is truly a disconnect between what the district intends and what plays out at schools. How does the district address things happening at schools that should not be happening? Commented it is easy to not do a crisis debrief, to get through the crisis and be done, but when there is no debrief there are missed opportunities for learning and improvement.

Shared concern regarding variations from one school site to the next around safety. Commented usually the site leadership sets the tone, it is felt when you go on campus, a sense of leadership, of running a tight ship, people paying attention, urgency around safety; and then you go to other campuses and do not feel that way at all. Requested to see more consistency and urgency through the system when addressing concerns site leaders, teachers and parents bring to attention. Asked staff what they would say are the district's weaknesses. Commented the district needs to work on behavior interventions.

**Member Cazares:** Requested clarity on required training or certifications for the campus safety assistant position. Is there a two-year experience requirement? Should consider training current parents or past parents that know the campus layout, grow your own, a current parent might be biased but maybe someone who has a graduate from the school or the principal knows well, as we know it is difficult to ramp up quickly, especially with the elementary schools on our radar soon.

Vice principals that oversee campus safety assistants want to do a good job, they

want to be good mentors, they want to be good supervisors, but they probably have the same amount of responsibilities as any other vice principal. We need to look at, especially this year and the coming year, where are the needs for additional campus safety assistants and additional interventions and what additional needs our children may have; so vice principals overseeing campus safety assistants can provide the support needed and focus more time with the campus safety assistants.

Asked if the Gaggle program monitors other languages than English. Asked if the Raptor system has launched at all school sites? Do all school sites have one point of entry? Commented campus safety assistant team is well intentioned and many have good relationships with site and students, but we have talked about safety assistants being on their cell phones for months now, and they are still using their cell phones. Why do they have cell phones at work? If they are on sight walkie talkies should take the place of the cell phone.

Asked if crisis call data was available for the COVID year? Requested to see crisis call data for 2020/21. The main call Member Cazares receives from parents is when their child was attacked verbally or physically and they do not feel the offending student is being held accountable. How do we do a better job of communicating with parents?

Asked for the number of students and campus safety assistants that responded to the safety survey. Requested more detail on data provided on slide twenty-one. Asked staff to look at not only routes outside but also entry points. Asked for clarity as to the responsibilities of the Regional Safety Specialist.

**Student Member Aquino:** Expressed the importance of the presence of senior staff and trustees at the sites they represent. Encouraged board members to visit sites more often. Requested clarity as to proposed gear for campus safety assistants. Requested clarity as to lockdown notification systems for DHH students and staff.

**Board President Islas:** Safety is multi-faceted and we have covered how we are helping to address social emotional and behavior issues, and physical health of students and even social health with Gaggle. We need to also consider what have been some of our biggest pain points, racism for an example, and the weaponization of racism is something we need to consider as part of how we address safety. There are elements of important factors we have not drilled down enough, we need to consider how to address and approach and try to prevent stress and issues that perpetuate people's feelings of insecurity. Nurses are definitely part of our safety team, designer facilities, transportation is a huge part of how we promote safety. I heard tonight we are conscious enough that we need NARCAN, but we have not made any investments into the treatment or recovery of students struggling with substance abuse which is a huge area of need. We talked about the Raptor system to help keep people out during the day but we are

not considering the threat when the unhoused are on the campus in the evenings and weekends and the turmoil that is caused by their presence and how we might better respond to those situations. I think we spend a lot of time talking about monitoring our students' behaviors when we talk about safety and I think it is important and I think there are real threats. We witness and discuss suspensions and expulsions before each board meeting and there are issues that do need to be addressed. There are other categories of people causing insecurities on our campuses such as staff and teachers and yet we are not categorizing or monitoring those threats in a way that also gives us data about how we need to intervene to prevent some of that from happening. We have issues of sexual assault of students, we have issues of inappropriate behavior, use of our facilities, and those are things about which I think we need to have honest conversations. How we dissuade and prevent those types of things from happening. Hostile environments, again going back to racism, all of our staff play a very important role in students being welcomed, our parents being welcomed, creating calm and bolstering peace, these are all things in which we need to be proactive. How we work collectively, some of our management have talked about the Disneyland model and all the things Disneyland does to make you happy as you get to the gate and on to the campus. The psychology of some of those interventions we need to better understand and figure out how we can apply.

Most of our students interacting with SROs are students with disabilities and I do not see any training for SROs on how to engage appropriately with students with disabilities or professional learning reflected in the proposal. How are we helping to teach self-regulation, how are we helping to diffuse situations with more professional learning. How many interactions do our general population have with SROs? There seems to be inequity with students of color and I am concerned if you couple students of color and disabilities we continue to see a trend of profiling and expulsion of disadvantaged students. I want to make sure we are interacting in ways we are mitigating, that is not driven by racism, we are trying to make investments that allow all of our students to be successful, that we are not creating these pipelines into prison or disadvantage for our students. Are we ensuring training of campus safety assistants? Are we monitoring to be sure all of our CSAs are going through training? If asked, would leadership be able to produce when CSAs went to training, are we capturing anything about acquisition of skills as result of the training, knowledge increases, if these trainings are in fact having the result we expect in how our CSAs are working. How is lack of performance being documented for intervention, if we are doing the training apparently the training is not being utilized. Or we are doing the training and applying these investments but nobody is monitoring them so there is no incentive to comply.

Commented on increased number of student incidents with a car. Assessments are important and I see them as a long-term effort, we are gathering information, we are identifying areas of intervention, we are working with our counter parts, but an assessment is not necessarily an intervention. I want to act on the data and not wait on an assessment about the missing assets on or around our campuses

when advocating for infrastructure. I know we at least have one contractor, Safe2School and they are serving elementary campuses, but we have evidence this year our middle and high school students need support. So, in the past we have talked about internship opportunities for older students acting as crossing guards, paid positions. We explored before and maybe we need to revisit that it becomes a noon-time assistant position so we can have all campuses covered with some support. I think that we need to invest more in this area and we can't rely on the long-term outcome of advocating for infrastructure because it will not mitigate the current issues we are experiencing. Asked to see a proposal to support internship opportunities for students.

Referenced slide #15, and asked, of the 24 arrests how many of those were referred to youth court, are they all felonies, misdemeanors, what is happening to our students and how do we make sure they are put back on a right track, they are given opportunities to come back from mistakes they made. Interested in learning if there were more resources for our nursing staff and what it would look like. Lockdowns, asked to see differentiation of lockdowns. Deaths include students and staff, not necessarily on campus. Slide #25, new CSA at elementary and no mention of more CSA resources at middle school. Slide #26, is there a reason we can not get the SROs to help monitor traffic. We need to be driving our contracts for the district. Would like to see it added as a duty into the contract with the Fresno Police Department. Crossing guards need more support and gear, asked to see that included in the proposal. Classroom management and school leadership, restorative justice, equity, diversity, and inclusion would like to see those added as well.

Special education, we need to have a very honest conversation with our parents, regarding SRO interactions. We need partnerships with parents to help us support our students.

#### **OPPORTUNITY for Public Comment on Agenda Item**

For the record, the Board received five (5) requests to address the Board on this item. The individual's name along with a summary of topic is as follows:

1. Vicki Allen Westburg: Referred to safety incidents that took place while employed with Fresno Unified. Commended staff on presentation but commented did not hear talk of teachers. Ms. Allen Westburg works at Fresno Pacific University with new teachers and as part of the course new teachers are asked questions pertaining to their knowledge of safety plans at school sites such as: layout of classroom, if they are equipped with appropriate tools for windows and doors, barricading procedures and locations. Requested the district to set up a notification system. Teachers need to know what to expect and what they are expected to implement immediately. Concern is not a matter of if but when we have a shooter in the Valley.
2. Dan Westburg: Asked if the district has the ability to deal with a school shooting. How will a school lock down? Is there a sweep procedure to check

bathrooms, hallways, and other exposed areas? Asked if students knew what people expect of them in a lockdown? Are the expectations the same across the district or are there different protocols for different sites? Substitute teachers that go from site to site, do they know the specific protocols for lockdowns or intruder on campus?

3. Eileen Cheng Buron: Not satisfied with the data provided, it is not really what is going on at the school site. You are not doing our job, hearing the parents, parking, and unloading zone safety issues. We are always asking you to hear our voices. Referred to an incident at Greenburg.
4. Benita Vasquez: Commented security is what is most important to us right now. Asked when the district show families a plan of security because this is worrisome? Agreed with one point of entry and exit at school sites for safety. Commented security people should be well-trained. Requested the district to include parents as they have ideas to share. Thank you for involving us because this is something we all worry about.
5. Delia Delgado: Commented heart is aching for families in Nashville. Asked what protocol is followed when a student is physically abused by a staff member, an incident happened and Ms. Delgado was not happy with how it was addressed. Commented safety throughout the school has been important for years, oldest son does not use the restroom because there is a lot of substance abuse taking place in the restrooms.

**Member Cazares:** Requested staff comment on school safety plans.

**Board President Islas:** Requested clarity as to if there is a districtwide safety plan.

**Member Levine:** Is there a designated place in the office to find the safety plan?

Deputy Superintendent Her, Executive Officer Amy Idsvoog, Manager Vanessa Ramirez, Manager Armand Chavez, and Superintendent Dr. Nelson were available to provide clarity.

- I want to start tonight's remarks off with a huge amount of gratitude to our bargaining team and SEIU for landing a tentative agreement. You'll see that agreement coming to our board tonight for ratification by our board. Continuing our collaborative relationships with our labor partners to help our students achieve their greatest potential is essential. Our partners at SEIU include many different roles like our Bus Drivers, Custodians, Grounds Maintenance Workers, and Plant Coordinators – and their work is integral to our students' and staff's success. Thank you to all who brought this agreement to reality, we're grateful for your work and dedication.
- Families! You've heard me say it several times now, and I'll say it again! It's time to enroll your young learners in our preschool, TK, and K programs for the upcoming school year! These early learning years are absolutely CRITICAL to building their strong foundations as a reader. All children who are 5 years old by September 1<sup>st</sup> are eligible to enroll in kindergarten, all children turning 5 years old between September 2<sup>nd</sup> and April 2<sup>nd</sup> are eligible to enroll in Transitional Kindergarten, and children who turn 3 years old on or before December 1<sup>st</sup> are eligible to enroll in preschool. Students compete in five categories: Robotics, Drones, Coding, Video Production, and Design. Crowd favorites are BattleBots and the Drone Obstacle course, but all events sharpen 21st century skills. This year's theme is retro video games! ToT is the largest technology contest of its kind in the state. We're thankful for our tournament coaches, coordinators, our IT team, and the fifty volunteer judges that are lined up to determine the top competitors. The competition kicks off at 8:30 at Sunnyside High School. The awards ceremony begins at 1 p.m. in the theater. Parents and visitors are welcome.

## HEAR Report from Superintendent – continued

- Next Saturday, we invite you to join us for our IdeaFest at Fresno City College. Our students will be presenting projects they've been working on ALL school year, focused on the theme of "Reflection, Recovery, and Reimagination" following the COVID-19 pandemic. The event is great family fun with food and activities, and the opportunity to interact with our students and provide feedback on their work. Please join us from 11am to 3pm at the Old Administration Building in Fresno City on Saturday, April 22<sup>nd</sup>.
- Next, I need to make a few acknowledgements, starting with National School Library Month. As a system, we're celebrating the amazing resources of our school libraries and all the amazing staff that make those spaces welcoming, beautiful, and diverse for our students. One of the most impactful employees we've had in this area is our amazing Tom Nixon. Tom is a Manager II in Online Learning and Library Services and a tireless advocate for reading and literacy. Tom has served Fresno Unified for more than 27 years as a Teacher, AVID Coordinator, Teacher/Librarian, and a Teacher on Special Assignment before becoming a manager. If you know Tom, you know he is the number one champion for our Sora Digital Library and has worked diligently in increasing access to diverse titles for our students and our staff. Tom has been a critical partner also in our work in building home libraries for our students, knowing that these movements support overall academic success for our students. Thank you, Tom, for your dedication to our kids, you will be incredibly missed!
- I also want to acknowledge April as Autism Awareness Month, or as some are now calling it, Autism Acceptance Month. This month is important as we continue to educate folks about Autism, and we learn to become more and more inclusive of our neurodiverse students, staff, and families. You see many of us tonight wearing our blue in honor of Autism Awareness Month and hope you'll join us this month by proudly wearing your blue and learning more about how you can support our neurodiverse family members.
- Last, I want to share a quick thank you to our communications team and community partners at Fresno County Superintendent of Schools, Clovis Unified, Sanger Unified, Central Unified, Fresno PD, and the City of Fresno for creating a beautiful Traffic Safety public service announcement series. We began airing these PSAs last month and will be airing a new PSA every couple of weeks through the end of the school year on all local news channels. These PSAs are incredibly important as we work to keep our students safe as they travel to and from school every day – and we need our entire community's support. Let's take a look at our PSA and an upcoming PSA with our partners at Clovis Unified.
- Over the next couple of months, you'll get to see all seven PSAs in the series, and we encourage you to share them widely. With that, I will turn the meeting back over to you Board President Islas.

**AGREEMENT BETWEEN  
CITY OF FRESNO AND FRESNO UNIFIED SCHOOL  
DISTRICT FOR USE OF DISTRICT POOLS FOR  
SUMMER SWIM PROGRAM**

This Agreement is made and entered into as of this 11th day of May, 2023, between the City of Fresno, a California municipal corporation (City) and Fresno Unified School District, a public school district (District).

**RECITALS**

- A. District is authorized by California Education Code Section 10910 to allow for use of District properties for community recreational purposes.
- B. City has an objective of, where feasible, using school sites for community use and to maximize the efficient use, maintenance, and supervision of public facilities.
- C. Expanded community use of District school facilities will maximize utilization of District property and improve opportunities for public and community recreational activity in the City and its various communities.
- D. City and District mutually desire to enter into this Agreement for purposes of expanding access to District's swimming pools, in accordance with the terms granted herein (the Summer Swim Program).

**AGREEMENT**

NOW THEREFORE, in consideration of the foregoing and of the covenants, conditions, and premises hereinafter contained, to be kept and performed by City and District, the parties agree as follows:

- 1. **Acknowledgement of Recitals and Definitions.** All foregoing recitals are true and correct and incorporated herein by this reference as though fully set forth herein.
- 2. **Grant of License.** District hereby grants City a no fee license (the License) to use District Pools identified in Exhibit A hereto (Pools) for use in its Summer Swim Program consisting of community recreational swimming, and swim lessons. Sites may be added or modified upon mutual written letter agreement of the parties. The term of the License (the License Term) shall commence on June 12, 2023 and shall continue for a term of one year. At the end of the License Term, upon mutual agreement of the parties, this Agreement may be extended administratively year to year by City and District with an addendum hereto, so long as sufficient appropriations are in place to fund the Summer Swim Program. Either party may terminate the Agreement, in its sole discretion, at any time during the term of the Agreement by providing written notice to the other party specifying an effective termination date at

least thirty days from the date of the notice. Provisions of the License are below.

- a. **Priority of Use.** The priority of use for Pools shall be as follows:
    - 1) District/Civic Center use for aquatics activities and programs
    - 2) City use for Summer Swim Program
  - b. **Scheduling of Use.** Pools identified for community recreational swimming and swim lessons are specified in Exhibit A, attached hereto. City will coordinate scheduling with District Facilities Department, not to exceed twelve months in advance of anticipated use. Scheduled use will be based on pool availability and program needs, and the parties shall exercise good faith efforts to agree to the joint use schedule and to resolve any conflicting uses.
  - c. **Auxiliary Facilities.** If possible and agreed upon by the District, City's License shall include the ability to make use of auxiliary facilities including restroom facilities and storage areas in reasonable proximity to the pools. Auxiliary facilities and fixed equipment, such as parking lots, bleacher seats, and other fixtures designated for use in connection with such auxiliary facilities, shall be included herein.
  - d. **City Use During Regular District Hours.** Subject to scheduling requirements and use priorities specified in Subsections (a) and (b) above, priority use of Pools shall be made available to the City for the Summer Swim Program for no facility use charge.
  - e. **Pool Maintenance and Repair.** District is responsible for chemicals, maintenance, and repair of Pools. Outside of standard District maintenance operational hours (Monday-Friday, 7:00 a.m.-2:30 p.m.) and periods of co-use by City and District, City shall test chemical levels of Pools per industry standards and record the information in shared "pool chemical reading log." City shall make reasonable efforts to notify District of any issues with Pools during District maintenance operations hours and follow an agreed upon procedure to notify District outside of standard maintenance operational hours during holidays, evenings, and weekends.
  - f. **Downtime for Maintenance.** When Pools are taken out of service for maintenance, repairs, and/or upgrades, activities cannot be scheduled during this time. District will notify City of the estimated downtime period as soon as issues are identified.
3. **City Responsibilities.**
- a. City is responsible for supervision of Pools during City programming set forth in this Agreement, with American Red Cross certified lifeguards, pool assistants and/or aides

provided at all times during the Summer Swim Program. City is not responsible for supervising participants in programming operated by District or other third parties that may occur concurrent with City use. District to provide key(s) to City of Fresno.

- b. City will retain generated program revenue to offset staffing and site-specific instructional supply costs.
- c. City shall provide basic lifeguarding equipment to Pools such as rescue tubes, deck chairs, first aid kits, sunscreen, etc. City may place portable storage units at Pool sites in locations approved by District.
- d. City is responsible for locking and unlocking Pool access gates on days no District activities are scheduled and/or occurring. District and City will generate a locking and unlocking access gates schedule for the summer swim season.

4. **District Responsibilities.**

- a. Where City and District mutually agree upon City's use of auxiliary facilities per Section 2.c., District is responsible for providing custodial services for such auxiliary facilities at its expense.
- b. District shall provide for City's use of lifeguard stands and advanced lifeguarding equipment to Pools such as accessibility lift, shepherd's crook, backboard, etc. When using District equipment, City is responsible for examining and ensuring equipment is in good working condition and acceptable for use. District equipment must be stored and secured as found. Should vandalism and/or theft occur due to City's negligence, City shall be responsible for replacement.
- c. District is responsible for locking and unlocking access gates to Pools on days District activities precede and or extend past the standard City operating schedule. District and City will generate a locking and unlocking access gates schedule for the summer swim season. District to provide key(s) to City of Fresno.
- d. A walk-through will take place at each site prior to the commencement of the Summer Swim Program to orient City staff with specifics related to the pool and auxiliary facilities.

5. **Indemnification.** As authorized by Government Code Section 895.4, during the License Term; City shall indemnify, hold harmless and defend District and each of its officers, officials, employees, agents, and volunteers, from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by District, City or any other person, and from any and all claims, demands and actions in law or equity

(including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of the use of District facilities by City or any of its officers, officials, employees, agents, volunteers, or invitees. City's obligations under the preceding sentence shall apply regardless of whether District, or any of its officers, officials, employees, agents, or volunteers are passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs, or damages caused solely by the gross negligence, or caused by the willful misconduct of District or any of its officers, officials, employees, agents, or authorized volunteers. Nothing herein shall constitute a waiver by City of governmental immunities including California Government Code Section 810 et seq.

Throughout the life of this Agreement, City shall pay for and maintain in full force and effect all policies of insurance as required in Section 6, which is incorporated into and part of this Agreement, or as may be authorized or required in writing by District's Deputy Superintendent/Chief Financial Officer or designee at any time and in his/her sole discretion. The required policy(ies) of insurance as stated in Section 4 shall maintain limits of liability of not less than those amounts stated therein. However, the insurances limits available to District or any of its officers, officials, employees, agents, and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds available to the named insured.

City shall conduct all defenses at its sole cost. The fact that insurance is obtained by City shall not be deemed to release or diminish the liability of City, including, without limitation, liability assumed under this Agreement. The duty to indemnify shall apply to all claims, applicable to this agreement, regardless of whether any insurance policies are applicable. The duty to defend hereunder is wholly independent of and separate from the duty to indemnify and such duty to defend exists regardless of any ultimate liability of City. The policy limits do not act as a limitation upon the amount of defense and /or indemnification to be provided by City. Approval of purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of City, its officials, officers, employees, agents, volunteers, or invitees.

This section shall survive termination or expiration of this agreement.

6. **Insurance.** It is understood and agreed that District and City maintain insurance policies or self-insurance programs to fund their respective liabilities. Notwithstanding, City shall maintain, at its own cost, the following minimum insurance coverage and shall identify the District as an additional insured under the same:
  - a. Commercial general liability insurance. Said insurance shall not be less than \$2,000,000 per occurrence.
  - b. Commercial automobile liability insurance which shall cover all owned, non- owned and hired automobiles. Said insurance

shall not be less than \$2,000,000 per occurrence.

- c. Workers' compensation and employer liability which shall not be less than \$1,000,000.
- d. Umbrella or excess liability insurance which shall provide the same coverage for additional insureds. The policy shall include coverage for bodily injury to a participant in any activity and shall not include a Participant's exclusion, athletic participant exclusion or a sub-limit liability for bodily injury to a participant.

Evidence of identifying the District as an additional insured shall be provided by the City upon request. Should City contract out any of the above responsibilities or obligation to this Agreement, City will require contractor, in writing, to indemnify and defend District as required in the License Agreement. Contractor will also be required to provide the following insurance requirements in favor of District and City.

- 7. **Funding Contingency.** Except for the indemnity obligations specified herein, the obligations of City and District are limited to and contingent upon appropriation of sufficient funding in each fiscal year during the term of the Agreement.
- 8. **Independent Contractors.** The parties are acting as independent contractors. Neither party, nor any of its officers, associates, agents, or employees shall be deemed an employee, partner, or agent of the other for any purpose. Each party shall retain as program income any and all income generated by its respective use hereunder.
- 9. **Notices.** Any notice required or intended to be given to either party under the terms of this Agreement shall be in writing and shall be deemed to be duly given if delivered personally or deposited into the United States mail, with postage prepaid, addressed to the party to which notice is to be given at the party's address set forth on the signature page of this Agreement or at such other address as the parties may from time to time designate by written notice.

**TITLE AND SUBJECT: Approve Carl D. Perkins Applications for Funding**

**ITEM DESCRIPTION:** Included in the Board binders are copies of 2023/24 Carl D. Perkins Applications for Funding. There are two separate applications, one each for the secondary and postsecondary (Adult School) Career Technical Education programs.

The postsecondary application is a consortium between Fresno Adult School and Clovis Adult School. The California Department of Education allows an adult school to join with another adult school to form a consortium; each adult school contributes to the annual reporting requirements. Fresno Adult School is the lead fiscal agent. Consortium funding is shared between members of the consortium based on the following criteria:

1. Joint Professional Learning opportunities for common Perkins funded pathway programs.
2. Identified Capital Outlay projects submitted by school for Perkins funded pathways.
3. Short-term program specific project proposals submitted to the consortium for funding.
4. Support of special populations in a Perkins funded pathway.
5. School specific Perkins funded program support needs.

The Strengthening Career and Technical Education for the 21st Century Act (Perkins V) provides nearly \$1.3 billion in annual federal dollars to career and technical education for youth and adults. As a condition of receiving these funds, eligible recipients must submit a yearly online application that provides required descriptions and assurances related to the administration of the funds.

Perkins funding is contingent upon approval of the online application and Board approval.

**FINANCIAL SUMMARY:** The estimated funding level for the 2023/24 school year for secondary is \$1,372,592 and \$126,716 for post-secondary.

## **Fresno Unified Board Policy (BP) 0420.42 Charter School Renewal**

The Governing Board believes that the ~~renewal~~ ~~ongoing operation~~ of a charter school ~~established within the district~~ should be dependent on the school's effectiveness in achieving its mission and goals for student learning and other student outcomes. Whenever a charter school submits a petition for renewal of its charter, the Board shall review the petition thoroughly and in a timely manner.

*(cf. 0420.4 - Charter School Authorization)*

*(cf. 0420.41 - Charter School Oversight)*

*(cf. 0420.43 - Charter School Revocation)*

*(cf. 0500 - Accountability)*

A charter school submits a charter renewal petition shall not be operated as or by a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. (Education Code 47604)

When a charter school, concurrently with its renewal petition, proposes to expand operations to one or more additional sites or grade levels, the charter school shall request a material revision to its charter. The material revision may be made only with the approval of the Board. The material revision shall be governed by the standards and criteria described in Education Code 47605. Each renewal granted by the Board shall be for a period of five years. (Education Code 47607)

### **Submission of Renewal Petition**

The Board recommends that ~~A~~ a charter school ~~seeking renewal of its charter is encouraged to~~ submit its petition for renewal to the Board with sufficient time early before the expiration of the term of the charter ~~is due to expire~~ to allow the Board's deliberations and decision on the renewal petition to be completed prior to the end of the term.

~~The signature requirement applicable to new charter is not applicable to petitions for renewal. (5 CCR-11966.4 Education Code 47607)~~

Renewals of charters are governed by Education Code 47605 and t~~The~~ petition for renewal shall include, but not be limited to, a reasonably comprehensive description of any new requirements of charter schools and how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed. ~~The petition also shall include documentation that the charter school meets at least one of the criteria for academic performance specified in Education Code 47607(b), as listed in item #5 in the section "Criteria for Granting or Denying Renewal" below.~~ (Education Code 47607; 5 CCR 11966.4)

### **Criteria for Granting or Denying Renewal**

All charter schools whose term expires on or between January 1, 2022, and June 30, 2025, shall have their term extended by two years. (Education Code 47607.4)

When considering whether to renew a charter petition, if the two consecutive years immediately preceding the renewal decision include the 2019-20 or 2020-21 school year, the Board shall review two of the most recent years for which state data is available preceding the renewal decision. (Education 47607, 47607.2)

For purposes of renewal, measurements of academic performance means indicators included in the adopted

evaluation rubrics that are based on statewide assessments. The determination of a charter school's academic progress is based on all the state indicators in the California School Dashboard for which it receives performance levels, provided that the charter school has schoolwide performance levels on at least two measurements of academic performance per year and for at least two numerically significant student subgroups. If the dashboard indicators are not yet available for the most recently completed academic year before renewal, the Board shall consider verifiable data provided by the charter school related to the dashboard indicators. The State Board of Education approved a list of valid and reliable indicators of academic progress and postsecondary outcomes that may be used to demonstrate a charter school's academic performance. (Education Code 47607)

Renewals shall be governed by the ~~same~~ standards and criteria for the establishment of a charter school described that apply to new charter petitions as set forth in Education Code 47605. ~~The Board shall consider the past performance of the charter school's academics, finances, and operations in evaluating the likelihood of future success, along with plans for improvement, if any. A charter renewal shall not be denied based on findings that the charter school is demonstrably unlikely to serve the interests of the entire community in which the school is located~~ or that the district is not positioned to absorb the fiscal impact of the charter school pursuant to Education Code 47605. However, for a material revision concurrent with the renewal to expand operations to one or more additional sites or grade levels, the Board shall consider the impact of the proposed material revision using these provisions. (Education Code 47607, ~~5 CCR 11966.4~~)

**The signature requirement in Education Code 47605 for the establishment of a charter school is not applicable to petitions for renewal. (5 CCR 11966.4)**

**Following the Board's review, a renewal of the charter petition may be granted in accordance with a three-tiered system based on school performance, as follows:**

**1. Renewal of Five to Seven Years**

The Board shall not deny renewal for a charter school and may renew the charter petition for a period between five and seven years if either of the following apply for two consecutive years immediately preceding the renewal decision:

a. The charter school has received the two highest performance levels schoolwide on all the state indicators included in the evaluation rubrics shown on the California School Dashboard for which the charter school receives performance levels

b. For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or higher than the state average and, for a majority of numerically significant student subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average (Education Code 47607(c))

A charter school eligible for technical assistance pursuant to Education Code 47607.3 shall not qualify for renewal for a period of between five and seven years.

A charter school that satisfies the criteria for this renewal shall only be required to update its charter petition to include a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter petition was originally granted or last renewed and as necessary to reflect the current program offered by the charter school.

**2. Renewal of Five Years**

For a renewal of a charter school for which the above does not apply, In determining whether to grant a charter renewal, the Board shall consider the schoolwide performance and performance of increases in

academic achievement for all numerically significant student subgroups served by the charter school, on the state and local indicators included in the evaluation rubrics shown on the California School Dashboard. The Board shall provide greater weight to performance on measurements of academic performance in determining whether to grant renewal for such a charter school as defined in Education Code 52052, as the most important factor: (Education Code 47607.2)

In addition to the state and local indicators, the Board shall consider clear and convincing evidence, demonstrated by verified data, showing either of the following:

- (a) The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school
- (b) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers (Education Code 47607.2)

Verified data means data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced. Verified data shall include measures of postsecondary outcomes. (Education Code 47607.2(c))

For any such charter school, the Board may deny the renewal petition only upon making written findings, setting forth specific facts to support the findings, that the charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to the students of the school, that closure of the charter school is in the best interest of students, and that the Board's decision provided greater weight to performance on measurements of academic performance. (Education Code 47607.2)

For a charter school renewed pursuant to this criteria, the Board shall grant a renewal for a period of five years.

### 3. Denial with Option for Two-Year Renewal

The Board shall not renew a charter if either of the following apply for two consecutive years immediately preceding the renewal decision: (Education Code 47607.2)

- (a) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the evaluation rubrics shown on the California School Dashboard for which it receives performance levels.
- (b) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of numerically significant student subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average. (Education Code 47607.2(a))

However, the Board shall consider the following factors and may renew a charter petition that meets such criteria only upon making both of the following written factual findings, specific to the particular petition, setting forth specific facts to support the findings:

- (a) The charter school is taking meaningful steps to address the underlying cause(s) of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.
- (b) There is clear and convincing evidence, demonstrated by verified data, showing either of the following:
  - (i) the charter school achieved measurable increases in academic achievement, as defined by at least year's progress for each year in school; or
  - (ii) strong postsecondary outcomes, as defined by college enrollment, persistence, and competition rates equal to similar peers

For a charter petition renewed pursuant to these written factual findings, the Board may grant a renewal for a period of two years. (Education Code § 47607.2(a))

Notwithstanding all of the above, the Board may deny renewal of a charter upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors or is not serving all students who wish to attend. The Board may deny renewal of the charter school only after it has provided at least 30 days' notice to the charter school of the alleged violation and provided the charter school with a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school. The Board may deny renewal only by making either of the following findings:

- (i) corrective action proposed by the charter school has been unsuccessful; or
- (ii) the violations are sufficiently severe and pervasive as to render a corrective action plan unviable. Any finding that a school is not serving all students who wish to attend shall specifically identify the evidence supporting the finding. (Education Code 47607)

Upon making a finding that a charter school is not serving all students who wish to attend, the Board shall specifically identify the evidence supporting the finding. (Education Code 47607)

The Board shall deny a renewal petition only if it makes a written factual finding setting forth specific facts to support one or more of the following grounds: (Education Code 47605, 47607; 5 CCR 11966.4)

1. The charter school presents an unsound educational program for the students enrolled in the school.
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
3. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d).
4. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(b).
5. The charter school has failed to meet at least one of the following criteria of academic performance:
  1. Attainment of its Academic Performance Index (API) growth target in the prior year or in two of the last three years, both schoolwide and for all numerically significant groups of students served by the charter school as defined in Education Code 52052.

**AGENDA ITEM B-16**

**AGENDA SECTION: B**

(A – Consent, B – Discussion, C – Receive, Recognize/Present)

**ACTION REQUESTED: Discuss**

(Adopt, Approve, Discuss, Receive, etc.)

**TITLE AND SUBJECT:** Discuss the Special Education Department's Vision for Transformation and Budget Recommendations for High Quality Student Supports

**ITEM DESCRIPTION:** Included in the Board binders for discussion is information on the vision for transforming the Special Education Department through shared accountability, increased capacity, operational efficiency, and effectiveness with budget recommendations for the 2023/24 fiscal year. Recommendations for additional student support staff and departmental leaders will not only increase capacity to serve students and meet districtwide goals but also strengthen existing services and operations through shared accountability for staff in ways that focus staff and families on quality instruction, access to core curriculum, interventions, customer service quality, family engagement, and operational efficiency.

In 2018, the Council of Great City Schools conducted a review of the Special Education Services in Fresno Unified School District. That report resulted in recommendations such as quality instruction, operational efficiency, core curriculum access, and engagement for students and families. This presentation will ground us in the work that is ongoing toward achieving the objectives outlined in that report and describe the recommendations that the department is making toward further acceleration toward those goals. The presentation includes shared accountability processes and additional positions to support school sites, students, families, and department staff. The following list includes highlights of the Special Education Department's year-to-date achievements as evidence of organizational success:

1. Completed over 430 Individualized Education Plans (IEP) in the past three weeks (only 1100 more to meet the goal of June 30 when every student with a disability will have an IEP in Fresno Unified, which supports closing achievement gaps at challenging levels).
2. Hired 20 of the 27 School Psychologists and seven of the 15 additional Regional Instructional Managers approved as part of a \$33 million dollar investment through Local Control Funding Formula funding this year.
3. Added Special-Day Class Chemistry courses to align with the Chemistry courses offered for all students.
4. Re-launched of the Inclusive Practices partnership with The New Teacher Project and Supporting Inclusive Practices Grant work, and re-establishing dual enrollment for students with extensive support needs at Fresno City College in the Disabled Students Programs Services.
5. Organizing departmental protocols to include frequent professional growth opportunities for departmental staff and consistent submissions of timely annual staff evaluations.

FINANCIAL SUMMARY: The funding requested for the 2023/24 fiscal year is estimated at nearly \$10,000,000.

## Management Oversight

The purpose of this policy is to guide the Governing Board with a standard for highly effective and efficient Management Oversight. The Board is a body corporate, not a collection of individuals, governed by the state and federal law to serve the interests of district.

The Board will fulfill its duty to assure the public that district resources are being used efficiently and effectively by reviewing the integrity and performance of the districts major management systems on a regular basis. This policy sets forth standards and describes processes, but from time to time processes and timelines may vary. The standards and processes are not intended to be overly restrictive or become issues of dispute, but rather to provide guidelines for effective management oversight.

### Management Oversight

The Board is responsible for overseeing management of the districts major systems to assure all staff and district systems have as their overarching goal, student achievement. Major systems are discussed and listed in the Board policy on Board Workshops and the Board Workshops calendar.

(cf. 9320.1 - Board Workshops)

The Board will hold the Superintendent accountable for the performance of the district systems. The Board will consider the results of its oversight reviews into the Superintendents annual performance evaluation. In exercising its oversight responsibilities, the Board will not manage the day-to-day operations of the district.

The Board will fulfill its management oversight responsibilities by:

Reviewing the performance of all major management systems at least annually, using performance measurements approved by the Board

Reviewing the integrity of all major management systems at least once every three years (where integrity is defined as overall effectiveness, including structure, process, performance measurements, internal controls, etc.)

Overseeing the annual external financial audit process

Ensuring that the Superintendent acts on the auditors recommendations

The Superintendent will be responsible for ensuring that all procedures, controls, checks and balances, and codes of ethics are in place and are being executed properly.

The Board, acting as a body, will require the Superintendent to provide data and other information necessary to document effective execution and results. The Board may also decide to call for external reviews of systems integrity and performance (e.g., from audit firms, task forces comprised of local experts or community members, etc.).

### **Board Member Electronic Communications**

The Governing Board recognizes that electronic communication is an efficient and convenient way for Board members to communicate and expedite the exchange of information within the district and with members of the public. Board members shall exercise caution so as to ensure that electronic communications are not used as a means for the Board to deliberate outside of an agendaized Board meeting, circumvent the public's right to access records regarding district business, or restrict access to a public forum.

A majority of the Board shall not, outside of an authorized meeting, use a series of electronic communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the Board. (Government Code 54952.2)

*(cf. 9320 - Meetings and Notices)*

Examples of permissible electronic communications concerning district business include, but are not limited to, dissemination of Board meeting agendas and agenda packets, reports of activities from the Superintendent, and reminders regarding meeting times, dates, and places.

Board members may engage in separate conversations or communications with members of the public on a social media platform to answer questions, provide information, or solicit information regarding a matter that is within the subject matter jurisdiction of the Board, as long as a majority of the Board does not use the platform to discuss among themselves any business of a specific nature that is within the subject matter jurisdiction of the Board. A Board member is prohibited from responding directly to any communication from other Board members regarding matters that are within the subject matter jurisdiction of the Board or using digital icons (e.g., "likes" or emojis) to express reactions to communications made by other Board members. (Government Code 54952.2)

Whenever a Board member uses a social media platform to communicate with the public about district business or Board activities, the Board member shall not block access to a member of the public based on the viewpoint expressed by that individual.

Board members may use electronic communications to discuss matters that do not pertain to district business, regardless of the number of Board members participating in the discussion.

Board members shall make every effort to ensure that their electronic communications conform to the same standards and protocols established for other forms of communication. A Board member may respond, as appropriate, to an electronic communication received from a member of the community and should make clear that the response does not necessarily reflect the views of the Board as a whole. Any complaint or request for information should be forwarded to the Superintendent in accordance with Board bylaws and protocols so that the issue may receive proper consideration and be handled through the appropriate district process. As appropriate, communication received from the media shall be forwarded to the designated district spokesperson.

To the extent possible, electronic communications regarding any district-related business shall be transmitted through a district-provided device or account. When any such communication is transmitted through a Board member's personal device or account, the Board member shall copy the communication to a district electronic storage device for easy retrieval.

## **Fresno Unified School District Board Bylaw (BB) 9223**

### **Filling Vacancies**

#### **Events Causing a Vacancy**

A vacancy on the Governing Board may occur for any of the following events:

1. The death of an incumbent. (Government Code 1770)
2. The adjudication pursuant to a quo warranto proceeding declaring that an incumbent is physically or mentally incapacitated due to disease, illness, or accident and that there is reasonable cause to believe that the incumbent will not be able to perform the duties of their office for the remainder of their term. (Government Code 1770)
3. A Board members resignation. (Government Code 1770)

A vacancy resulting from resignation occurs when the written resignation is filed with the County Superintendent of Schools having jurisdiction over the district, except where a deferred effective date is specified in the resignation so filed, in which case the resignation shall become operative on that date. A Board member may not defer the effective date of their resignation for more than 60 days after they file the resignation with the County Superintendent. Upon being filed with the County Superintendent, a written resignation, whether specifying a deferred effective date or otherwise, shall be irrevocable. (Education Code 5090, 5091)

A Board member may not defer the effective date of their resignation for more than 60 days after they file the resignation with the County Superintendent.

4. A Board members removal from office, including recall. (Government Code 1770; Elections Code 11384)
5. A Board members ceasing to be a resident of the district. (Government Code 1770)

A vacancy on the Board also occurs when a Board member ceases to inhabit the trustee area which they represent on the Board. (58 Ops.Cal.Atty.Gen. 888 (1975))

6. Board member's absence from the state for more than 60 days, except in the following situations: (Government Code 1064, 1770)
  - a. Upon district business with the approval of the Board
  - b. With the consent of the Board for an additional period not to exceed a total absence of 90 days

In the case of illness or other urgent necessity involving the Board member, or the Board member's spouse, child or parent, as defined by Family Medical Leave Act, and upon a proper showing thereof, the time limited for absence from the state may be extended by the Board.

- c. For federal military deployment, not to exceed an absence of a total of six months, as a member of the armed forces of the United States or the California National Guard

If the absence of the Board member for this purpose exceeds six months, the Board may approve an additional six-month absence upon a showing that there is a reasonable expectation that the member will return within the second six-month period, and the Board may appoint an interim member to serve in their absence. If two or more members of the Board are absent by reason of these circumstances, and

those absences result in the inability to establish a quorum at a regular meeting, the Board may immediately appoint one or more interim members, as necessary to enable the Board to conduct business and discharge its responsibilities.

The term of an interim member appointed in these circumstances shall not extend beyond the return of the absent Board member or beyond the next regularly scheduled election for that office, whichever occurs first.

7. A Board member's ceasing to discharge the duties of their office for the period of three consecutive months, except when prevented by illness, involving the Board member, or the Board member's spouse, child or parent, as defined by the Family Medical Leave Act, or when absent from the state with the permission required by law. (Government Code 1770)

8. A Board member's conviction of a felony or any offense involving a violation of their official duties or conviction of a designated crime resulting in a forfeiture of office (Government Code 1770, 3000-3003)

9. A Board member's refusal or neglect to file their required oath within the time prescribed. (Government Code 1770)

*(cf. 9224 - Oath or Affirmation)*

10. The decision of a competent tribunal declaring void a Board member's election or appointment. (Government Code 1770)

11. A Board member's commitment to a hospital or sanitarium as a drug addict, dipsomaniac, inebriate, or stimulant addict by a court of competent jurisdiction, in which case the office shall not be deemed vacant until the order of commitment has become final (Government Code 1770)

12. A "failure to elect" in which no candidate or an insufficient number of candidates have filed to run for a Board seat(s) (Education Code 5090, 5326, 5328)

### Timelines for Filling a Vacancy

When a vacancy occurs, the Board shall take the following action, as appropriate:

1. When a vacancy occurs within four months of the end of a Board member's term, the Board shall take no action. (Education Code 5093)

~~2. When a vacancy occurs longer than four months before the end of a Board member's term, the Board shall, within 60 days of the date of the vacancy or the filing of the member's deferred resignation, either order an election or make a provisional appointment, unless a special election is mandated as described in item #3 below. (Education Code 5091)~~

~~3.~~ 2. When a vacancy occurs from six months to 130 days before a regularly scheduled Board election at which the position is not scheduled to be filled, a special election to fill the position shall be consolidated with the regular election. The person so elected shall take office at the first regularly scheduled Board meeting following the certification of the election and shall serve only until the end of the term of the position which the person their was elected to fill. (Education Code 5093)

**4. When a vacancy occurs outside of the statutory time windows identified in Items #1 and #2 above, the Board shall, within 60 days of the date of the vacancy or the filing of the member's deferred resignation, either order an election or make a provisional appointment. (Education Code 5091, 5093)**

### Eligibility

In order to be appointed or elected to fill a vacancy on the Board, a person must meet the eligibility requirements specified in Education Code 35107, as described in BB 9220 - Governing Board Elections.

*(cf. 9220 - Governing Board Elections)*

### Provisional Appointments

When authorized by law to make a provisional appointment to fill a vacancy on the Board, the Board shall advertise in the local media to solicit candidate applications or nominations. A committee consisting of less than a quorum of the Board shall ensure that applicants are eligible for Board membership and announce the names of the eligible candidates. The Board shall interview the candidates at a public meeting, accept oral or written public input, and select the provisional appointee by a majority vote.

*(cf. 9130 - Board Committees)*

*(cf. 9323.2 - Actions by the Board)*

**If within 30 days of the Board's appointment, registered voters of the district or, where elections are by trustee areas, of the trustee area submit a petition for special election which the County Superintendent determines to be legally sufficient, the provisional appointment is terminated, and a special election shall be held in accordance with Education Code 5091 to fill the vacancy.**

### Appointment Due to Failure to Elect

When a vacancy occurs because no candidate or an insufficient number of candidates have been nominated (i.e., a failure to elect) and a district election will not be held, the Board shall appoint a qualified person to the office. This appointment shall be made at a meeting prior to the day fixed for the election and the appointee shall be seated at the organizational meeting as if elected at the district

election. (Education Code 5328)

(cf. 9100 - Organization)

When an appointment is being made because of a failure to elect, the district shall publish a notice once in a newspaper of general circulation published in the district, or if no such newspaper exists, in a newspaper having general circulation within the district. This notice shall state that the Board intends to make an appointment and shall inform persons of the procedure available for applying for the appointment. (Education Code 5328.5)

The procedure for selecting and interviewing candidates shall be the same as the procedures for "Provisional Appointments," as specified above.
